20 316	Fargo	47723	Fargo DTC4500 Single-Side Lam Module	The Fargo 47723 DTC4500 single-sided lamination module is a great option to protect against counterfeiters and everyday 'wear and tear.' With the Fargo DTC4500 lamination module feature, you are better able to protect your cards from forgery, tampering and physical wear. Overlaminates add a layer of visual security to your cards, making it more difficult for counterfeiters to duplicate. They also add up to 5 times the durability by reducing swipe abrasion and dye migration in addition to shielding the images on your card from UV light. Take advantage of the easy field installation! Laminates can be purchased in clear and standard or custom holographics. Have questions about this product? Just ask your personal Account Manager. Call (800) 321-4405 x2 or visit www.IDWholesaler.com .	\$2,392.95	US

20 316	Magicard	3652-0001	Magicard RioPro Printer - SS - 3652-0001	The Magicard 3652-0001 Rio Pro single-sided printer is built for professionals and made with high quality materials. Its superior print quality is enhanced with the patented HoloKote watermark feature. The 3652-0001 printer has a standard USB and ethernet connectivity and is backed by an industry-leading 3-year warranty. Its printer driver supports Microsoft Windows, making it easy to install and use. The Magicard Rio Pro printer's 100-card capacity input hopper & 70-card stacker provides worry-free, continuous batch printing. Magicard's HoloKote feature allows you to print a watermark during the normal printing cycle. The HoloKote watermark can easily be enabled or disabled in your printer driver and can be customized to meet your business's security needs. Have questions about this product? 20 316	Magicard	CK1	Magicard Cleaning Kit - CK1	Magicard Cleaning Kit Kit includes: 5 -T cards 1 - cleaning pen For use with Magicard Opera, Alto and Tempo card printers Cleaning your printer is one of the easiest things that can be done to help maintain optimal printing functionality. Cards carry dust and other tiny debris with them through the printer's internal print path. Dust and debris can potentially degrade your image quality and damage your printhead or other critical parts of your card printer. With routine cleanings and replacement of cleaning rollers, you can expect optimal image quality and a longer life for your card printer. Magicard recommends cleaning the Opera, Alto and Tempo card printers with a cleaning card each time you replace the ribbon. The cleaning pen is for cleaning the printhead as necessary.	\$10.53	US

20 316	Zebra	105912-002	Zebra Cleaning Cartridge - 105912-002	Zebra Eltron Cleaning Cartridge Cleaning your printer is one of the easiest things that can be done to help maintain optimal printing functionality. Cards carry dust and other tiny debris with them through the printer's internal print path. Dust and debris can potentially degrade your image quality and damage your printhead or other critical parts of your card printer. With routine cleanings and replacement of cleaning rollers, you can expect optimal image quality and a longer life for your card printer. For use with all Zebra P310, P310i, P320, P420, P420i, P520 and P520i card printers. Note: Does not come with cleaning rollers. If you need the actual cleaning rollers - see P300, P400 and P500 cleaning rollers.	\$63.89	US

