ABOUT COPELAND DESIGN, INC.

Founded in 1985 and incorporated in 1988, Copeland Design is an award winning full service graphic design studio based in metropolitan Washington, DC specializing in highly diversified professional design and exceptional service across the expanse of media and environments.

Copeland Design embraces the philosophy that smart design is important ... important to the branding efforts and positioning of corporate identity ... important to the success of planned marketing ... important to the full spectrum of the communication process.

Copeland Design provides creative solutions to a broad client base. As experienced designers we share an enthusiasm for fresh ideas, integrated concepts, and a commitment to partnering with our clients.

Clients benefit from a diverse team with an average of over 15 years of professional design experience. We provide leadership and guidance throughout each project phase, from initial conception and strategy to final production.

Our goal is always to deliver exceptional design that exceeds expectations. We stand out by making our clients stand out.

LABOR CATEGORY DESCRIPTIONS

Principal

Develops and manages client relationships, evaluates performance and provides conceptual creative design project oversight. Provides strategic marketing and business development. Targets potential clients and develops new accounts. Meets with clients, makes presentations and coordinates projects with creative director and designers. Directs all strategic aspects of projects, oversees financial management, develops business plan and collaborates with cross-functional teams to translate the clients' goals. Meets with government program manager to discuss performance, review project progress and establish priorities. Leads potential client meetings and business development team. Possesses expertise in a broad array of the field's concepts, practices, and procedures.

Qualifications:

Minimum 10-15 years high level experience in graphic design with at least 8 years as a creative director in a high-performing design communications environment

Education:

BA, BFA or BS degree or equivalent length of service, portfolio and experience required

Creative Director

Serves as project manager responsible for overall creative design, budgeting, consistency of style and message. Supervises creative staff and overall quality of work and ensures translation of client's big picture goals into successful design solutions. Interfaces with clients and other outside senior creative personnel from government agencies or commercial establishments who may be involved in the same or related projects, e.g. editors, publishers, project directors, account executives. Manages day-to-day business operations including proposals, client relations and accounting. Organizes, trains and mentors creative team for each project.

Qualifications:

Minimum of 10 years experience in design-related positions with at least 5 years as a creative director in a high-performing design communications environment

Education:

BA, BFA or BS degree in graphic design or related field required or equivalent length-of-service, portfolio and experience required

Art Director

Supervises implementation of conceptual development; oversees activities of all design and production staff. Maintains quality control, and interfaces with printers, producers, and web masters/publishers to provide designs in acceptable formats. Leads projects for key clients including concept and design for various print and multimedia collateral materials. Works with design staff on development of graphic design projects. Facilitates the selection of vendors as required by each project. Translates complex concepts and information into visually compelling and creative graphic solutions. Oversee and train designers and junior designers. Manages projects from concept through delivery. Assist in client presentation meetings. Reviews and proofs all client materials. Ensures adherence to budget, schedule and client needs

Qualifications:

Minimum of 5-7 years experience as a designer or art director with increasingly challenging responsibilities

Education:

BA, BFA or BS degree in graphic design or related field required or equivalent length-of-service, portfolio and experience

Production Manager

Supervises graphic designers and web team in scheduling and accounting. Manages the material tracking process among writers, editors, illustrators and other vendors. Develops procedures for the production process and ensures deadlines and schedules at all stages of the process are met. Provides project and overall business financial services and acts as liaison with outside accounting professionals. Prepares all forms and requests necessary for external and internal review of projects. Prepares status reports.

Qualifications:

Minimum of 3-5 years experience as a project or production manager

Education:

BA or BS degree in mathematics or business with experience in accounting and statistical analysis

Senior Graphic Designer

Works with Creative Director and Art Director, creates conceptual designs, and develops and implements ideas and concepts. Leads projects for key clients including concepts and designs for various print and multimedia collateral materials. Translates complex concepts and information into visually compelling and creative graphic solutions. Manages vendors as required by each project. Reviews and proofs all client materials. Manages projects from concept through delivery. Assists in client presentation meetings. Ensures adherence to budget, schedule and client needs.

Qualifications:

Minimum of 5-7 years experience as a designer or senior designer with increasingly challenging responsibilities

Education:

BA, BFA or BS degree in graphic design or related field required or equivalent length-of-service, portfolio and experience

Graphic Designer

Works with Creative Director, Art Director and Senior Designers to create and implement design concepts. Conceptualizes, designs and produces various print and multimedia collateral materials. Designs art and copy layouts based on client specifications. Determines style, technique and medium best suited to produce desired effects and conform to reproduction requirements. Selects type/fonts, designs materials, performs related duties and troubleshoots possible problems for a variety of print collateral materials.

