CONTRACT OVERVIEW

GSA awarded Dedicated Micros, Inc. a GSA Federal Supply Schedule contract for Total Solutions for Law Enforcement, Security, Facilities Management, Fire, Rescue, Clothing, Marine Craft and Emergency/Disaster Response (LAW), Contract No. GS-07F-0130N. Dedicated Micros base period was completed on 11/30/ 2007. GSA has exercised option period one from 12/1/2007 - 11/30/2012 with two additional 5 year option periods remaining. The contract allows for the placement of Firm Fixed Price or Time and Materials task orders using the labor categories and ceiling rates defined in the contract.

CONTRACT USE

This contract is available for use by all federal government agencies, as a source for Total Solutions for Law Enforcement, Security, Facilities Management, Fire, Rescue, Clothing, Marine Craft and Emergency/Disaster Respons, for worldwide use. Executive agencies, other Federal agencies, mixed –ownership Government corporations, and the District of Columbia; government contractors authorized in writing by a Federal agency pursuant to 48 CFR 51.1; and other activities and organizations authorized by statute or regulation to use GSA as a source of supply may use this contract. Additionally, contractors are encouraged to accept orders received from activities within the Executive Branch of the Federal Government.

SPECIAL ITEM NUMBER (SIN) DESCRIPTIONS

SIN 246-42(1) / 246-42(1)RC: Facility Management Systems: Facility Management Systems including accessories and repair parts. Computerized systems for surveillance, monitoring, controlling signaling and reporting multiple functions. Security Functions, i.e., access control, fire detection, intrusion, etc.

SIN 246-50 / 246-50RC: Ancillary Services: Includes, but is not limited to: services necessary to install the system (from design through start-up), maintain the system (including maintenance agreements, which may not exceed the term of this contract), or training. Under no circumstance shall this include construction (Construction is defined as construction, alteration, or repair of buildings, structures, or other real property, as defined by Federal Acquisition Regulation 36.102).

Contractors may subcontract any ancillary services ordered under this Special Item Number, unless specifically prohibited by the contracting officer issuing the order against the Multiple Award Schedule contract. Contractors are responsible for insuring that the scope of work is completed and all warranties are honored. Subcontractors must be licensed and bonded. Compliance with all local laws, regulations, and ordinances are the responsibility of the prime contractor. The prime contractor shall accept full responsibility and liability for all work performed by subcontractors, at any level or tier. The Government reserves the right to apply liquidated damages whenever the required delivery date is not met. Contractors

are required to maintain insurance in accordance with Clause 52.228-5, Insurance – Work on a Government Installation. Agencies' Scope of Work will inform the Contractor of the required insurance amounts. Clause 52.228-5 is made part of this contract by reference. In addition, the contracting officer for the ordering agency may insert any agency unique requirements for the job, including employee suitability determination requirements (security checks), into the scope of work.

Agencies must fully define the scope of required serviced (including insurance amounts) and obtain price quotations from schedule contractors for that scope. Accurate definition of the scope is essential in order to facilitate realistic quotations. The Contracting Officer for the Ordering Agency shall be responsible for obtaining pricing information and the negotiation and award of the services required by the scope of work. The Contracting Officer for the Ordering Agency shall be responsible for determining the price is fair and reasonable. Agencies are responsible for all administration of orders issued under this SIN.

Contractor quotes shall detail all product items (with their respective prices) and one price for any services to be provided under this Special Item Number. The Agency will determine the best value to the Government based in the quotations received. Agency orders should detail any required services as a separate line item.

INSTRUCTIONS FOR PLACING ORDERS FOR SUPPLIES BASED ON GSA SCHEDULE FIXED PRICES

GSA provides a streamlined, efficient process for ordering the supplies you need. GSA has already determined that Dedicated Micros, Inc.'s prices are fair and reasonable. Agencies may use written orders; facsimile orders, credit card orders, blanket purchase agreement orders or individual purchase orders under this contract.

Orders under the Micro-Purchase Threshold

- You can place the order directly with the contractor for the item that best meets your needs.

