

## **GENERAL SERVICES ADMINISTRATION**

### **Federal Supply Service**

### **Authorized Federal Supply Schedule Price List**

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through GSA-Advantage!™, a menu-driven database system. The Internet address for GSA-Advantage! is: <http://www.gsaadvantage.gov>

#### **Multiple Award Schedule (MAS)**

Special Item Number: 33512 Energy-Efficient Lighting and Sustainable Energy Solutions Includes lighting solutions for indoor and outdoor activities, including aviation, marine, and emergency disaster relief. Energy solutions that use solar, fuel, geothermal, and wind power are available.

Special Item Number: 811310 Maintenance and Repair Shop Equipment Includes all maintenance and repair shop equipment, such as recycling services, refrigerant recycling, antifreeze coolant recycling, filter crushers, tire cutters, etc. Includes all options and accessories related to these products.

Special Item Number: 335999 Power Distribution Equipment Includes power distribution equipment, such as portable light towers, uninterruptible power supplies, metering, transformers, electric motors (excludes automotive motors), motor controllers/motor control centers, etc. Includes all options and accessories related to these products.

Special Item Number: ANCRA Ancillary Repair and Alterations Includes ancillary repair and alteration services ordered in conjunction with the delivery, or installation of products or services. These services are non-complex in nature, such as routine painting, carpeting, simple hanging of drywall, basic electrical or plumbing work, landscaping. For ordering limitations and information, refer to the Special Ordering Procedures/Ordering Guide posted on [www.gsa.gov](http://www.gsa.gov).

Special Item Number: OLM Order-Level Materials (OLM) OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.

## **ABOUT US**

GonLED has an unparalleled reputation staying abreast of the latest solid state innovations to give our clients the best and brightest lighting solutions with the most efficient use of your energy dollars. We at GonLED will work closely with you to determine the best product(s) for your specific need.

GonLED's consultative dynamics go far beyond just providing the product. There are no cookie-cutter solutions for all lighting issues. We listen, then act – to work with your vision in providing a realistic economical solution. Add to the equation generous government tax incentive and energy producer rebates and the savings become turn-key.

GonLED represents and consults with leaders in the research and manufacture of solid state (LED) lighting fixtures and components for commercial lighting applications. By doing so we effectively taking the guess work out of choosing quality lighting solutions. Our products are designed for garages and parking lots, high-bay, low-bay, fluorescent retrofits for offices, task lighting, as well as cove and accent lighting.

GonLED works with federal and state governments, municipalities, school districts, defense contractors, architects, electrical contractors, property managers, facilities managers, and event designers to solve lighting issues and create the best possible illumination. Our LED lighting is one of the best tools for green positioning. The energy savings exceed any other lighting product with no maintenance up to 100,000 hours. Variable warranties make the return a pleasant surprise to your bottom line.

GonLED offers turn-key LED solutions that provide our customers with energy savings through increased efficiencies and decreased power and energy costs. Unlike most companies, we are equipment manufacturer neutral! This means we help our clients select the best equipment for their specific application. This approach provides our customers with superior performance, decreased operating expenses and increased return on investment.

Our company provides turn-key project solutions that include all or part of the following:

- Lighting Surveys & Energy Audits
- Multiple Manufacturer Bids
- Equipment Installation
- Project Funding & Financing Options
- Rebate Application Processing
- Performance Monitoring and Verification

#### **Approved Labor Rates (ANCRA)**

##### **Senior Project Analysts \$114.98 per/hour**

Provides lighting design assistance (includes photometrics, if required). Manages communication and processing of paperwork with local utility company. Provides pre and post payback analysis, ROI, total cost of ownership, etc...

**Education:** B.S. degree or equivalent experience including field work.

**General Experience/Qualifications:** Minimum of 4 years experience. Project experience with commercial building electrical systems.

##### **Installation Manager \$96.82 per/hour**

Conducts initial lighting survey analysis. Installation of LED Retrofit Kits to existing fixtures. Installation of new LED fixtures & lamps. Provide all necessary labor and material to re-lamp light fixtures. Measures indicated are for "retrofits" of existing lighting fixtures. The Lighting retrofit measures indicated include the exchange of Lamps, Ballasts, Wirenuts, lamp sockets, Brackets, and all fasteners as needed. "Retrofit" or "Exchange"

means removal and disposal of existing internals of fixtures (but not the fixture itself), and complete installation and testing of indicated new replacements.

**Education:** B.S. degree or equivalent experience including field work.

**General Experience/Qualifications:** Minimum of 3 years experience. Project experience with commercial building electrical systems. Must be licensed and bonded.

**Electrical Consultant \$104.52 per/hour**

Individual with vast knowledge and experience in the Electrical professional field hired to lend their expertise to clients in need of insight they do not possess. Degree requirements include: Bachelor of Science degree (or equivalent education) in an appropriate engineering discipline and/or Professional Engineering License.

**Master Electrician \$104.52 per/hour**

Install and maintain all of the electrical and power systems for homes, factories and businesses, according to the U.S. Department of Labor Bureau of Labor Statistics. They handle wiring as well as electrical equipment and machines. Requirements include at least seven years of experience as an electrician or a bachelor's degree in electrical engineering or a related field.

**Electrical Journeyman \$88.02 per/hour**

Install and repair electrical wires within homes and businesses and are often called upon to provide estimates or maintenance. Requirements for example include CA Journeyman's State Licensing.

**Journeyman's Assistant \$77.02 per/hour**

Install, repair, alter and maintain electrical conductors, fittings, devices and fixtures for heating, lighting or power purposes. They must comply with the current edition of the National Electric Code. Can only perform above duties under direct supervision of a Master or Journeyman Electrician. Requirements include currently being enrolled in the Electrician Apprenticeship Program for 2+ years.

**Electrical Technician \$60.51 per/hour**

Responsible for performing and providing maintenance, repair, installation and troubleshooting of electrical equipment. Can only perform above duties under direct supervision of a Master or Journeyman Electrician. Requirements include currently being enrolled in the Electrician Apprenticeship Program.
