About 50 State

50 State Security Service, Inc. ("50 State") is a leader in the security services industry. We provide comprehensive security solutions that address your security challenges. We offer a combination of security solutions packaged in a cohesive manner and delivered by one company.

Founded in 1971, we have over 1,000 employees available to deliver a combination of physical and electronic security services. We have an outstanding security officer workforce and a team of qualified electronics technicians to deliver the technology and security software support necessary to provide a comprehensive security program.

Our Approach

- Collaborate with your team
- Understand your needs
- Identify the right solutions from our vast resources
- Develop a security program that is affordable and expandable
- Provide an attentive and proactive management team
- Deliver solutions that consider security requirements, cost and convenience
- Provide a wide range of ongoing support services

50 State Security Service, Inc. ("50 State") today is one of the largest and longest standing locally owned security services providers in South Florida. 50 State has demonstrated a stable and strong presence in South Florida by providing quality security services to commercial, residential, industrial, and government locations.

Our mission is to provide competent, trained, and professional unarmed and armed security officer services to support the security objectives of our clients.

We have relied on our quality reputation and customer referrals for our business expansion. The major contributors to our growth are our extensive experience, reputation in the South Florida marketplace, and consistent high quality service that has led to a consistent record of contract renewals.

We provide services in four major areas:

Consulting

50 State is leading the charge in the security services' continuously changing environment. We tackle a wide range of security challenges with our team of professionals who address the following areas: Physical Security, Video Surveillance, Alarm Systems, and Access Control.

Security Officers

50 State provides four (4) levels of professional, licensed, and trained armed and unarmed security officers and supervisors. The four (4) levels reflect varying degrees of training, experience, and functional capabilities: Premium Plus • Premium • Preferred • Standard.

Technology

50 State integrates a wide range of hardware and software to meet new and existing security requirements. Customized security solutions include the following: Access Control, Alarm Systems, Digital Video Systems, Alarm Response, and Monitoring delivered by our 24/7 Central Station.

Support Services

50 State delivers one of the most comprehensive security solutions available. We develop security programs and deliver the technical and operations support necessary to meet a client's current requirements and any changes in the client's environment or the security industry.

50 State successes are a direct result of the type of employees we have on staff. We recruit only the best. We conduct all screening and hiring of employees in accordance with all applicable local, state, and federal regulations and does not discriminate on the basis of race, creed, color, gender, or national origin. Candidates for employment are required to undergo an extensive background check that includes verification of security licenses, driver's licenses, social security cards, work authorization papers, and other identifications. A background check for any criminal history and a drug-screening test follow for candidates that meet the previous criteria.

50 State delivers the most comprehensive security solution available. We develop security programs and deliver the technical and operations support necessary to meet your current qualifications and any ongoing changes in your environment or the security industry:

- 50 State Security Academy: provides career opportunity as a State of Florida "D" Licensed Security Officer for potential candidates
- Investigations: Basic and advanced services, store detective services, surveillance
- Maintenance: Extended agreements for technology components
- Monitoring: Remote alarm and video monitoring
- Response: Alarm response on all 50 State installations
- Safety Training: Security officers and customers
- Security Audit: Annual evaluations and recommendations on all 50 State services
- Technology: Ongoing configuration and administration support to technology
- Training: Security officers, as well as customers, on our Property Management System software program and video surveillance systems
