SIN	Part Number	Product Name	Product Description	GSA Net Price
192 371	120 Fabric	SHADE STRUCTURE- SHADE ACCESSORIES	Select the Sunguard 120 fabric option when your site requires a heavier fabric cover. This fabric is rated for 120mph winds. Priced by the square foot. We use a high-density polyethylene fabric with ultraviolet additives, which is known for its great strength, vibrant colors and durability. The fabric is rachel knitted which ensures fabric stability and prevents it from fraying, even when cut. This special knitting also ensures a consistent shade pattern. The breathable fabric allows for air flow and lowers the temperature up to 20 degrees. Apollo Sunguard specializes in pre-engineered and custom shade structures. Our structures provide the best protection against ultraviolet radiation and heat, and are designed/engineered to meet or exceed International Building Code (IBC), national and local building codes. Apollo Sunguard provides a 20-year non-prorated warranty on its steel framework and a 15-year non-prorated warranty on its fabric covers - the strongest warranty in the industry.	\$ 0.81
192 371	Additional Hgt Cant	SHADE STRUCTURE- SHADE ACCESSORIES	Additional column height for Apollo Sunguard's cantilever shade structures. Pricing is per column, per foot.
