*Prices Shown Herein Are NET (Discounts Deducted)*

**CUSTOMER INFORMATION:**

1a. Table of awarded special item number(s):

**383 2 - Portable, Standby Backup, or Prime Generator(s)**  
**412 50 - Ancillary Services related to Power Distribution Equipment**

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price:

**383 2 - GTS100 Generac 100 Amp Transfer Switch - \$ 1,733.93**  
**412 50 – Generator Technician - \$ 95.00 per hour**

1c. Description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be:

**GENERATOR TECHNICIAN**

**Functional Responsibility:** Performs a variety of electrical trade functions such as the installation, maintenance, or repair of equipment for the generation, distribution, or utilization of electric energy. Work involves most of the following: installing or repairing equipment such as generators, transformers, switchboards, controllers, circuit breakers, motors, heating units, conduit systems, or other transmission equipment; working from blueprints, drawings, layouts, or other specifications, locating and diagnosing trouble in the electrical system or equipment, working standard computations relating to load requirements of wiring or electrical equipment, and using a variety of electrician's hand tools and measuring and testing instruments.

**Minimum Education and Years of Experience:** Education: High School Diploma or equivalent. Manufacturer offered Training & Certification requirements for various levels of equipment installation & repair must be achieved and maintained. All certifications are for two (2) years from the date of the technician's last successfully completed class. If a special update class is deemed necessary by the Service Training Department, the technician's certification is good for one year only. A technician MUST recertify to remain an active tech by completing another Generac Service Training class within the two (2) year time frame. The class may be the next one up in the hierarchy, the same class as the technician's previous rating; or the equivalent update class.  
Experience: Minimum 3 years.

2. Maximum order.
