C&C Group is a leading facility services provider for building automation, security, access control, fire safety and lighting control. By engineering and implementing open architecture applications and equipment, we provide our customers with integrated solutions to their building automation, security and fire safety needs.

CUSTOMER INFORMATION

1a. Special Item Numbers

SIN 561210SB Smart Buildings Systems Integrator - Includes the comprehensive integration of building systems and technology using a non-proprietary, open architecture. Typical building systems to be integrated include: building automation, telecommunications, security, energy and environmental control, HVAC, etc.

SIN 334290 Security and Detection Systems – Ancillary supplies and/or services are support supplies and/or services which are not within the scope of any other SIN on this schedule. These supplies and/or services are necessary to compliment a contractor's offerings to provide a solution to a customer requirement. This SIN may be used for orders and blanket purchase agreements that involve work or a project that is solely associated with the supplies and/or services purchased under this schedule. This SIN EXCLUDES purchases that are exclusively for supplies and/or services already available under another schedule.

SPECIAL INSTRUCTIONS: The work performed under this SIN shall be associated with existing SIN(s) that are part of this schedule. Ancillary supplies and/or services shall not be the primary purpose of the work ordered, but be integral part of the total solution offered. Ancillary supplies and/or services may only be ordered in conjunction with or in support of supplies or services purchased under another SIN(s) of the same schedule. Offeror may be required to provide additional information to support a determination that their proposed ancillary supplies and/or services are commercially offered in support of one or more SIN(s) under this schedule.

1b. **Lowest priced items.** See attached list.
