A delivery order that exceeds the maximum order may be placed under the Schedule contract in accordance with FAR 8.404.

ABOUT SECUREALERT

SecureAlert, a Utah-based corporation, has specialized in patented, wireless, GPS location technologies and systems that focus on personal security, supervision and active GPS offender tracking/monitoring solutions. The company's offerings feature GPS products that were the first to utilize Global Positioning System (GPS) and cellular technologies in conjunction with a world-class, in-house monitoring center.

Through our on-going commitment to research and development, SecureAlert has been able to provide functional solutions that directly address the immediate issues of monitoring high risk offenders such as sex offenders, gang members, public interest/high notoriety cases and domestic violence and or other violent offenders. SecureAlert is also assisting over 350 agencies in 35 states with the larger underlying issues increasing officer productivity; streamlining workflow associated with an Offender Monitoring Program; and, most importantly, budgetary constraints.

SecureAlert's solutions continue to have a significant, positive impact for numerous agencies. Whether providing added accountability and cost savings of over \$100,000 in six months for Whitfield County Probation in Georgia; SecureAlert provides a measure of management for participants in various community corrections programs; for example, our solution allows the reintegration of juveniles into critical activities such as school that otherwise are restricted by curfews and house arrest. Clearly, our solutions provide tangible results that address the largest issues that face the corrections industry.

In an industry searching for more than just a hardware provider; SecureAlert is a true partner with our agencies in identifying and developing flexible solutions that address emerging trends in the ever changing Corrections arena.

GSA FEDERAL SUPPLY SCHEDULE PRICE LIST

Special Item Number 246 53, System Leasing Pricing for TrackerPal™

Quantity	Daily Rate (inclusive of IFF)
1 to 200	\$7.90
201 to 300	\$7.40
301 to 400	\$6.89
401 to 500	\$6.39
500 Plus	\$6.05

TrackerPal™ is a single piece active global positioning system (GPS) device that can track an individual 24 hours a day, 7 days a week via a GPS/GSM engine that records and transmits location data. This technology eliminates the need for a home monitoring unit or separate GPS tracking unit. TrackerPal™ also provides the only two-way voice communication driven by digital cellular technology. This added feature permits the supervising officer to speak directly to the offender at any time. TrackerPal™ meets ISO 9000 Certification Standards for quality control.

Housed in a nearly indestructible shell, each TrackerPAL™ device includes a tamper alarm, a tamper-resistant ankle strap, rechargeable/replaceable batteries and an automatic battery alarm system

SecureAlert maintains an in-house Monitoring Center that manages and records all incoming data from each TrackerPal™ device. This information allows immediate contact with the offender for corrective action and uploading of the violation to a secure website than can be accessed by the agency for review and comment.

In summary, the key features of TrackerPal™ are:

- Active Tracking
- GPRS/GSM Enabled
- 24/7 Offender Monitoring Center
- Set Restrictions (inclusion/exclusion areas)
- 24/7 Remote Access for law enforcement
- Tamper Resistant
- Two-Way Voice Communication
- Data Store and Forward
- Rechargeable/Replaceable Batteries

TrackerPal™ is in use over the entire United States by various law enforcement agencies.
