21. **List of Service & Distribution Points:** Not Applicable
22. **List of Participating Dealers:** Not Applicable
23. **Preventative Maintenance:** 2 copies of maintenance manual are included per vehicle
24. **Environmental Attributes:** None Listed
25. **DUNS Number:** 787361302
26. **Registered In CCR Database/SAM:** Yes (Square One has opted out of the public search, therefore SAM users must be logged in to the system with user name and password in order to view our profile)

General Terms and Conditions

Warranty for Level C:

The unit is warranted for one (1) year or 12,000 miles (whichever comes first). The warranty covers all mechanical modifications and the armoring system installed by SQ1.

Warranty for Level D:

The unit is warranted for one (2) year or 24,000 miles (whichever comes first). The warranty covers all mechanical modifications and the armoring system installed by SQ1.

Warranty for CEN B4+:

The unit is warranted for one (2) year or 24,000 miles (whichever comes first). The warranty covers all mechanical modifications and the armoring system installed by SQ1.

Warranty for CEN B6:

The unit is warranted for one (2) year or 24,000 miles (whichever comes first). The warranty covers all mechanical modifications and the armoring system installed by SQ1.

Warranty Terms for all Vehicles:

The Agency is responsible to ensure that the driver / end user reads the operation's manual of vehicle and understands that it is an armored unit and it should be cared for as such. In the event of a warranty claim SQ1 will assume all cost of the material and labor to repair the unit. If the vehicle is overseas, the Agency will be responsible for shipping all repair materials into the host country of operations to include any taxes or tariffs and be responsible for any country clearances for the SQ1 technician who will travel to that host country. SQ1 will cover up US\$1000.00 per technician for airfare to the country of operation. SQ1 will assume responsibility for all other expenses during the warranty servicing.

Payment Terms:

Payment is to be made via EFT/Government Credit Card to SQ1 no later than 30 days after completion and acceptance of the unit by U.S. Government at F.O.B. plant, Miami, FL. Interest of 1 ½ % per month will be charged for payment made after the 30 days.

Inspection and Acceptance:

Vehicles shall be inspected and accepted by the Government Agency's designated representative at Square One Armoring Services' plant located at 12370 SW 130 Street in Miami, Florida.

Armor Package Descriptions:

Please see following summaries for each of the armor packages offered.

DOS Level C Armor System Overview

(All materials have MIL Spec and Independent laboratory (H.P White Lab to NIJ) certifications)

Opaque Perimeter Armor: 360° Perimeter MIL-STD ballistic steel with full overlap armoring

Full Firewall Armor: Armored with MIL-STD ballistic steel

Roof: Armored with MIL-STD ballistic steel

Floor: Armored with MIL-STD ballistic steel, with molded Kevlar panel

Transparency Armor: Ballistic glass (Certified by H.P. White labs & approved by DOS) will be overlapped with MIL-STD ballistic steel. The glass will meet desired protection level

Fuel Tank(s) Armor: Anti-corrosive, self-sealing fuel cells for all tanks.

Suspension Modification: The suspension will be modified to ensure similar cargo load capacity and handling as the OEM unit

Brake Modification: The brakes will be modified to compensate for the added weight of the Level C armoring system

Included Items:

- Front Operable Windows
- Heavy Duty Jack
- Engine computer- protected with MIL-STD ballistic steel
- Full swing door partition
- Rod-guard run flat inserts on five wheels (including spare)
- Tailpipe screen protection
- Airbag deactivation
- Locking gas cap
- Fresh air lock-out
- 3M scotch shield film on OEM cargo door
- Fire extinguisher mounted in occupied space
- Under hood armor (CPU/Fuse box/AC lines)
- Rustproof undercoating
- Child safety locks disabled
- Pre-wired for basic communications equipment

DOS Level D ARMOR SYSTEM OVERVIEW

(All materials have MIL Spec and Independent laboratory (H.P White Lab to NIJ) certifications)

Opaque Perimeter Armor: 360° Perimeter MIL-STD ballistic steel with full overlap armoring

