## COMPANY OVERVIEW

Presentation Planning, Inc. provides comprehensive consulting and support services for the execution of audio, video, audiovisual, interactive, and other electronic systems and their related components. The philosophy of the company is to provide a system design that supports the objectives of the customer, serves to complement the environment in which it is located, and meets the design, budget, and scheduling criteria that have been developed for it.

Presentation Planning, Inc. provides specific assistance in the areas of:

- X System Master Planning
- X Feasibility Analyses
- X System Concept Design
- X Coordination assistance with the Architect, Engineer, Exhibit Designer, et al.
- X Budget Development
- X Scheduling and Planning
- X Equipment Specification
- X Development of System Flow Drawings and Related Documents
- X Project Implementation Supervision
- X Acceptance Testing
- X Documentation
- X Training

Personnel at Presentation Planning, Inc. include a multi-disciplinary team of an engineer and a project manager that are capable of providing technical support on large, complex projects.

While all the projects are unique, they share the common threads of being responsive to their customers' needs, delivered on time and within the budget, and compliant with operational parameters set for them.
