

Smith-Midland Corporation manufactures precast buildings in a variety of sizes, including restroom buildings. All sections of the buildings are fabricated with 5,000 p.s.i. concrete and can be manufactured to meet all local building codes. Exterior finishes can match many different existing structures and all buildings are A.D.A. compliant.

Buildings can be delivered fully assembled and ready to use or customized with electrical, HVAC, or HAZMAT packages. With locations in Virginia and North Carolina, Smith-Midland continues to lead the Mid-Atlantic region in providing precast buildings.
