<td>1 Set Pads, Insert Card, Clamshell Packaging. Sport Snuggs is an innovative insert that prevents foot movement inside the shoe, allowing for a more comfortable and secure fit. Sport Snuggs address the following: Insert fits securely under the sock in the front of the shoe and does not shift. - Keeps foot from sliding forward, causing toes to crush in toe space. - Prevents blistering from foot movement inside the shoe. - Eliminates need for footpad or heel inserts, which move and cause more blisters. - Helps prevent ankle roll. - Maintains fit snug as shoes stretches out. - One set of inserts work for all of your sport shoes. - Bonus – since these pads are on top of the foot, they do not take on foot sweat smells!</td>
