Company Background

For more than two decades, FJC Security Services has partnered with government agencies to implement and manage innovative solutions to the most challenging facility security requirements. Headquartered in Floral Park, New York, FJC's nearly 4,500 security officers today provide more than six million hours of security services annually. Our officers protect some of the nation's most critical government infrastructure, including the site of the former World Trade Center ("Ground Zero"), the John F. Kennedy International Airport, the Newark Liberty International Airport and the Brooklyn Bridge. FJC's clients include dozens of Fortune 500 corporations, as well as federal, state and municipal agencies.

Founded by retired NYPD Officer Frank Califano, Sr., FJC offers one of the most experienced and qualified management teams in the industry. Our senior leadership corps collectively possesses more than three centuries of law enforcement and security management experience comprised of retired and former federal, state and local law enforcement officers and agents, and veterans from all branches of service. Licensed and certified in advanced specialties ranging from private investigation to firearms instruction, life and safety, OSHA and CPP, our senior management is actively engaged in the day-to-day operation of the company and available to support each client's individual program needs.

From initial vulnerability and risk assessment to recommendation, implementation, and program management, FJC uses scalable, state-of-the-art personnel management tools, and tested processes forged by decades of security management and law enforcement expertise, to assure an integrated, end-to-end approach to our clients' security requirements. FJC offers government clients technical and managerial capabilities to successfully manage and integrate large guard force programs comprised of personnel dispersed throughout multiple sites and locations. Our security officers provide a variety of services, including:

Armed and Unarmed Officers	Access/Egress Control
Closed Circuit Video Monitoring	Badging
X-Ray/Magnetometer Screening	Patrols (Foot/Vehicle/Bicycle)
Traffic Control & Parking Access	Crowd Control/Event Staff
Remote Video Surveillance	Alarm Response
HazMat	Fire Safety
Concierge	Off-Duty Police Officers
Public & Tenant Relations	Port and Base Security
Emergency Response	First Aid/CPR Assistance
Multi-Lingual Officers	Asset Protection

The FJC team is committed to client satisfaction, pioneering human capital management and proactive quality control. Our company has received numerous accolades and awards for its dedication to service, including the prestigious National Achievement Award by the United States Small Business Administration.

Information for Ordering Activities

FJC's services are already approved for purchase under a government-wide contract available for use by any government agency, the Multiple Award Schedule (MAS). This makes it easy and convenient for your agency to put FJC'S expert team of security professionals to work for you immediately. You can purchase our services by contacting (703) 246-9022 or toll free at 1-888-FJC-TEAM.

Orders placed pursuant to the MAS, using the procedures set forth in FAR 8.404, are considered to be issued pursuant to full and open competition. As such, when placing orders under the MAS, ordering agencies and contracting officers are not required to seek further competition, synopsise the requirement, or make a separate determination of fair and reasonable pricing. GSA has already determined that the prices of our services contained in the price list attached to our Schedule are fair and reasonable. By placing an order against the schedule using the procedures outlined in FAR 8.404, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative. FAR 8.404 encourages Contracting Officers to compare and negotiate volume discounts on pricing before entering discussions for contracts in excess of \$200,000 per year. Ordering offices may contract with vendors using the Federal Supply Schedule for any limit.

Attachment I: Labor Category Descriptions

Special Item Number 246-54 Guard Services

The following paragraphs establish required qualifications for the corresponding labor categories. Each labor category contains a narrative description of the typical duties and responsibilities of the security position. Please note these categories are not the only positions available. Specific customer needs may vary and task order requirements are stated accordingly.

When a specific labor category defines an amount of years experience as substitute for an educational degree, only an earned degree may be substituted for each defined experience period. If the number of years experience is not provided as a substitute for an educational degree in a labor category, then a minimum of five (5) additional years of specialized experience is required. If a request for substitution of two degrees is submitted, then ten (10) additional years of specialized experience (five for each degree) must be provided in the nominee's work experience documentation (resume). Additional degrees may also be considered as a substitute for a lack of required experience tenure. An additional degree may substitute for the lack of two or fewer required years of experience. Registration as a Certified Protection Professional is considered equivalent to a Bachelor's degree.

