## **CUSTOMER INFORMATION**

Maximum Order: SIN 58.1 Recording & Reporting Video & Audio Equipment – \$50,000  
SIN 58.2 Monitors & Monitors / Receivers – \$50,000  
SIN 58.3 Television Cameras, Color or Monochrome – \$100,000  
SIN 58.4 Audio Equipment – \$50,000  
SIN 58.7 Ancillary Services – \$1,000  
SIN 58.8 Professional Audio / Video Assessment, Design, Integration – \$500,000  
SIN 58.9 Professional Audio / Video Production & Graphic Design Services – \$500,000

Minimum Order: \$25

Payment: Net 30 Days

Delivery: Shall be made within 90 Days ARO. Schedule customer may contact the Contractor for rates for overnight and 2-day delivery.

FOB Point: Origin

Warranty: Standard Manufacturer Warranty

Basic Discount: All prices are GSA net price

Quantity Discounts: N/A

Federal ID #: 522066133

DUNS #: 967114869

CAGE Code: 1TZB8

Government Purchase Cards are accepted at or below the micro-purchase threshold (\$2,500.00).  
Government Purchase Cards are acceptable for payments above the micro-purchase threshold.

GSA Schedule 58 / Contract Holder: GS-03F-0002T

FEATURED MANUFACTURERS

PLEASE CALL OR E-MAIL FOR PRICING ON EQUIPMENT FROM THE FOLLOWING MANUFACTURERS:

 <p><b>ANALOG WAY</b> Analog Way (Video Processing and Distribution)</p>	 <p><b>Architectural Acoustics</b> (Sound Reinforcement, Speakers, Amplifiers, Audio Accessories)</p>	 <p><b>Atlas Sound</b> (Wall Mounts, Ceiling Speakers, Amplifiers, Audio Accessories)</p>
 <p><b>Audix</b> (Microphones)</p>	 <p><b>AV Toolbox</b> (Switchers, Scalers, and Converters)</p>	 <p><b>Aztec Security</b> (Equipment, Security, and Devices)</p>
 <p><b>Bag End Loudspeakers</b> (Speakers and Sound Reinforcement)</p>	 <p><b>Biamp</b> (Audio DSPs and Mixer / Amplifiers)</p>	 <p><b>Chief Manufacturing</b> (Custom Projector &amp; LCD Mounting Systems)</p>
 <p><b>Clock Audio</b> (Microphones)</p>	 <p><b>Contemporary Research</b> (CATV, HDTV Tuners)</p>	 <p><b>Crest Audio</b> (Amplifiers)</p>
 <p><b>Crestron</b> (Touchscreens and Integrated Control Systems)</p>	 <p><b>Da-Lite</b> (Projection Screens)</p>	 <p><b>Digital Projection</b> (Projectors, Lenses, Lamps)</p>
 <p><b>Draper</b> (Projection Screens)</p>	 <p><b>Exhibio</b> (Digital Signage)</p>	 <p><b>Furman</b> (Power Conditioners and Sequencers)</p>

GSA Schedule 58 / Contract Holder: GS-03F-0002T

**FEATURED MANUFACTURERS**

PLEASE CALL OR E-MAIL FOR PRICING ON EQUIPMENT FROM THE FOLLOWING MANUFACTURERS:

 <p><b>Intelix</b> (AV Distribution, DSP, and Mixers)</p>	 <p><b>Kramer Electronics</b> (Video Processing and Distribution)</p>	 <p><b>KSI</b> (Lecterns, Credenzas, and Presentation Furniture)</p>
 <p><b>Lab Gruppen</b> (Sound Reinforcement, Amplifiers)</p>	 <p><b>Listen</b> (Assisted Listening Devices)</p>	 <p><b>Martin Audio</b> (Line Array, Speakers)</p>
 <p><b>Media Matrix</b> (Audio Video Processing and Distribution)</p>	 <p><b>Middle Atlantic</b> (Rack Equipment)</p>	 <p><b>QSC</b> (Amplifiers, Network Audio Systems, Speakers)</p>
 <p><b>RCF</b> (Sound Reinforcement, Speakers, Amplifiers)</p>	 <p><b>Sennheiser</b> (Microphones and Headphones)</p>	 <p><b>Stewart Audio</b> (Small Form Factor Audio Amplifiers)</p>
 <p><b>Symmetrix</b> (Audio DSPs)</p>	 <p><b>Tannoy</b> (Sound Reinforcement, Speakers, Amplifiers)</p>	 <p><b>Tascam</b> (CD / DVD Players and Duplicators)</p>
 <p><b>TV One</b> (Switchers, AV Distribution, Splitters, Converters)</p>	 <p><b>Vaddio</b> (Camera Control Systems &amp; Videoconferencing, Presentation Cameras)</p>	 <p><b>Whirlwind</b> (Cables, Audio Processing &amp; Distribution Equipment)</p>

### **LABOR RATES - HOURLY**

<b>LABOR CATEGORY</b>	<b>BURDENED RATE</b>
Engineer	\$90.00
Programmer	\$90.00
Graphic Designer	\$90.00
Project Manager	\$90.00
Installation Technician	\$52.00
Fabrication Technician	\$52.00

## **JOB DESCRIPTIONS**

### **ENGINEER - \$90.00 PER HOUR**

#### **Duties & Responsibilities**

1. Review and approve system designs and bills of materials
2. Perform site surveys as needed
3. Develop necessary CAD drawings
4. Provide engineering support during installation
5. Establish and maintain installation standards and policies
6. Provide assistance with technical design and pricing for proposals as needed
7. Assist with labor estimates as needed
8. Develop and write custom operation manuals

