United Rentals is North America's largest equipment rental company, with the best resources to serve your needs:

A diversified network of locations - over 690 branches in 48 states, 10 Canadian provinces and Mexico.

The largest fleet of rental equipment in the industry - over 500,000 individual items.

More than 600 different types of equipment, from heavy equipment to hand tools, including aerial high reach equipment, traffic control equipment, trench safety equipment, industrial equipment, heavy machinery, special event equipment and homeowner equipment.

An advanced information technology network - all our branches are linked electronically, so you have access to every piece of equipment in our fleet. This increases the likelihood that you'll get exactly what you need, when you need it.

An experienced team of store managers, maintenance and delivery professionals and applications specialists dedicated to providing you with the right equipment, right now.

The strength of a well-developed support infrastructure - everything from a world-class safety department that can quickly and efficiently train your employees to use our equipment, to round-the-clock emergency assistance.

E-commerce capabilities that give you the flexibility to rent and buy equipment online.

We are dedicated to giving our customers the widest range of choices, the most extensive inventory of equipment, and outstanding service.
