3. Probable life of the item selected compared to that of a comparable item

8. Place order directly with contractor

Documentation:

Minimum documentation is generally all that is required. Additional documentation is necessary when requirement is defined to a particular brand name and only for orders exceeding the micro-purchase threshold.

Orders exceeding the maximum order threshold

FAR 8.404(b) (3) provides new guidelines for orders exceeding the maximum order threshold:

In addition to following the ordering procedures for orders above the micro-purchase threshold, ordering offices shall -

- (i) Review additional schedule contractors' catalogs/price lists or use the "GSA Advantage! on-line shopping service.
- (ii) Based upon the initial evaluation, generally seek price reductions from the schedule contractor(s) appearing to provide the best value (considering price and other factors); and
- (iii) After price reductions have been sought, place the order with the schedule contractor that provides the best value and results in the lowest overall cost alternative (see 8.404(a)). If further price reductions are not offered, an order may still be placed, if the ordering office determines that it is appropriate.