#### **Qualifications**

1. Bachelors degree in audio, video, or electrical engineering
2. 3-5 years minimum industry experience
3. Proficient in CAD
4. Detail oriented and able to follow-through on lengthy projects
5. Basic knowledge of control system programming
6. Thorough understanding of current audio-video equipment and integration techniques
7. CTS certification preferred

### **PROGRAMMER - \$90.00 PER HOUR**

#### **Duties and Responsibilities**

1. Review and approve control system functional requirements
2. Interact with Graphic Designer to achieve necessary screen layouts
3. Perform custom programming for audio-video control systems
4. Provide debugging and support of control system programming

#### **Qualifications**

1. Bachelors degree in audio, video, or electrical engineering
2. Proficient in control system programming languages
3. Detail oriented and able to troubleshoot technical problems
4. Thorough understanding of current audio-video equipment and integration techniques
5. CTS certification preferred

## **JOB DESCRIPTIONS**

### **GRAPHIC DESIGNER - \$90.00 PER HOUR**

#### **Duties and Responsibilities**

1. Produce original designs, layouts, graphics, and illustrations to support the client
2. Create design concepts, specifications, and final graphics and layouts for projects
3. Collaborate with the system programmer to develop the look and feel of touch panel functionality
4. Accountable for the execution of the technical functionality of all media

#### **Qualifications**

1. Bachelors degree in graphic design or related field
2. Proficient in Adobe Illustrator, InDesign, Photoshop, Dreamweaver MX, Flash MX, Microsoft Excel, Word, PowerPoint and QuarkXPress
3. Strong Macintosh skills
4. Knowledgeable in conceptual design and layouts
5. Experience in HTML and graphic creation for web media

### **PROJECT MANAGER - \$90.00 PER HOUR**

#### **Duties and Responsibilities**

1. Perform site surveys as needed
2. Assist with labor estimates as needed
3. Develop installation schedule
4. Coordinate and monitor labor expenditures
5. Manage contract throughout installation process

#### **Qualifications**

1. Formal education in engineering or management
2. 3-5 years minimum construction experience
3. Basic understanding of current audio-video equipment and integration techniques
4. Proficient in reading and interpreting electronic schematics and architectural blueprints
5. Detail oriented and able to follow-through on lengthy projects
6. CTS certification preferred

## **JOB DESCRIPTIONS**

### **INSTALLATION TECHNICIAN—\$52.00 PER HOUR**

#### **Duties and Responsibilities**

1. Perform field installation tasks including but not limited to: pulling and terminating cable, mounting and rigging loudspeakers, projectors, and screens

#### **Qualifications**

1. Formal education in audio-video technology preferred
2. 1-3 years minimum construction experience
3. Able to read and interpret electronic schematics and architectural blue prints
4. Detail oriented
5. Proficient in the use of hand and power tools
6. Able to lift 75 lbs.

### **FABRICATION TECHNICIAN—\$52.00 PER HOUR**

#### **Duties and Responsibilities**

1. Perform in-lab equipment rack fabrication, including installation and termination of all equipment mounted in equipment racks

#### **Qualifications**

1. Formal education in audio-video technology preferred
2. 1-3 years minimum construction experience
3. Able to read and interpret electronic schematics and architectural blue prints
4. Detail oriented
5. Proficient in the use of hand and power tools
6. Able to lift 75 lbs.

## COMPANY BACKGROUND

### Introduction to Design & Integration

Founded in 1996 by Jake Rivera, Design & Integration (DI) is an audio-visual contracting firm located in Baltimore, Maryland. We offer our clients audiovisual system designs, installations, control system programming, service and maintenance, and graphic design. The hallmark of our success to date is our solid workflow infrastructure, excellent installation and engineering standards, and the personal attention that we extend to all of our customers.

As a team of highly talented people, we work closely with our clients to define their needs and establish a project budget. Once under contract, our team follows a cooperatively developed project schedule to minimize headaches and install systems in a timely manner.

Since our inception, DI has enjoyed over fourteen years of continual growth, which we attribute to client satisfaction. We work primarily in the Baltimore / Washington area, but have taken projects all over the United States. DI has been very successful in marketing to the following areas: Corporate, Government, Education, Entertainment, Museums, and Houses of Worship. DI seeks to recognize these markets and employ thoughtful strategies of approach as we expand our existing client base. DI builds strong relationships with all of our clients. Whether they are past, present, or future clients, they know they can get premium service at a competitive price with DI. We are proud to stand by our work and feel that our character, honesty and sensibility have helped set us apart from the rest.

### Services

Design & Integration has established itself as a high-quality audiovisual integrator. We handle every project with the same degree of excellence, whether it is a single conference room or an entire performing arts center. Our projects pair quality products with competent people in order to produce successful installations. DI's highly trained engineering department is capable of integrating today's ever-changing AV equipment into a wide array of facilities. Unlike most companies, we provide in-house programming and an experienced graphics team. DI employees Crestron programmers who work with the graphic artists to produce aesthetically pleasing and user friendly touch panels to control an audiovisual system. We have also developed relationships with many leading AV manufacturers in order to provide the best solutions to each AV challenge. DI's attention to the client's needs does not end with the installation. After a project is complete, we provide client training and continued customer service. Our goal is to develop long term relationships with each of our clients.

### CONTACT INFORMATION