Full Firewall Armor: Armored with MIL-STD ballistic steel

Roof: Armored with MIL-STD ballistic steel

Floor: Armored with MIL-STD ballistic steel, with molded Kevlar panel

Transparency Armor: Ballistic glass (Certified by H.P. White labs & approved by DOS) will be overlapped with MIL-STD ballistic steel. The glass will meet desired protection level

Fuel Tank(s) Armor: Anti-corrosive, self-sealing fuel cells

Suspension Modification: The suspension will be modified to ensure similar cargo load capacity and handling as the OEM unit

Brake Modification: The brakes will be modified to compensate for the added weight of the Level D armoring system

Included Options:

- Front Operable Windows
- Heavy Duty Jack
- Engine computer- protected with MIL-STD ballistic steel
- Full swing door partition
- Rod-guard run flat inserts on five wheels (including spare)
- Tailpipe screen protection
- Airbag deactivation
- Locking gas cap
- Fresh air lock-out
- 3M scotch shield film on OEM cargo door
- Fire extinguisher mounted in occupied space
- Under hood armor (CPU/Fuse box/AC lines)
- Rustproof undercoating
- Child safety locks disabled
- Pre-wired for basic communications equipment
- Front Ram Bumper

DOS Level D “Dual Hard” ARMOR SYSTEM OVERVIEW

(All materials have MIL Spec and Independent laboratory (H.P White Lab to NIJ) certifications)

Opaque Perimeter Armor: 360° Perimeter MIL-STD *Dual Hard* ballistic steel with full overlap armoring

Full Firewall Armor: Armored with MIL-STD ballistic steel

Roof: Armored with MIL-STD ballistic steel

Floor: Armored with MIL-STD ballistic steel, with molded Kevlar panel

Transparency Armor: Ballistic glass (Certified by H.P. White labs & approved by DOS) will be overlapped with MIL-STD *Dual Hard* ballistic steel. The glass will meet desired protection level

Fuel Tank(s) Armor: Anti-corrosive, self-sealing fuel cells

Suspension Modification: The suspension will be modified to ensure similar cargo load capacity and handling as the OEM unit

Brake Modification: The brakes will be modified to compensate for the added weight of the Level D armoring system

Included Options:

- Front Operable Windows
- Heavy Duty Jack
- Engine computer- protected with MIL-STD ballistic steel
- Full swing door partition
- Rod-guard run flat inserts on five wheels (including spare)
- Tailpipe screen protection
- Airbag deactivation
- Locking gas cap
- Fresh air lock-out
- 3M scotch shield film on OEM cargo door
- Fire extinguisher mounted in occupied space
- Under hood armor (CPU/Fuse box/AC lines)
- Rustproof undercoating
- Child safety locks disabled
- Pre-wired for basic communications equipment
- Front Ram Bumper

SQ1 CEN B4+ ARMOR SYSTEM OVERVIEW

Designed to defeat the following threats:

- 7.62x39 M1943 PS Ball
- DM 51 Grenades (Floor)

Opaque Perimeter Armor (Including Cargo Area): 360° Perimeter Armored with nominal .190" MIL-Spec 46100 ballistic steel with full overlap armoring.

Full Firewall Armor: Armored with nominal .190" MIL-Spec 46100 ballistic steel.

Roof: Armored with nominal .190" MIL-Spec 46100 ballistic steel.

Floor: Armored with nominal .190" MIL-Spec 12560 ballistic steel.

Transparency Armor: nominal 32mm Ballistic glass (Certified by H.P. White lab) will be overlapped with MIL-STD ballistic steel. The glass will meet desired protection level.

Fuel Tank(s) Armor: Hutchinson/Rodgard Anti-corrosive, self-sealing fuel cells.

Suspension Modification: The suspension will be modified to ensure similar cargo load capacity and handling as the OEM unit.

Brake Modification: The brakes will be modified to compensate for the added weight of the armoring system.

