- Certified Women-owned small business (WOSB)

History and Overview of the Amazing Grace Enterprises (AGE)
Business Size: Small Business, Woman owned.

Executive Summary
Amazing Grace Enterprises (AGE) is a Woman-Owned Engineering Services Firm located in Prince George’s County, Maryland. Formed August 2001 to provide Construction Management and Engineering Consulting Services related to Real Property. Amazing Grace Enterprises’ mission is to provide clients with the highest level of engineering solutions with an emphasis on quality, costs, time and satisfaction.

Over the years AGE has accumulated wealth of experience in the fields of Technical and Professional Occupations. Our staff and consultants hold a range of professional and technical certifications including but not limited to, the following occupational categories: Accounting Support, Audit Support, Contracting Support (Contract Specialist/Administrator), Desktop Publisher, Financial Analyst, Librarian, Market-Research Analyst, Occupational Analyst, Personnel Analyst, Procurement Clerk, Program Analyst, Researcher, Real Estate Asst., CAD Illustrator, Drafter/Designer, Cartographic Technician, Computer Based Training (CBT), Specialist/Instructor, Civil Engineering Technician, Drafter I-IV, Engineering Technician I-VI, Environmental Technician, Graphic Artist (Designer), Paralegal/Legal Assistant I-IV, Instructor, Laboratory Technician (Laboratory Tester), Technical Writer, Construction Representative, QA/QC Inspector, Architectural services

Core fundamentals of the business are:
- Providing the right engineering solution to projects
- Providing the highest level of service
- Employing the highest caliber people

Success in this business is focused on client service that typically translates into repeat business. Excellent service provided AGE has resulted in referrals.
CUSTOMER INFORMATION:

1a. TABLE OF AWARDED SPECIAL ITEM NUMBERS with appropriate cross-reference to page numbers:

561320SBSA Temporary Staffing (SBSA)

1b. LOWEST PRICED MODEL NUMBER AND PRICE FOR EACH SIN: N/A

1c. HOURLY RATES AND DESCRIPTION OF ALL CORRESPONDING COMMERCIAL JOB TITLES, EXPERIENCE, FUNCTIONAL RESPONSIBILITY AND EDUCATION:
All hourly rates shown are firm fixed price. See the following price list for hourly rates by location and labor category. See the Job Descriptions provided after the pricing information.

2. MAXIMUM ORDER*: $250,000

*If the best value selection places your order over the Maximum Order identified in this catalog/pricelist, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the aforementioned contactor for a better price. The contractor may (1) offer a new price for this requirement (2) Offer the lowest price available under this contract or (3) decline the order. A delivery order that exceeds the maximum order may be placed under the schedule contract in accordance with FAR 8.404.

3. MINIMUM ORDER: $100 unless the contractor agrees to accept a smaller order amount.

4. GEOGRAPHIC COVERAGE: The preponderance of work location has been identified as:
Washington, DC, Wage Determination No. 2015-4281, Revision 16 dated 04/23/2020

Amazing Grace Ent. may perform work at any of the locations listed in the SCA Wage Index Matrix. Service in an area with lower SCA rates than the stated preponderance of work location, resulting in lower wages being paid, will have the prices for that Task Order discounted accordingly.

5. POINT(S) OF PRODUCTION: N/A

Requisition and maintain inventories of materials and supplies necessary to meet production demands. Distribute production schedules and work orders to departments. Compile information for status reports as required by management. Prepare Baseline schedules, review contract time determination schedules, review baseline construction schedules, analyze monthly updates of construction schedules, analyze modifications to construction schedules, Prepare project schedule status reports, perform time impact analysis and prepare recommendations to analyze schedules, coordinate schedule impacts between adjacent projects, monitor and document construction progress, Collection, compilation and preparation of data from different Onshore and Offshore projects to create a summarized Weekly/Monthly Report showing Comparison Schedules.

Experience in accomplishing technical work required to support engineering and architecture programs such as programming, planning and program development of facilities design and construction. More than three years of experience in scheduling and/or cost estimating for one or more major disciplines, including: general construction, architectural, structural, civil, mechanical, electrical, environmental, plumbing, process.

**Minimum Education:** Bachelor`s degree in Architecture or Engineering.
### Project Controller/ Construction Quality Manager / Construction Manager /Contract Management Administrator

**Minimum/General Experience:** 8 years experience in Managing Design and Construction of facility projects.

**Functional Responsibility:** Architectural/Engineering (A/E) Firm evaluation and recommendation for selection, Coordinate A/E and Client Design phase(s), Owner representation, Work with Client to determine need, Defines Project team, Project Contract administration and negotiation recommendations through final Project close-out, Assures project is completed on Schedule within Budget, and in conformance with project specifications, Turnkey Project support from Initial Design Phase through Project completion, Coordination of A/E Services, IT Support, Furniture layout, Physical relocation and Contract Management throughout Project Cycle, Special Construction Management including Secure/SCIF Construction, Coordination of Special Equipment requirements including Secure Voice and Data Cabling and Equipment, Installation of Video Teleconferencing Equipment, Security Equipment, and Public Address Systems, etc. Prepares Bill of Materials Recommendations for Client throughout Project duration. One of the key senior level on-site representatives who is responsible for the delivery of the day-to-day construction management services for the duration of project. Responsible for managing, supervising, and motivating of all CM staff on the project, including forecasting and fulfilling staffing needs. Oversees A/E and contractor’s performance, including quality control, requests for information, change orders, schedule and reviewing and making recommendations for all pay requests.

