These services include comprehensive management support for projects covering design, reconfiguration, relocation, and re-sizing of office spaces and similar facilities. BOX Studios partners with our customer’s organization to manage the projects to meet the end-user’s requirements.

Examples of project management include, but are not limited to:

- Developing project management plans and implementation strategies.
- Developing, managing, and coordinating project phasing.
- Identifying significant issues related to the project.
- Assisting in the preparation of budget requirements for the design, acquisition, delivery, and installation of furnishings and equipment.
- Managing the interior design process.
- Ensuring compliance with applicable codes and regulations.
- Overseeing deliveries and installations to ensure adherence to scope of work, installation standards, and accurate placement of furniture according to plan.
- Managing logistics of interior renovations and furniture installation.
- Determining feasibility by space forecasting and building analyses.
SIN 712-3 Reconfiguration, Relocation, and Installation

These services include those required for reconfiguration or consolidation of existing facilities and the opening of new facilities. Moving services under this SIN are intended to be part of a total project solution that includes the purchase of new furniture. We maximize cost efficiency and prioritize minimum business disruption. Examples include:

- Development of reconfiguration / relocation plans and schedules.
- Coordination of reconfiguration / relocation plans and schedules with service providers.
- Development of furniture, furnishings, and equipment inventories.
- Oversight of furniture, furnishings, and equipment installations or reconfigurations.
- Deployment of employee transition guides and handbooks.
- Verification of critical field dimensions before installation.
- Installation, moving, disassembly and / or assembly of furniture and furnishings.
- Temporary and long term warehousing for product ensuring proper accountability.
SIN 712-4 Furniture Design & Layout

Services cover complete design, space planning, and interior consultation. Examples of design/layout services include:

- Evaluating the client’s overall office space and furniture requirements, existing inventory, space standards, functional office environment, workflow, and special space or electrical/data requirements.
- Formulating design solutions.
- Developing detailed plans based on the service provider’s evaluation and proposed design solutions.
- Providing documentation in printed and electronic formats.
- Producing drawings and other documentation containing sufficient detail of design intent for use by all parties, such as electricians, furniture installers, etc.
- Developing furniture, furnishings, and equipment specifications.
- Coordinating and obtaining plan approval by the customer agency and its sub-component.
