6. Discount from list prices or statement of net price.

A basic discount of 20-36% products and 17% labor from the awarded commercial price list. For calculation of the GSA Schedule price (price paid by customers ordering from the GSA Schedule, and the price to be loaded in to GSA Advantage), deduct the appropriate basic discount from the list price and add the prevailing IFF rate to the negotiated discounted price (Net GSA price). The current IFF is .75% and should be calculated as follows: Negotiated price divided by (1 minus .0075) which equates to Negotiated price divided by 0.9925. Example: $(\$100,000 / 0.9925) = \$100,755.67$ or GSA Net Prices are shown on the attached GSA Pricelist. Negotiated discount has been applied and the IFF has been added.

7. Quantity discounts.

ANCILLARY, 334290	Technician I	Provide support to installation teams by deploying materials and tools necessary to locations on the job-site, set-up materials, prep installation areas, and clean-up/remove debris. Report to Lead Technician/Project Foreman any potential problem areas that may adversely affect performance or quality. Technician must be able to follow delegated instructions and must possess a willingness to learn. Perform simple tasks such as replacing components, wiring circuits, repairing simple electronic equipment, and taking test readings using common instruments.	High School Diploma	Entry Level	\$54.36

ANCILLARY, 334290	Technician II	Applies technical expertise to solve complex problems. Performs tasks including periferal system optimization, circuit analysis, and sytem start up support. Uses processes and documentation to assist in system test and check out. Able to service and analyze systems for commissioning and corrective action on failures up to and included system servers.	High School Diploma	3 Years	\$62.72
ANCILLARY, 334290	Lead Technician	Perform as a team leader on security system installation and construction projects. Installs appropriate devices; dismantles and reconstructs. Responsible for programming and training onsite personnel in numerous Access Control & IP based CCTV systems. Must have understanding of the construction process, time line management, utilizing work packages and budget tracking. Is the primary decision maker, perorts to the customer and Project Management.	Associates Degree	5 Years	\$66.90
ANCILLARY, 334290	Field Engineer	The Field Engineer is responsible for installation of equipment. The field engineer assists in the project as it develops through the implementation phase, performs engineering analysis and design tasks, prepares specifications & designs, and implements solutions.The Engineer may work as part of a project team writing test procedures, compiles and evaluates design and test data, and prepares technical specifications. The Engineeeralso can serve as technical support, system programmers, trainer, and quality control.	Bachelors Degree	5 Years	\$91.99
ANCILLARY, 334290	Service Technician	Independently conducts site surveys, supports repair quotes, interfaces directly with customers. Functions with periodic direction and little guidance from supervisor. Able to service and analyze systems for commissioning, maintaining, and corrective action on failures up to and included system servers on a high level of technology. Works with all aspects of access control, video systems, audio system, and assooiated applications that support a customers needs. Interface with Factory support personnel and manufatures for resolution to situation needs.	Associates Degree	5 Years	\$71.08

ANCILLARY, 334290	Application Engineer	Design systems, generate scopes, quote package delivery, RFP generation, project site surveys, study and determine specifications, drawings, and schematics. Support all aspects of electronic security systems which are often software based solutions. Includes system configuration, system programming, user administration and confidentiality. Possess thorough knowledge of IP Based Security Management systems such as, but not limited to Access Control, Logical Security, Identity Management, IDS and Video systems.	Bachelors Degree	5 Years	\$79.45
ANCILLARY, 334290	Project Manager	Project Manager will lay out a complete project from start to finish with work tasks, manpower requirements, critical paths, test procedures etc. The project manager will develop Gantt charts, when required, to determine individual task requirements for project scheduling. The PM will provide regular feedback on the performance of technicians and also control and track all materials required for each project. Report on-site material inventory on the last working day of each month and also procure change orders on a consistent basis. Relay implementation details to engineer for incorporation into a work order package also manage subcontractors assigned to project. Produces accurate paperwork including: return materials sheets, quality assurance sheets, timesheets, test results, and other required documentation. Assures all installation work and associated testing required is performed to the latest specifications. Serves as direct interface with the customer and keeps personal technical skills up to date by reading trade magazines, attending in-house training classes and vendor seminars.	Bachelors Degree	5 Years	\$100.35
ANCILLARY, 334290	Systems Programmer	Working with engineers, responsibilities include following logical development guidelines to program systems, servers and software to function and interface with other programs in an effort to create secure, user-friendly applications for access and VMS Systems.	Associates Degree	2 Years	\$96.17

ANCILLARY, 334290	CAD Design	Will provide support to engineers by preparing routine layouts, detail drawings, assembly drawings, sketches and diagrams. Create and revise sales, manufacturing, and tooling drawings. Check dimensions and tolerances, component materials and finishes, material and finish specifications, and relation of drawing to other associated drawings. Utilize knowledge of various machines, engineering practices, mathematics, materials and other physical sciences to complete drawings. Update Drafting Standards and Engineering Standards as required. Maintain an organized hardcopy and/or electronic filing system for drawings and other documents.	CAD Certification	2 Years	\$71.08