Orders over the Micro-Purchase Threshold

As required by FAR 8.404, you are required to:

- Review the *GSA Advantage!* online shopping service.
- Then make a Best Value determination.

OR

- Review 3 Schedule contractors' pricelists.
- Select Best Value (considering price, plus administrative costs).
- Place the order directly with Schedule contractor of your choice.

Orders over the Maximum Order Threshold

- Follow the procedures for orders over the micro-purchase threshold.
- Review additional price lists or use the *GSA Advantage!* online shopping service.
- Seek price reductions from Schedule contractors that represent Best Value.
- Place your order with the Schedule contractor offering the Best Value.

REQUIREMENTS EXCEEDING THE MAXIMUM ORDER

In accordance with FAR 8.404, before placing an order that exceeds the maximum order threshold, ordering offices shall:

- Review additional schedule contractors' catalogs/price lists or use the "GSA Advantage!" on-line shopping service;
- Based upon the initial evaluation, generally seek price reductions from the schedule contractor(s) appearing to provide the best value (considering price and other factors); and
- After price reductions have been sought, place the order with the schedule contractor that provides the best value and results in the lowest overall cost alternative (see FAR 8.404(a)). If further price reductions are not offered, an order may still be placed, if the ordering office determines that it is appropriate.

Vendors may:

Offer a new lower price for this requirement (the Price Reduction clause is not applicable to orders placed over the maximum order in FAR 52.216-19 Order Limitations.)

- Offer the lowest price available under the contract; or
- Decline the order (orders must be returned in accordance with FAR 52.216-19).

A task order that exceeds the maximum order may be placed with the Contractor selected in accordance with FAR 8.404. The order will be placed under the contract.

Sales for orders that exceed the Maximum Order shall be reported in accordance with GSAR 552.238-74.

BLANKET PURCHASE AGREEMENT

Ordering activities may establish BPAs under any schedule contract to fill repetitive needs for supplies or services. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPAs and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). In determining how many BPAs to establish, consider:

- The scope and complexity of the requirement(s);
- The need to periodically compare multiple technical approaches or prices;
- The administrative costs of BPAs; and
- The technical qualifications of the schedule contractor(s).

Establishment of a single BPA, or multiple BPAs, shall be made using the same procedures outlined in 8.405-1 or 8.405-2. BPAs shall address the frequency of ordering, invoicing, discounts, requirements (*e.g.* estimated quantities, work to be performed), delivery locations, and time.

When establishing multiple BPAs, the ordering activity shall specify the procedures for placing orders under the BPAs.

Establishment of a multi-agency BPA against a Federal Supply Schedule contract is permitted if the multi-agency BPA identifies the participating agencies and their estimated requirements at the time the BPA is established.

Ordering from BPAs:

Single BPA. If the ordering activity establishes one BPA, authorized users may place the order directly under the established BPA when the need for the supply or service arises.

Multiple BPAs. If the ordering activity establishes multiple BPAs, before placing an order exceeding the micro-purchase threshold, the ordering activity shall:

- Forward the requirement, or statement of work and the evaluation criteria, to an appropriate number of BPA holders, as established in the BPA ordering procedures; and
- Evaluate the responses received, make a best value determination (see 8.404(d)), and place the order with the BPA holder that represents the best value.

BPAs for hourly rate services. If the BPA is for hourly rate services, the ordering activity shall develop a statement of work for requirements covered by the BPA. All orders under the BPA shall specify a price for the performance of the tasks identified in the statement of work.

Duration of BPAs. BPAs generally should not exceed five years in length, but may do so to meet program requirements. Contractors may be awarded BPAs that extend beyond the current term of their GSA Schedule contract, so long as there are option periods in their GSA Schedule contract that, if exercised, will cover the BPA's period of performance.

Review of BPAs:

The ordering activity that established the BPA shall review it at least once a year to determine whether:

- The schedule contract, upon which the BPA was established, is still in effect;
- The BPA still represents the best value (see 8.404(d)); and
- Estimated quantities/amounts have been exceeded and additional price reductions can be obtained.