Utility Trim: Vehicle interior trim is finished using high durability, low maintenance liner/coating on all doors and perimeter armor from the belt line to the floor. Headliner and vehicle pillars are finished in automotive foam and vinyl.

Included Options:

3M scotch shield film on cargo area windows

Engine computer & ECU protected with MIL-STD-46100 ballistic steel

Tail pipe screen protection

Front Operable Windows (with back-up manual lifters)

Maintenance manual in English

Heavy duty car jack

Full set of 5 Rod Guard run flat inserts (including spare)

Locking Gas Cap

Back-up Battery with Isolator Switch

Battery Booster

Child-lock safety Disabled

Pre-wired for Communications Equipment

Fire Extinguisher, mounted in passenger compartment

First Aid Kit

SQ1 CEN B4+ ARMOR SYSTEM (w/2nd Row Partition) OVERVIEW

Designed to defeat the following threats:

- 7.62x39 M1943 PS Ball
- DM 51 Grenades (Floor)

Opaque Perimeter Armor (Partition Behind 2nd Row): 360° Perimeter Armored with nominal .190" MIL-Spec 46100 ballistic steel with full overlap armoring.

Full Firewall Armor: Armored with nominal .190" MIL-Spec 46100 ballistic steel.

Roof: Armored with nominal .190" MIL-Spec 46100 ballistic steel.

Floor: Armored with nominal .190" MIL-Spec 12560 ballistic steel.

Transparency Armor: nominal 32mm Ballistic glass (Certified by H.P. White lab) will be overlapped with MIL-STD ballistic steel. The glass will meet desired protection level.

Fuel Tank(s) Armor: Hutchinson/Rodgard Anti-corrosive, self-sealing fuel cell(s).

Suspension Modification: The suspension will be modified to ensure similar cargo load capacity and handling as the OEM unit.

Brake Modification: The brakes will be modified to compensate for the added weight of the armoring system.

Utility Trim: Vehicle interior trim is finished using high durability, low maintenance liner/coating on all doors and perimeter armor from the belt line to the floor. Headliner and vehicle pillars are finished in automotive foam and vinyl.

Included Options:

Fixed Armor Partition Behind the 2nd Row (Cargo Area not Armored)
3M scotch shield film on cargo area windows
Engine computer & ECU protected with MIL-STD-46100 ballistic steel
Tail pipe screen protection
Front Operable Windows (with back-up manual lifters)
Maintenance manual in English
Heavy duty car jack
Full set of 5 Rod Guard run flat inserts (including spare)
Locking Gas Cap
Back-up Battery with Isolator Switch
Battery Booster
Child-lock safety Disabled
Pre-wired for Communications Equipment
Fire Extinguisher, mounted in passenger compartment
First Aid Kit

SQ1 CEN B6 ARMOR SYSTEM OVERVIEW

Designed to defeat the following threats:

- 7.62x39 M1943 PS Ball
- 7.62x51 M80 Ball
- 5.56x45 SS109/M855
- DM 51 Grenades (Floor)

Opaque Perimeter Armor (Including Cargo Area): 360° Perimeter Armored with .260" MIL-Spec 46100 ballistic steel with full overlap armoring.

Full Firewall Armor: Armored with .260" MIL-Spec 46100 ballistic steel.

Roof: Armored with nominal .190" MIL-Spec 46100 ballistic steel.

Floor: Armored with nominal .190" MIL-Spec 12560 ballistic steel.

Transparency Armor: nominal 39mm Ballistic glass (Certified by H.P. White labs) will be overlapped with MIL-STD ballistic steel. The glass will meet desired protection level.

Fuel Tank(s) Armor: Hutchinson/Rodgard Anti-corrosive, self-sealing fuel cells.

Suspension Modification: The suspension will be modified to ensure similar cargo load capacity and handling as the OEM unit.

Brake Modification: The brakes will be modified to compensate for the added weight of the armoring system.

Utility Trim: Vehicle interior trim is finished using high durability, low maintenance liner/coating on all doors and perimeter armor from the belt line to the floor. Headliner and vehicle pillars are finished in automotive foam and vinyl.
