**1A. Table of Awards:**

**246-42-1 Facility Management Systems (Security Functions)**

**246-1000 Ancillary Services:**

Includes, but is not limited to: services necessary to install the system (from design through start-up), maintain the system (including maintenance agreements, which may not exceed the term of this contract), or training.

Ancillary Service **excludes**:

- Construction (construction is defined as alteration, or repair of buildings, structures, or other real property)
- Architectural Engineering Services (A&E) under the Brooks Architect-Engineers Act as stated in Federal Acquisition Regulation (FAR) Part 36. These services shall be ordered only in accordance with Part 36 and agency procedures, and shall not be included on a GSA contract order as an open market item.
- Personal services
- Stand-alone services which are applicable to the Service Contract Act (SCA)

Contractors are responsible for the following when performing services under this SIN:

- Contractors may subcontract any ancillary services ordered under this Special Item number, unless specifically prohibited by the contracting officer issuing the order against the Multiple Award Schedule contract.
- Contractors are responsible for insuring that the scope of work is completed and all warranties are honored.
- Subcontractors must be licensed and bonded, as applicable.
- Compliance with all local laws, regulations, and ordinances are the responsibility of the prime contractor.
- The prime contractor shall accept full responsibility and liability for all work performed by subcontractors, at any level or tier.
- The Government reserves the right to apply liquidated damages whenever the required delivery date is not met.
- Contractors are required to maintain insurance in accordance with Clause 52.228-5, Insurance – Work on a Government Installation.
- Agencies' Scope of Work will inform the Contractor of the required insurance amounts. Clause 52.228-5 is made part of this contract by reference.
- The contracting officer for the ordering agency may insert any agency unique requirements for the job, including employee suitability determination requirements (security checks), into the scope of work.
- Contractor quotation shall specifically detail all products and services with the contract price and provide a single price for services.
- Sales of ancillary services shall **not** be combined or reported with the product SIN.

The ordering agency is responsible for:

- Defining and issuing the statement of work for ancillary services. Accurate definition of the scope and statement of work is essential to facilitate realistic quotations. The statement of work shall also inform the contractor of any applicable insurance requirements.
- Ordering agencies shall obtain pricing information from the schedule contractors, and will negotiate for ancillary services on an order by order basis, based on complexity and level of effort. Ancillary services shall be priced as separate line items on each order.
- Pricing of services has been determined fair and reasonable by GSA. However, ordering agencies shall make a determination that the total price is fair and reasonable based on the level of effort and the mix of labor proposed.
- Ordering agencies will comply with all appropriation laws and ensure that the correct types of funds are obligated on each order.

Reference FAR 8.4 for an explanation of ordering procedures used when purchasing through a Multiple Award Schedule contract.

**OFFERORS MAY ONLY OFFER THIS SPECIAL ITEM NUMBER IN CONJUNCTION WITH SYSTEMS OFFERED UNDER THIS SCHEDULE. THE PRINCIPAL PURPOSE OF THIS SCHEDULE IS FOR THE PURCHASE OF ALARM AND SIGNAL SYSTEMS/FACILITY MANAGEMENT SYSTEMS.**

**246-51 Installation Requiring Construction:**

Includes: Installation which requires construction.

Note: Ancillary services involving installations, which do not meet the definition of construction as defined in FAR 2.101, shall be covered under SIN 246-1000.

Note: This SIN specifically EXCLUDES Architectural Engineering Services (A&E) under the Brooks Architect-Engineers Act as stated in Federal Acquisition Regulation (FAR) Part 36. These services shall be ordered only in accordance with Part 36 and agency procedures, and shall not be included on a contract order as an open market item.

Contractors are responsible for the following when performing services under this SIN:

- Contractors must comply with Construction Clauses and Davis-Bacon Regulations. The clauses shown in Appendix 1 to Attachment 3 of this solicitation will apply to agency orders placed against the schedule contract.
- Compliance with all local laws, regulations and ordinances are the responsibility of the GSA prime contractor. The prime contractor shall accept full responsibility and liability for all work performed by subcontractors under a resultant contract.
- Contractors shall review the statement of work issued by the ordering agency and provide a separate quote for services to be performed under this SIN based on the ordering agency's requirements. Should the contractor not be able to meet requirement(s) in the statement of work, the contractor's quote must specifically identify the items which have not been included in the quoted price.
- Contractors must provide bonding and insurance as required by the ordering agency's statement of work.
- Contractors may serve as a prime contractor and subcontract any services, including installation or site preparation, unless specifically prohibited by the ordering contracting officer. Subcontractors must comply with any licensing and bonding requirements specified in the statement of work.
- The contractor shall be responsible, accountable and liable for all work performed, including work performed by subcontractors (at all tiers), and for ensuring the work performed is completed in accordance with the ordering agencies statement of work.
- The contractor shall ensure all warranties are honored. All construction work must be guaranteed for any defect in workmanship and materials.
- The Government reserves the right to apply liquidated damages whenever the required delivery is not met in accordance with clause 52.211-12, Liquidated Damages – Construction.

When placing orders for services under this SIN, Ordering Agencies shall follow the procedures at FAR 8.405: The ordering agency is responsible for:

- Complying with all Federal Appropriation Laws and ensuring the correct types of funds are obligated on the order.
- When construction, alteration or repair of public buildings or public works is to be performed under this SIN, Ordering Agencies must comply and ensure contractor compliance with the Construction Clauses and Davis-Bacon Regulations. See Appendix 1 of the GSA solicitation for a complete listing of the FAR and GSAM Clauses incorporated by reference for all schedule contractors awarded this SIN. Ordering agencies shall utilize these clauses as a guideline and shall incorporate the applicable clauses into the statement of work for orders issued against the Federal Supply Schedule contract. The ordering agency is responsible for including the most current version of these clauses and any other applicable clauses into the order. Clauses which require "fill-ins" shall be completed by the ordering agency. Any agency specific clauses which may apply based on agency regulations or requirements shall be incorporated in the agency task order.

- Defining and issuing the statement of work for services, including installation and site preparation. It is essential that the ordering agency's statement of work includes an accurate description of the work requirement to facilitate realistic quotations.
- The statement of work shall clearly inform the contractor of all bonding requirements and any required insurance amounts.
- The ordering agency will provide the local Davis-Bacon wage rates to contractors. Applicable wage determinations will be incorporated into the statement of work and resulting task order.
- Reviewing quotations from schedule contractors to ensure the work proposed meets the statement of work requirements. The ordering agency should request the contractor to submit fixed price quotes to perform the services.
- The ordering agency shall evaluate all responses received using the evaluation criteria provided to the schedule contractors. The ordering agency is responsible for considering the level of effort and the mix of labor proposed to perform a specific task being ordered, and for determining that the total price is reasonable.
- Performance clauses shall be modified for each job by the ordering agency.
- Administration of orders issued under this Special Item Number.
- All orders and payments must be made to the schedule contractor or their designee. Example: A contractor may designate a participating dealer to receive payment.
