Company Background

Alante Security Group Inc. was incorporated on January 27, 1992 to offer and provide its clients with the most professional and comprehensive security operations available. Alante Security specializes in Patrol, Investigations and Crime Prevention services to government, residential, industrial and commercial businesses throughout the Metropolitan area. Approximately 65% of our monthly hours are provided to 25 GSA locations in New York City and on Long Island. Our total workload this year will be in excess 390,000 hours.

We are a veteran and minority owned business, certified by the Small Business Administration, the General Services Administration, the New York State Department of State, the Dormitory Authority State of New York and the New York City Public School Authority. We are licensed in the states of New York and New Jersey to conduct business as a security guard company.

Our founder and President, Luis A. Lopez, a retired Sergeant from the New York City Police Department has over twenty-five years experience in some of the Department's most diverse units. Mr. Lopez was assigned to Uniformed Patrol commands, Plainclothes/Undercover Narcotics, Public Morals, Robbery Investigation Units and the Police Commissioner's specialized Community Affairs and Immigrants Liaison Units.

Alante is fully licensed by the State of New York as both a Security Company and a Training Facility. We train our employees on patrol and investigative techniques, first aid, report writing and client specific subjects. We provide GSA pre-employment and re-certification training to our employees.

Our goals of professionalism and commitment to quality have been maintained through the placement of many former law enforcement personnel in key positions. Alante Security includes among its Administrators, Supervisors and Trainers, numerous former NYPD Managers, Supervisors, Detectives and Police Officers.

The executive and administrative staff, whose composite background and experience in law enforcement is extensive, supervises all Alante Security Group services. Their tenure with the New York City Police Department, New York Office FBI Joint Organized Crime Task Forces, Long Island Counties' Police Departments and our close liaison with other local law enforcement agencies, assures our clients the best in security related services and a complete understanding of law enforcement demands and responsibilities.

Alante currently provides both armed and unarmed security services to more than fifty individual locations throughout the New York Metropolitan area. Our workforce, both full and part-time, presently includes more than 175 unarmed and 100 armed Security Officers with 39 supervisors and an administrative staff of eight.

Alante Security has never had a contract/task order terminated for default or for performance issues. Contracts have been obtained in response to an R.F.Q or as a result of referrals or repeat business from established customers.