20 316	Zebra	105999-804	Zebra Cleaning Kit - 105999-804	The Zebra 105999-804 cleaning card kit is specifically designed for the Zebra ZXP Series 8 retransfer ID card printer. Cleaning your printer is one of the easiest things that can be done to help maintain optimal printing functionality. Cards carry dust and other tiny debris with them through the printer's internal print path. Dust and debris can potentially degrade your image quality and damage your printhead or other critical parts of your card printer. With routine cleanings, you can expect optimal image quality and a longer life for your card printer. Includes 12 X, Y laminator and adhesive cleaning cards and 3 hot roller cleaning cards. For up to 60,000 prints/card.	\$114.10	US
20 316	Zebra	800012-141	Zebra YMC Color Ribbon - 800012-141	Zebra 800012-141 Color Ribbon, 3 Panel, YMC Ribbon. 800 prints.	\$191.44	US
20 316	Zebra	800012-601	Zebra Retransfer Film - 800012-601	Zebra 800012-601 iSeries retransfer film is required for printing cards with Zebra ZXP Series 8 printers. Retransfer printers print your card images onto the underside of the 800012-601 retransfer film, which is then applied to the surface of the card. The Zebra 800012-601 retransfer film printer up to 1,250 single-sided prints when used in combination with a color ribbon. For use with the Zebra ZXP Series 8 ID card printers. << Have questions about this product? Just ask an ID Wholesaler advisor at (800) 321-4405 x2. Our experienced, knowledgeable in-house sales and technical support teams are happy to answer your questions, both before and after you do business with us. 20 316	Zebra	800012-901	Zebra Black Ribbon - 800012-901	Zebra 800012-901 Black Monochrome Ribbons are for use with the Zebra ZXP retransfer ID card printer. Monochrome ribbons are primarily used for printing text and one-color line art on one or both sides of a card. Includes cleaning roller. 2,500 prints.	\$114.86	US
20 316	Zebra	800012-942	Zebra YMCKI Color Ribbon - 800012-942	Zebra 800012-942 YMCKI color ribbons are for use with the Zebra ZXP retransfer ID card printer. Zebra 800012-942 YMCKI ribbons consist of yellow (Y), magenta (M) and cyan (C) panels for printing a full spectrum of colors by combining the colors using varying degrees of heat, along with the black resin (K) panel and inhibitor (I) panel. Zebra 800012-942 YMCKI ribbons are for either single or dual-sided printing. The YMC panels are used to print on the front of the card, while the black resin (K) panel and the inhibitor (I) panel can be used on either the front or back of the card. The I panel allows cards with surface foils (front of card), or signature panels (back of card) to be printed on by preventing the retransfer film from adhering to those areas. The main use of the I panel is when printing on cards that have a signature panel, since the film would make it difficult to write on.	\$191.44	US
20 316	Zebra	800012-944	Zebra YMCKII Color Ribbon - 800012-944	Zebra 800012-944 Color Ribbon, 6 Panel, YMCKII Ribbon w/ 2 black resin (K) panels and 1 inhibitor (I) panel. 415 prints.	\$168.46	US

20 316	Zebra	800015-800	Zebra Cleaning Tape - 800015-800	Zebra Card Cleaner Tape Roll Cleaning your printer is one of the easiest things that can be done to help maintain optimal printing functionality. Cards carry dust and other tiny debris with them through the printer's internal print path. Dust and debris can potentially degrade your image quality and damage your printhead or other critical parts of your card printer. With routine cleanings, you can expect optimal image quality and a longer life for your card printer. For use with P620 Zebra card printers.	\$13.40	US
20 316	Zebra	800015-802	Zebra Cleaning Cartridge - 800015-802	Cleaning your printer with the Zebra 800015-802 cleaning cartridge is one of the easiest things that can be done to help maintain optimal printing functionality. Cards carry dust and other tiny debris with them through the printer's internal print path. Dust and debris can potentially degrade our image quality and damage your printhead or other critical parts of your card printer. With routine cleanings and replacement of cleaning rollers, you can expect optimal image quality and a longer life for your card printer. Cleans up to 3000 cards. For use with Zebra P630i and P640i card printers. << Have questions about this product? Just ask an ID Wholesaler advisor at (800) 321-4405 x2. 20 316	CPI	80-013-GQ-WH	CR80 13 Mil Graphic Quality PVC Cards	CR80.013 (0.013 Mil) 100% PVC cards come in ten shrink-wrapped packs of 100 for a total of 1000 cards. CR80 13 mil cards feed more consistently than 0.10 mil cards in most card printers, but are thinner than the standard 30 mil cards. These CR8013 cards are made from 100% PVC and are ideal for printing coupon cards, business cards, and loyalty cards. Measuring 3.375" x 2.125" (85.6 mm x 54 mm), these cards are the same size as a standard credit card. Caution: 13 mil cards may not feed into every card printer. Please check your printer specifications. << Have questions about this product? Just ask an ID Wholesaler advisor at (800) 321-4405 x2. 20 316	Polaroid	076734700	Polaroid Cleaning Rollers - P75 & P100	The Polaroid 076734700 cleaning rollers include 5 cleaning rollers per pack. Cleaning your printer with Polaroid 076734700 cleaning rollers is one of the easiest things that can be done to help maintain optimal printing functionality. Cards carry dust and other tiny debris with them through the printer's internal print path. Dust and debris can potentially degrade your image quality and damage your printhead or other critical parts of your card printer. With routine use of cleaning rollers, you can expect optimal image quality and a longer life for your card printer. For use with Polaroid P75 and P100 series card printers. << Have questions about this product? Just ask an ID Wholesaler advisor at (800) 321-4405 x2.