Qualifications:

3-5 years experience as a designer with increasingly challenging responsibilities

Education:

BA, BFA or BS degree in graphic design or related field required or equivalent length-of-service, portfolio and experience

Production Artist

Supports art director and designer in the development of design studies, sample presentations and production of digital graphics. Provides electronic file updating, prepares graphics to meet technical requirements of printers, web site publishers, exhibitor manufacturers, etc. Provides special project research as needed. Runs preflight for digital design files and prepares jobs for production. Maintains quality control. Scans and provides digital photo enhancement. Reviews and proofs client materials.

Qualifications:

1-3 years of experience in a related position, agency or studio experience preferred

Education:

BA, BFA or BS degree in graphic design or related field required or equivalent length-of-service, portfolio and experience

Media Systems Specialist

Provides information technology services in-house and as an interface with clients for appropriate projects. Provides research assistance as required. Provides trouble-shooting and creative solution services. Manages and maintains studio archiving and backup of files. Works directly and indirectly with clients, on-site or remotely. Crafts pragmatic solutions for IT-based project challenges. Selects and supervises outside vendors including database management services and ecommerce solutions. Provides application support to clients on a case-by-case basis.

Qualifications:

1-3 years of experience in a related position, agency or studio experience preferred

Education:

BA, BFA or BS degree in graphic design or related field required or equivalent length-of-service, portfolio and experience

Web Designer

Strategizes and develops user interface elements supporting visual, branding navigational and stylistic concepts and requirements. Works with creative team and web developer to ensure feasibility of design. Works directly with web developer to implement design. Manages project from concept through launch. Provides research assistance as needed. Coordinates web advertising services.

Qualifications:

5 years of experience in a related position, agency or studio experience preferred

Education:

BA, BFA or BS degree in graphic design or related field required or equivalent length-of-service, portfolio and experience

Web Developer

Works with designer to translate concepts to web sites, email campaigns, banner ads and CD-ROM presentations. Constructs web sites to approved design. Test sites to ensure quality and usability on all main browsers. Conducts usability tests and ensures all requirements are met. Works directly with web hosting services to facilitate site posting. Selects and supervises outside vendors including Web hosts, database management services and ecommerce solutions. Provides application support to clients on a case-by-case basis. Provides site maintenance services as needed.

Qualifications:

5 years of experience as a designer with at least 2 years focused on web and multimedia design

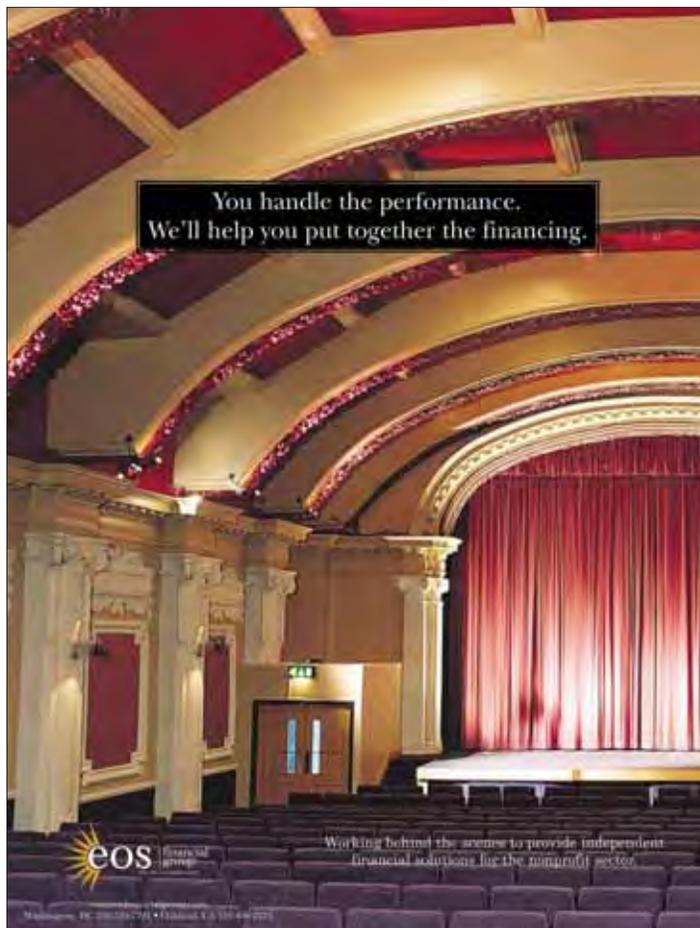

Education:

BA, BFA or BS degree in graphic design or related field required or equivalent length-of-service, portfolio and experience