**Minimum Education:** Bachelor of Architecture , Project Management , Engineering, or Construction Management

### Move Manager

**Minimum/General Experience:** 5 years of experience in Interior Design

**Functional Responsibility:** Furniture Selection/ Specification Recommendation; Inventory existing Furniture for re-use. Responsible for Pre-move documentation of Interiors. On-site relocation coordination during physical move, Post-move validation Inspections, Space Planning Recommendation, Recommends Space requirement per individual Client Specifications, Agencies Matrix preparation, Block Plan development Recommendation, Stacking Plan Alternatives, Situational Space Review, Changes recommendation to Client Interior Designs, Provides Client with Conceptual Design.

**Minimum Education:** Bachelor’s degree or equivalent in Architecture, Engineering or Construction Management
### Assistant Engineer

**Minimum/General Experience:** 4 years of experience in the construction industry.

**Functional Responsibility:** Assist Cost Engineer/ other related fields, Claim Analysis, Variations, Reviews, Change Order Analysis and Negotiation/Settlement, Final Cost Projections/Periodic Cost Reporting Specializing in managing and directing of design and construction phases; performs inspection, monitoring and coordination of trades and design and bid reviews. Interprets plans and specifications, prepares cost breakdowns and negotiates for change orders. Responsible for construction progress monitoring and preparation of progress reports, his /her experience includes new construction and renovations.

**Minimum Education:** Associate’s degree in engineering, engineering technology.

### Contract Specialist/ Cost Analyst

**Minimum/General Experience:** 5 years of experience in Accounting, business, finance, cost management.

**Functional Responsibility:** Performs cost analyses, project budget, cost realism analyses, and price analyses, and provides advice and guidance to contracting officers on contracting issues Assist contracting officers with a complete range of contracting activities such as acquisition planning/negotiation, evaluation of proposals, and contract cost and price proposal evaluation Examine and evaluate contractors’ prospective cost estimates or price proposals to determine the necessity and reasonableness of proposed contract costs, tracking obligations against funds available. Utilizes a variety of price/cost analysis techniques. Review technical and audit reports on various cost elements to determine the reasonableness of the various cost elements or justified exceptions. Develops comprehensive detailed reports on cost/price analysis, including recommending cost.

**Minimum Education:** Bachelor’s degree in Accounting, business, finance, contracts, or purchasing.

### Program Analyst

**Minimum/General Experience:** 5 years general experience in design/ construction industry.

Program Analyst Support to contracting officers, Performs cost analyses, cost realism analyses, and price analyses, and provides advice and support to contracting officers and contract specialists on contracting issues. Assists contracting officers and contract specialists with a complete range of contracting activities such as acquisition planning/negotiation, evaluation of proposals, and contract cost and price proposal evaluation. Reviews technical and audit reports on various cost elements to determine the reasonableness of the various cost elements or justified exceptions Develops comprehensive detailed reports on cost/price analyses

**Minimum Education:** Associate’s degree.
### Graphic Artist (Designer)

**Minimum/General Experience:** Minimum one (1) year experience in designing and using computer-based graphic applications.

**Functional Responsibility:** Uses advanced desktop publishing, page layout, and/or typesetting software to design and develop high quality textual and graphic compositions to communicate complex technical information. Provides computer-based graphic art utilizing a variety of commercial-off-the-shelf software applications to edit and create original artwork and other documents such as certificates, publications, charts, posters, forms, labels, brochures, meeting and conference handouts, slides, posters, and other presentation aids and exhibits. Also maintains basic skills and working knowledge of Web development programming tools, including HTML. Develops a system for scheduling and tracking requests for graphics/artwork to insure timely and efficient completion of all work products. To provide graphical user interface design, offers specialized expertise in the design and layout of graphical user interfaces particularly screen layouts and functionality for client-server applications (e.g. Microsoft Windows presentation screens). Conducts studies, testing and evaluation of screen prototypes for functionality, ease of use, efficiency, and accuracy.

**Minimum Education:** A.A or A.S Degree.

### Personal Computer Support Engineer

**Minimum/General Experience:** 2-3 years’ experience in the field or related area.

**Functional Responsibility:** Technician provides support to distributed PC/networking environment including installation, testing, repair, and troubleshooting for stand-alone PCs, PCs linked to networks, printers, and other computer peripherals. Support responsibilities include software installation, and configurations. This technician performs technical, operational, and training support to users of personal computers either by telephone, or on-site for PC desktop hardware and software packages. Job duties require the technician to install and test personal computers, printers, and other peripherals, configure operating system, load shrink-wrap programs and other application software programs. In this position, the incumbent troubleshoots computer problems, performs hardware and software diagnostics, coordinates needed repairs, resolves computer system problems, including coordination between users and components of a local area network, and participates in the evaluation of system configuration and software.

**Minimum Education:** B.S Degree. Associate degree or equivalent.

### Commercial Job Title: Administrator

**Minimum/General Experience:** 2 years’ experience in the field or related area.

**Functional Responsibility:** Provides administrative support to the members of the project team, such as general typing, filing, and answering phones. PC, Word Perfect/Windows, Excel, Microsoft Office, Windows XP

**Minimum Education:** Associate’s degree.