The ordering activity shall document the results of its review.

DM/TRV1A120RM8	TransVu Multiplex DVR, 30PPS, 120GB, MPEG4 & Media Player		\$ 4,348.36
DM/TRV1A160/08	TransVu Multiplex DVR, 60PPS, 160GB, MPEG4		\$ 3,048.29
DM/TRV1A160H08	TransVu Multiplex DVR, 60PPS, 120GB, Heater, MPEG4		\$ 3,203.06
DM/TRV1A240/08	TransVu Multiplex DVR, 60PPS, 240GB, MPEG4		\$ 3,745.43
DM/TRV1A240H08	TransVu Multiplex DVR, 60PPS, 240GB, Heater, MPEG4		\$ 3,900.20

Accessories

Part Number	Description		GSA Price w/ 3/4% IFF
DM/CC01A	485 bus to RS 232 PC control		\$ 108.74
DM/CC01AW	Clock Module - sync unit time to PC		\$ 108.74
DM/CC0232A	converts 485 bus to RS 232 for fiber use		\$ 108.74
DM/CDY/040/TRV	40GB HDD and 2.5" drive caddy		\$ 372.89
DM/CDY/080/TRV	80GB HDD and 2.5" drive caddy		\$ 424.47
DM/CDY/120/TRV	120GB HDD and 2.5" drive caddy		\$ 687.85
DM/CDY/1T0	Hot-swappable hard drive caddies, 500GB each		\$ 1,372.74
DM/CDY/600	Hot-swappable hard drive caddies, 300GB each		\$ 1,008.02
DM/CDY/ENC	Replacement internal 2.5" outer drive caddy enclosure		\$ 225.90
DM/CI01/16	Remote Alarm Module - Provides 16 alarm inputs for Cbus machines		\$ 108.74
DM/CI02/16	Relay Output Module - Provides relay closure per activity camera		\$ 147.22
DM/CJ01	Junction Box - Converts MMJ cables to/from twisted pair for remote keyboards. Also to feed power to cbus accessories & keyboards		\$ 39.60
DM/CN01/TRV	Automotive multi-way connector		\$ 41.42
DM/CX02/16/16GB	Cbus Video Switcher - 16 inputs X 16 outputs Switchers Main and/or Spot Monitors for multiple cbus unit network		\$ 645.72
DM/IR01	infrared remote extender		\$ 43.34
DM/KBS3A	Digital Keyboard - NetVu		\$ 385.76
DM/LEDSB/TRV/E	TransVu LED status box English text		\$ 225.90
DM/MP01/TRV	Anti-vibration mounting base plate		\$ 33.54
DM/RC05	Infrared Remote Control		\$ 40.37
DM/SHK01/TRV	Anti-vibration rubber shocks (feet x4), nuts, washer & bolts kit		\$ 45.37
DM/TXTSRV2/ATM	ATM Interface Module		\$ 536.99
DM/USB2/VIEWER	USB Viewer, PC playback viewer hardware for use with BX2 CA caddies		\$ 807.49
SIDG	POS Interface Box		\$ 536.92
TVA/PS	USB/1394 Playback station with NetVu ObserVer		\$ 461.95

RAID

Part Number	Description	Storage *	GSA Price w/ 3/4% IFF
DM/RAID/R8/2T4	2.4 TB redundant external storage	180 Days	\$ 10,086.96
JBOD 1T	1TB external hard disk storage	100 Days	\$ 3,028.11
RAID R6 1T2	1.2TB redundant external storage	100 Days	\$ 6,318.65
<p>*Typical record times based on 6 PPS @ 18kb file size. **Data storage acronyms: JBOD = Just a bunch of Disks RAID = Redundant Array of Independent Disks</p>			

* Storage is calculated at 6pps with 18KB file size

Part Number	Description		GSA Price w/ 3/4% IFF
DM/PPW01	Pick-A-Point. IP Virtual Matrix. Pricing included PAP CPU, software, and CCTV keyboard		\$ 26,916.37
