How to Use GSA's Federal Supply Schedule

8.402 General.

(a) The Federal Supply Schedule program is also known as the GSA Schedules Program or the Multiple Award Schedule Program. The Federal Supply Schedule program is directed and managed by GSA and provides Federal agencies (see [8.002](#)) with a simplified process for obtaining commercial supplies and services at prices associated with volume buying. Indefinite delivery contracts are awarded to provide supplies and services at stated prices for given periods of time. GSA may delegate certain responsibilities to other agencies (e.g., GSA has delegated authority to the VA to procure medical supplies under the VA Federal Supply Schedules program). Orders issued under the VA Federal Supply Schedule program are covered by this subpart. Additionally, the Department of Defense (DoD) manages similar systems of schedule-type contracting for military items; however, DoD systems are not covered by this subpart.

(b) GSA schedule contracts require all schedule contractors to publish an "Authorized Federal Supply Schedule Pricelist" (pricelist). The pricelist contains all supplies and services offered by a schedule contractor. In addition, each pricelist contains the pricing and the terms and conditions pertaining to each Special Item Number that is on schedule. The schedule contractor is required to provide one copy of its pricelist to any ordering activity upon request. Also, a copy of the pricelist may be obtained from the Federal Supply Service by submitting a written e-mail request to schedules.infocenter@gsa.gov or by telephone at 1-800-488-3111. This subpart, together with the pricelists, contain necessary information for placing delivery or task orders with schedule contractors. In addition, the GSA schedule contracting office issues Federal Supply Schedules publications that contain a general overview of the Federal Supply Schedule (FSS) program and address pertinent topics. Ordering activities may request copies of schedules publications by contacting the Centralized Mailing List Service through the Internet at <http://www.gsa.gov/cmls>, submitting written e-mail requests to CMLS@gsa.gov; or by completing GSA Form 457, FSS Publications Mailing List Application, and mailing it to the GSA Centralized Mailing List Service (7SM), P.O. Box 6477, Fort Worth, TX 76115. Copies of GSA Form 457 may also be obtained from the above-referenced points of contact.

(c)(1) GSA offers an on-line shopping service called "GSA Advantage!" through which ordering activities may place orders against Schedules. (Ordering activities may also use GSA Advantage! to place orders through GSA's

Global Supply System, a GSA wholesale supply source, formerly known as "GSA Stock" or the "Customer Supply Center." FAR [Subpart 8.4](#) is not applicable to orders placed through the GSA Global Supply System.) Ordering activities may access GSA Advantage! through the GSA Federal Supply Service Home Page (<http://www.gsa.gov/fss>) or the GSA Federal Supply Schedule Home Page at <http://www.gsa.gov/schedules>.

(2) GSA Advantage! enables ordering activities to search specific information (i.e., national stock number, part number, common name), review delivery options, place orders directly with Schedule contractors (except see [8.405-6](#)) and pay for orders using the Governmentwide commercial purchase card.

(d) "e-Buy," GSA's electronic Request for Quotation (RFQ) system, is a part of a suite of on-line tools which complement GSA Advantage!. E-Buy allows ordering activities to post requirements, obtain quotes, and issue orders electronically. Ordering activities shall post an RFQ to e-Buy when an order contains brand name specifications (see [8.405-6](#)). Ordering activities may access e-Buy at <http://www.ebuy.gsa.gov>. For more information or assistance on either GSA Advantage! or e-Buy, contact GSA at Internet e-mail address gsa.advantage@gsa.gov.

(e) For more information or assistance regarding the Federal Supply Schedule Program, review the following website: <http://www.gsa.gov/schedules>. Additionally, for on-line training courses regarding the Schedules Program, review the following website: <http://fsstraining.gsa.gov>.

(f) For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Schedule (also referred to as open market items) to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order only if—

(1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing ([Part 5](#)), competition requirements ([Part 6](#)), acquisition of commercial items ([Part 12](#)), contracting methods ([Parts 13, 14, and 15](#)), and small business programs ([Part 19](#)));

(2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;

(3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and

(4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

8.403 Applicability.

(a) Procedures in this subpart apply to—

(1) Individual orders for supplies or services placed against Federal Supply Schedules contracts; and

(2) BPAs established against Federal Supply Schedule contracts.

(b) GSA may establish special ordering procedures for a particular schedule. In this case, that schedule will specify those special ordering procedures. Unless otherwise noted, special ordering procedures established for a Federal Supply Schedule take precedence over the procedures in [8.405](#).

(c) In accordance with section 1427(b) of Public Law 108-136, for requirements that substantially or to a dominant extent specify performance of architect-engineer services (as defined in [2.101](#)), agencies—

(1) Shall use the procedures at [Subpart 36.6](#); and

(2) Shall not place orders for such requirements under a Federal Supply Schedule

The preceding was excerpted directly from FAR including amendments included throughout October 21, 2009.