FJC carries basic liability insurance coverage for its entire security force. If the ordering agency desires insurance coverage above the policy amount or performance bonds for security guards, the fees for such services will be negotiated outside the scope of this contract. An ordering office should contact our Senior Vice President of Federal Services, Mark Machi, to obtain pricing information.

Guard Level I

Functional Responsibility: Carries out instructions primarily oriented toward insuring that emergencies and security violations are readily discovered and reported to appropriate authority. Intervenes directly only in situations which require minimal action to safeguard property or persons. Duties require minimal training.

Experience: 21 years of age; Entry Level

Education: High school diploma or GED plus completion of a certified security training program or local, state or federal law enforcement training academy.

Guard Level II

Functional Responsibility: Enforces regulations designed to prevent breaches of security. Exercises judgment and use discretion in dealing with whether first response should be to intervene directly (asking for assistance when deemed necessary and time allows), to keep situation under surveillance, or to report situation so that it can be handled by appropriate authority. Duties require specialized training in methods and techniques of protecting security areas. Commonly, the guard is required to demonstrate continuing physical and proficiency with firearms or other special weapons.

Experience: 21 years of age; one (1) year of guard experience.

Education: High school diploma or GED plus completion of a certified security training program or local, state or federal law enforcement training academy.

Alarm Monitor

Functional Responsibility: Operates communication equipment to receive incoming calls for assistance and dispatches personnel and equipment to scene of emergency. Operates telephone console to receive incoming calls for assistance. Questions caller to determine nature of problem and type and number of personnel and equipment needed, following established guidelines. Scans status charts and computer screen to determine units available. Monitors alarm system signals that indicate location of fire or other emergency. Operates two-way radio to dispatch police, fire, medical, and other personnel and equipment and to relay instructions or information to remove units. Types commands on computer keyboard to update files and maintain logs. Tests communications and alarm equipment and backup systems to ensure serviceability. May provide pre-arrival instructions to caller, utilizing knowledge of emergency medical techniques. May activate alarm system to notify fire stations.

Experience: 21 years of age; one (1) year of guard experience.

Education: High school diploma or GED plus completion of a certified security training program or local, state or federal law enforcement training academy.

Supervisor Level I

Functional Responsibility: Performs immediate on-site supervision; provides leadership and guidance to non-supervisory personnel on a day-to-day basis. Maintains timely and effective liaison with fellow security guards and guard supervisors; monitors and controls access and egress to, from, and through facility. Completes and submits well-organized, legible, neat, understandable reports and log entries for reportable incidents including date, time, description and identification, etc. Monitors, acknowledges, reports and responds to security system violations/alarms, fire and/or fire alarm occurrences, and other reportable events, in accordance with instructions/post orders.

Experience: Certification of graduation from a local, state or federal law enforcement academy or a certified security training program; plus completion of a certified supervisory or leadership course.

Education: 5 years experience in security or law enforcement, to include military police, 2 years in a supervisory position or a 4-year degree.

Supervisor Level II

Functional Responsibility: Performs immediate on-site supervision; provides leadership and guidance to non-supervisory personnel on a day-to-day basis. Maintains timely and effective liaison with fellow security guards and guard supervisors; monitors and controls access and egress to, from, and through facility. Completes and submits well-organized, legible, neat, understandable reports and log entries for reportable incidents including date, time, description and identification, etc. Monitors, acknowledges, reports and responds to security system violations/alarms, fire and/or fire alarm occurrences, and other reportable events, in accordance with instructions/post orders.

Experience: Certification of graduation from a local, state or federal law enforcement academy or a certified security training program; plus completion of a certified supervisory or leadership course.

Education: 5 years experience in security or law enforcement, to include military police, 2 years in a supervisory position or a 4-year degree.

Manager Position

Functional Responsibility: Performs immediate on-site supervision; provides leadership and guidance to non-supervisory personnel on a day-to-day basis. Maintains timely and effective liaison with fellow security guards and guard supervisors; monitors and controls access and egress to, from, and through facility. Completes and submits well-organized, legible, neat, understandable reports and log entries for reportable incidents including date, time, description and identification, etc. Monitors, acknowledges, reports and responds to security system violations/alarms, fire and/or fire alarm occurrences, and other reportable events, in accordance with instructions/post orders.

Experience: Certification of graduation from a local, state or federal law enforcement academy or a certified security training program; plus completion of a certified supervisory or leadership course.
