The Service Contract Act (SCA) is applicable to this contract as it applies to the entire MAS and all services provided. While no specific labor categories have been identified, this contract still maintains the provisions and protections for SCA eligible labor categories. The SCA compliance will be determined by Task Order Contracting Officer. The prices offered are based on the preponderance of where work is performed and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly.
