Security Officer Training

AGB Training Institute. AGB training is unprecedented, our guards go through rigors designed training which is required for all our officers prior to taking a shift, we call it the "AGB Way".

AGB offers our classes through our institute called the AGB Institute (www.agbinstitute.org). Our curriculum goes beyond the requirements outlined in state law. AGB Security Training provides additional in-depth instruction that you won't find at smaller security training companies. Our classes are taught in Chicago by NRA-trained instructors. Our trainers are certified to train law enforcement officers, as well as those at the federal level. The customized security training that we offer equals what you'll find at the largest national and international firms.

Certified Training Courses. AGB is certified by the state of Illinois Higher Board of Education (IHBE) to provide security training courses.

Two Levels of Training. Our security training certifications are designed for two levels of guarding: unarmed and armed. Security Officers must complete the unarmed training before they can take the armed training, which prepares you to carry and use a firearm. Below is the minimum training required by AGB security officers.

- 20 Hours- Unarmed Officers
- 40 Hours - Armed Officers

Refresher Training. AGB officers are required to complete a quarterly 8-hour refresher training.

Advanced Security Training. AGB also offers additional advanced courses in security to include the following:

- Active Shooter Preparedness
- Situational Awareness
- Workplace Violence
- Conflict Resolution

AGB Value Proposition to Federal Agencies

We realize Federal agencies have many choices when it comes to security guard services. AGB represents the next generation of physical security services. Our value proposition to the Federal government is summarized in the areas described below.

ISO 9001. The International Organization for Standardization (ISO) is the leader in establishing global quality standards with membership in 760 countries. ISO standards represent a global consensus of the state-of-the-art in their industry. AGB is one of the few security companies with an ISO 9007 certification. This certification provides a structured way to asset and plan for security and staffing for our Federal clients.

- Creates a more efficient, effective operation
- Increases customer satisfaction
- Improve employee retention
- Improve employee motivation, awareness, and morale
- Reduce waste and increase productivity
- Provide a common tool for standardization

Cultural Competency. Several recent controversial incidents across the United States have shaken the traditional trust communities have had with law enforcement/security agencies. AGB takes a pro-active approach by hiring officers who exhibit cross cultural skills and reflect the diversity of their communities. AGB exhibits cultural competency in the following areas:

- Diversity
- Language Skills
- Experience
- Licenses
- People Skills
Use of Force.
Several recent incidents have resulted in lawsuits against law enforcement/security agencies regarding use of excessive force. AGB provides our officers with training with de-escalation techniques to include:

- Reason for and what is De-escalation Verbal De-escalation techniques/tactics
- Non-physical skills used to potentially prevent a situation from escalating into a physical and/or deadly confrontation or injury
- Body Language. Determining character or personal qualities from the features or form of the body, especially the face
- Cultural & Language Barriers. Understanding the decision-making process to allow you to de-escalate more effectively
- Self-Protecting. Paying attention to verbal and nonverbal cues that has potential to escalate a situation.
- Factors/Traits that may trigger aggression.

Drone Technology.
AGB has been a pioneer in using remotely piloted vehicles to conduct aerial surveillance. AGB has two FAA-licensed drone pilots. AGB drones can be used for:

- Search and Rescue Active Shooter
- Situations Discreet Surveillance

8(a) Set-Aside Option. Federal agencies can also make 8(a) or small business set-asides on GSA Schedule MAS per the Federal Acquisition Regulation (FAR) as discussed below.

**FAR 8.405-5 Small Business.**

7. (a) Although the preference programs of part 79 are not mandatory in this subpart, in accordance with section 7337 of Public Law 777-240 (75 U.S.C. 644(r))-
   a. (7) Ordering activity contracting officers may, at their discretion-
      i. (i) Set aside orders for any of the small business concerns identified in 79.000(a)(3); and
      ii. (ii) Set aside BPAs for any of the small business concerns identified in 79.000(a)(3).
   b. (2) When setting aside orders and BPAs-
      i. (i) Follow the ordering procedures for Federal Supply Schedules at 8.405-7 Ordering procedures for supplies, and services not requiring a statement of work, 8.405-2, and 8.405-3; and
      ii. (ii) The specific small business program eligibility requirements identified in part 79 apply.

2. (b) Orders placed against schedule contracts may be credited toward the ordering activity's small business goals.

   For purposes of reporting an order placed with a small business schedule contractor, an ordering agency may only take credit if the awardee meets a size standard that corresponds to the work performed. Ordering activities should rely on the small business representations made by schedule contractors at the contract level.

3. (c) Ordering activities may consider socio-economic status when identifying contractor(s) for consideration or competition for award of an order or BPA. At a minimum, ordering activities should consider, if available, at least one small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, women-owned small business, or small disadvantaged business schedule contractor(s).

4. (d) For orders exceeding the micro-purchase threshold, ordering activities should give preference to the items of small business concerns when two or more items at the same delivered price will satisfy the requirement.
