A. CONTRACTOR INFORMATION

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

The attached file contains our awarded special items with applicable descriptions and prices.

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.

Each item price is based on a unit of one.

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item.

Not applicable.

2. Maximum order for all SINs 760-1, 760-2 and 760-6 is:

The LexisNexis services are available 24 hours a day, 7 days a week.

- 24a. Special attributes such as environmental attributes (e.g. recycled content, energy efficiency, and/or reduced pollutants).

LexisNexis meets all the environmental regulations required for their services.

LexisNexis and its affiliates have a direct impact on the environment, principally through the use of energy and water, the generation of waste, business travel, paper use, transportation, and print and

production technologies. We are committed to actively reducing our environmental impact by limiting resource use and by efficiently employing sustainable materials and technologies. Examples include: partnering with a charity to retrofit old IT equipment for education use, recycling about 288,000 pounds of post-consumer paper annually, and earning recognition as one of the “Best Workplaces for Commuters” by the U.S. Environmental Protection Agency and the U.S. Dept. of Transportation in 2006 due to our Alternative Work Solutions program.

LexisNexis strives for the following environmental reductions: 10% in energy and water consumption by 2008 on a 2003 baseline, 2% in transportation emissions by 2009 on a 2004 baseline, 50% of waste recycled in the UK by 2009, and a 10% reduction in total CO2 emissions by 2010 on a 2003 baseline.

24b. If applicable, indicate that Section 508 compliance information is available on Electronic Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor’s website or other location). THE EIT standards can be found at: www.Section508.gov.

LexisNexis is committed to making its products and services accessible to people with disabilities and, as such, is committed to providing accessibility under the standards of Section 508. As part of its ongoing commitment, in 2003 LexisNexis commissioned the University of Dayton Research Institute (UDRI) to perform independent audits of several LexisNexis products, including lexis.com, and has implemented many of the recommended changes to its products. In 2008, LexisNexis is taking its commitment to Section 508 compliance further, and is bringing its accessibility standards and testing in-house. Accessibility standards will be incorporated into our ongoing product development process and all new product releases will be tested against them. Voluntary Product Accessibility Templates (VPAT) for our products are available upon request.
