AmeriGuard Security Services, Inc. (AmeriGuard) is headquartered in the City of Fresno, California. The company provides security guard services throughout the State of California. Within the past year, we have employed in excess of one-hundred (100) security officers. We are SBA 8(a) & HUB-Zone certified and we are Veteran-owned.

Recently, AmeriGuard completed a large contract with the U.S. Department of Homeland Security (DHS) to provide Armed Security Guard Services at nearly all of the Federal offices, Federal Buildings and Federal Courthouses throughout the Central Valley. In January 2006, AmeriGuard was awarded a contract with the Federal Aviation Administration (FAA) to provide armed security guard services to the Oakland Air Route Traffic Control Center (ARTCC) in Fremont, California. Under this contract we provide armed security to a large Federal Office Building with guards who maintain Secret Clearance, who conduct gate ingress and egress control, who perform badging and ID checks, and who perform vehicle checks, anti-terrorism security services, patrol services and lobby desk services. This contract started on March 1, 2006 for one year plus four one-year option years.
