The invalidity or unenforceability, in whole or in part of any provision, term or condition hereof shall not affect in any way the validity or enforceability of the remainder of the agreement. No waiver by WESTECH of any provision, term or condition hereof or of any breach by or obligation of the Client hereunder shall constitute a waiver of such provision, term or condition on any other occasion or a waiver of any other breach by or obligation of the Client. Unless the parties agree in writing to the contrary, the duties of WESTECH shall not be construed to exceed the services specifically described. Payment in full is required immediately upon receipt of each invoice, unless otherwise specified in our written and signed proposal or mutually agreed upon in writing by authorized agents of both parties. All overdue payments are subject to an interest charge of one and one-half percent (1 ½ %) per month or a portion thereof. Whenever the Client's account is overdue in whole or in part, WESTECH reserves the right to immediately suspend or cease any or all work indefinitely or until the overdue balance is paid in full. WESTECH also reserves the right to send the account, in whole or in part, to a collection agency, attorney, or other legal entity. If for any reason the Client's account is sent to a collection agency, attorney, or other legal entity, the Client agrees to compensate WESTECH for all collection costs, attorney costs, and court costs associated with the collection of outstanding invoices. The prices, unless stated, does not include any sales, use or other taxes. Such taxes will be added to invoice prices when required. WESTECH reserves the right to require payment prior to release of data.

C. SCOPE OF WORK AND SERVICES

The parties agree that the use of standard business forms, such as purchase orders and acknowledgments shall be solely for the convenience of the party, whether or not such document is signed. None of the provisions, terms, and conditions contained on such forms shall apply or modify these Standard Terms and Conditions. WESTECH shall have the right to subcontract portions of the services to be performed under this agreement.

D. CLIENT'S RESPONSIBILITIES

For specialized field work, WESTECH will require the Client to fulfill the following responsibilities unless otherwise deemed exempt in the written proposal pertinent to the work:

- The Client shall grant or cause to be granted to WESTECH access to all sites, areas, and spaces as necessary for the performance of the proposed work scope(s). The Client will also provide ladders, scaffolding, lifts, or other equipment necessary for WESTECH to access areas

and spaces above the ceilings, exterior building components, crawl spaces, and other difficult to access areas and spaces.

- The Client shall supply WESTECH scaled architectural drawings of individual buildings, facility grounds, or any other areas required to complete the scope of work prior to project commencement.
- The Client shall report to WESTECH any condition at the site that may present a potential danger to WESTECH employees while conducting our work.
- If any special safety, health, and environmental procedures or requirements must be followed while onsite or in special areas on site, the Client must make WESTECH fully aware of those procedures and requirements.

For samples collected by the Client, WESTECH can only assume that all samples were collected and submitted by the Client following the appropriate protocols set forth by the regulatory requirements. WESTECH reserves the right to refuse any sample for the following reasons:

- If samples are submitted in containers not approved by the analytical method, and/or
- If samples submitted have exceeded the analytical method holding times, and/or
- If samples submitted have not been properly preserved according to the analytical method, and/or
- If samples submitted have been improperly sampled (i.e. headspace for VOC analysis), and/or
- Any other reason that would invalidate the analytical results

A Sample Submittal Form must be included with all samples submitted to WESTECH. If samples are collected by WESTECH, the Sample Submittal Form will be completed by a WESTECH employee and include the following information. Otherwise, the Sample Submittal Form must be completed by the Client and include the following:

It is the responsibility of the Client to collect and submit Quality Control (QC) samples (i.e. field blanks, equipment blanks) for analyses with each sample or sample set as directed by the analytical method and/or regulatory requirements. The QC samples will be treated by WESTECH as individual samples and billed accordingly. WESTECH will report the QC data if and only if requested by the Client on the Sample Submittal Form.

WESTECH will furnish the original laboratory results report to the Client specified on the chain-of-custody form. We will retain analytical data for seven (7) years and financial data for three (3) years relating to the services performed following transmittal of our final report. WESTECH will advise the Client of the status of the project and will make reasonable efforts to coordinate its activities with other activities of the Client, its agents, and other contractors at the site(s) at which the work shall take place pertinent to the work scope. WESTECH shall designate an authorized representative to be available for consultation, assistance, and coordination of activities.

F. RESPONSIBILITY FOR UNCOMPLETED SERVICES

The Client must recognize that delays relating to the processing of laboratory analyses and reporting of laboratory results are ultimately beyond the control of WESTECH. WESTECH shall be given an appropriate time extension and shall be compensated for all lost profits, costs of labor, equipment, and other direct and indirect costs that WESTECH incurs during any delay or interruption of services caused by circumstances beyond WESTECH's reasonable control. Delays beyond ninety (90) calendar days shall, at the option of either party, make the agreement subject to a termination for convenience. Any modifications made by the Client to the proposed work scope, once accepted by the Client in writing, as defined in this proposal, will be considered as a change in work scope and therefore re-negotiated by both parties.
