HUD-VASH -- is a program to place and maintain homeless veterans in permanent, community-based housing using HUD Section 8 Housing Choice Vouchers that are paired with ongoing VA case management. Many of these veterans have co-morbid conditions that include serious mental illnesses, substance abuse disorders, and/or other serious medical conditions. Goal is to provide housing placement services and on-going case management to referred veterans and their families. Primary target populations include chronically homeless, chronically mentally ill veterans; veteran families with minor children; and returning Iraq and Afghanistan veterans. Veterans must meet program eligibility requirements. Veterans are admitted to the program based on demonstrated need for ongoing case management due to mental health, substance abuse, medical and/or other co-occurring serious psychosocial issues.
