Above prices are for normal business operating hours at the location of the work. Overtime work and work executed on weekends and holidays shall be invoices at 1-1/2 times the applicable standard rate.

Material and equipment required for the execution of contract work shall be procured by teaming arrangements with GSA-scheduled manufacturers and suppliers. Pricing shall be at or below the approved GSA schedule.

Where items are required which have no GSA-scheduled equivalent, such items will be procured from recognized industry providers for the execution of contract work. Pricing of such material shall be at 1.2 times the bare material cost (including freight and delivery) per Means CostWorks 2005 at the project location OR 1.2 times the actual acquisition price, whichever is lower.

Ancillary line items will be invoiced for direct project expenses to include, but not limited to, all required travel, lodging, per diem and similar project-specific expenses. These items will be invoiced at Cost.

This price list shall remain in effect for one year or until a subsequent price list shall be published by DATACRAFT, INC. and approved by the appropriate GSA Contract Officer.
