DOG TAG MACHINES/  
CARD EMBossERS

SUPPLY DEpot Milspec™
The M10™ is the entry level metal plate embossing system from CIM. It is the ideal low cost alternative for users who frequently need to personalize small quantities of metal plates as well as military ID-tags (Dog Tags) and cable tags, hose tags, etc. Its portability makes it particularly suited for field operation. It comes equipped with 60 character drum and single character spacing rack. Automatic interspacing, free format on whole plate. Return key for corrections.

The ultimate solution for embossing dog tags and medical warning tags. Perfect for on base or in the field. Built-in carry handle and rugged metal casing makes deploying a piece of cake. No big, cumbersome case to protect the ME550 is needed. It is made of metal to stamp metal. Built-in keyboard means no more broken keyboards or connectors. Quick Change input cassettes makes the switch between dog tags and medical warning tags a snap. This rugged, reliable, combat-proven machine is completely self-contained. Super fast - 150 tags an hour. Designed and built by CIM, the #1 supplier of dog tag machines to the U.S. Military. In Iraq? In Afghanistan? No worry. Universal switching power supply 100-240 volts; 50 or 60 hz.
