Stone Network is a national provider of medical transcription services. We focus 100% of our time and effort on medical transcription – that is all we do. Stone is located in Chalfont, PA and uses the newest technology on major transcription platforms. We operate in the most secure data environment available and all transcription is performed in the United States. Stone has industry leading data, security and production redundancy. Stone complies with all the requirements of the small Disadvantaged Business concern. Stone has experience transcribing all work types and is comfortable with projects of all sizes – from large hospitals to small clinics and everything in between. Stone is compliant with all HIPAA (Health Insurance Portability and Accountability Act of 1996) standards. We have a tested approach to providing successful transcription services. We apply technology to achieve maximum efficiency, cost containment and effectiveness. In addition, we manage our operations with the goal of uninterrupted service to dictators and uninterrupted workflow. Our management has over 95 years of combined medical transcription experience. Our business procedures have been tested and refined and we constantly strive to improve them for the benefit of our customers. Our methodology for implementing new requirements for an account includes a detailed project plan, regular communication, with the client to verify performance specifications, and continuous measurement of our performance to track our service levels. Prices shown herein are net (discount deducted).
