About Controlled F.O.R.C.E, Inc.

Mission

Controlled F.O.R.C.E. Inc. provides advanced security and training services in the following areas:

- Counter-Terrorism Training,
- Security Consulting,
- Executive Protection, and
- Security Management Services.

Controlled F.O.R.C.E.'s strength has been providing subject matter experts, tactical training services and curriculum development to law enforcement and military personnel globally since incorporating in 1997. Along with all branches of the U.S Military CONUS and OCONUS, CF has provided training services to domestic and foreign operations in Southeast Asia, Europe, Middle East and Africa.

Controlled F.O.R.C.E has an established and recognized reputation of excellence in providing law enforcement, military police and security forces tactical training and training doctrine that addresses current and emerging threats. We offer all our clients this level of excellence.

Developers of the MACH Training System

Controlled F.O.R.C.E. is the developer and sole source provider of Mechanical Advantage Control Holds™ (M.A.C.H.) System. The M.A.C.H System - Combative/Close Range Subject Control (CRSC) training is being utilized in numerous DOD branches and training units such a U.S Army and USMC MP Schools, INWIC, USAF Security Forces and USN CSF for the MA Course. This program is utilized by U.S Military Police to training our foreign allies globally. Controlled F.O.R.C.E maintains all MACH instructor certifications for the DoD and continues to assist in developing and implementing military police training standards for foreign and domestic clients.

Value Proposition

We offer the following value to Federal agencies beyond the standard combat training:

- **Standardization.** We provide long-term standardized, non-lethal armed and unarmed combat training and instructor development.
- **Incidents.** We can help reduce liability of injury in CRSC (Close Range Subject Control) yet maintain effectiveness through MACH system.
- **Accelerated Training.** We provide unique compact drill sets and counter training methodology, reduce training time up to 50%, and increasing retention levels.

Core Services

- **Establish Standardized Training Programs:**
 - Develop curriculum to be applied to various users using the same skill. Controlled F.O.R.C.E's unique worldwide recognized training methodology.
- **Develop Instructors for Law Enforcement and Military Instructors:**
 - Identify Train and Certify Instructors using the Controlled F.O.R.C.E 5-Step Instructor Development.

Core Services (Continued)

- **Team Tactical Training Curriculums:**

- Controlled F.O.R.C.E's unique compounding drills & counter training methodology maximizes and creates the most advance Team Tactical Training scenarios. Successfully utilized for Advanced Urban Combat and Pre-Deployment Training.

• Pre-Deployment Training	• Specializing in Small Tactics
• Training Military Instructors	• CQC – Close Quarters Combat
• Train – the - Trainer	• Convoy Operations – Driving and Formations
• PSD – Protective Service Detail	• Controlled FORCE All-Heart Tactical Oleoresin Capsicum (OC) Deployment

- 611710 - Educational Support Services

Why We're Different

There are several excellent reasons to use Controlled F.O.R.C.E., to include:

- 40 years of real world instructor experience
- 20 years average instructor experience
- Developed more instructors than any other program PPCT (Pressure Point Control Tactics) and MDTS (Monarch Defense Tactics Systems)
- Costs up to 50% less than competitors
- Develop customized curriculums on the spot – build mission specific manuals
- Can teach MACH system in a short time with high retention

Clients (Current and Past)

- U.S. Army
- U.S. Navy / U.S. Marine Corps
- U.S. Air Force
- U.S. Coast Guard
- Dept. of Veterans Affairs
- Detroit Police Department

M.A.C.H. – Mechanical Advantage Control Holds™

Arrest Control / Defensive Tactics

Controlled F.O.R.C.E. is the developer and sole source provider of **Mechanical Advantage Control Holds™ (M.A.C.H.)** System. The M.A.C.H. system is an established national standard of subject control and defensive tactics training that has been adopted into Department of Defense doctrine, standards of training for Law Enforcement, and use of force policies at all levels of corrections and security forces across the nation.

M.A.C.H. Training System: The Controlled F.O.R.C.E. M.A.C.H. Holds™ are a series of techniques that use positioning, movement, joint manipulation, leverage and the resisting subject's own body momentum to enable its users to subdue the subject in a controlled manner without inflicting injury. The training drills and exercises are designed to maximize the repetition of simple yet effective gross motor skill techniques to hone muscle memory and increase officer retention. The M.A.C.H. holds flow one to another in any sequence, allowing its users to adjust to the subject's unpredictable actions.

Each drill in our lesson plan builds into other drills. This building block system allows for a realistic approach with preparing an officer to perform arrest control and self-defense techniques. Our Instructors know from experience that the techniques work in real situation.

Agencies Using the M.A.C.H. System

Military: The Controlled F.O.R.C.E. Mechanical Advantage Control Holds™ (M.A.C.H.) based system is part of the training doctrine at **the DoD Civilian Military Police Schoolhouse, US Army Military Police Schoolhouse, and U.S. Marine Corps Military Police Schoolhouse** at Fort Leonard Wood. This represents the standard of training for all MPs stationed worldwide.

Federal and Law Enforcement: Controlled F.O.R.C.E. M.A.C.H. System provides a national standard of subject control training that thousands of Law Enforcement and Federal Agencies have adopted into their use of force training to meet departmental, POST or State, and CALEA Accreditation standards. It is currently approved in over 26 P.O.S.T & STATE Commissions across the country.

Controlled F.O.R.C.E. training programs are nationally recognized by the United States National Standards of Training Association (U.S.N.S.T.A.).

**How to Buy from Controlled Force, Inc.
Under GSA Schedule 84**

Below is a summary of how to order from us.

1. **For orders up to \$2,500:** Develop a **Scope of Work (SOW)** and have your procurement office place the order directly with Controlled Force, Inc.
2. **For orders over \$2,500 but less than \$200,000:** Develop a performance-based SOW, send a Request for Quote (RFQ) to at least three GSA Schedule 84 Holders, evaluate quotes based on your best value criteria, and place the order with the selected contractor.
3. **For orders over \$200,000:** Follow the procedures as per #2 above but seek additional quotes.
4. **Blanket Purchase Agreement (BPA).** In order to further decrease costs, reduce paperwork, and save time, access Controlled Force, Inc. directly by establishing a Blanket Purchase Agreement.
