## **COMPANY NARRATIVE**

Founded in 1992, Assigned Counsel is a seven-figure company. Our revenue comes principally from billings of our temporary attorneys working in corporate law departments, government agencies or with law firms.

Our client account and recruitment managers are experienced attorneys with significant in-house and/or private experience. This breadth and depth of knowledge enables our attorneys to evaluate whether there is a fit between the job requirements and the candidates and enables them to provide clients and contract attorneys with their assessments. Experience has demonstrated that our assessments are uniformly accurate.

We can guarantee clients prompt response to any request. In addition to offering an 800 number, Assigned Counsel provides cellular telephones to all key personnel, and makes those numbers available.

Assigned Counsel has an active program with respect to hiring minorities and women. First, our company is 51% minority-owned. We believe we are the only major contract attorney firm that is minority owned and operated.
