PRICES – All prices are FOB Port Orchard, Washington. We reserve the right to change prices without notice. Written quotations are valid for 30 days unless otherwise indicated.

SPECIFICATIONS – We strive for continuous product improvement. We reserve the right to alter or discontinue specifications without notice.

WOOD – We use clear Red Cedar, clear vertical grain Douglas Fir, and Ipe (pau lope). Other wood species are available.

RECYCLED PLASTIC – Our recycled plastic is made from purified high density polyethylene, such as milk containers, and includes UV inhibitors to reduce fading. Standard colors are cedar, gray, and weathered wood.

TRANSIT & CLAIMS – Freight Rates: Please call for freight rates. Freight quotes are estimates only, subject to change after 30 days. Shipment will be by common carrier unless other arrangements are made.

Shipping Weights: Shipping Weights are estimated only and can be affected by the quantity ordered and the moisture content in wood, where applicable.

Claims: FairWeather is not responsible for loss or damage in transit. The consignee must file a claim against the carrier for loss or damaged products.

RETURNS & CANCELLATIONS – Approval for returned items must be obtained from FairWeather in advance. Any items returned for the customer's convenience are subject to a 25% restocking charge and must be sent freight prepaid and be received in resalable condition.

MINIMUM ORDERS – For all orders with quantities of 5 or less, add a \$65 set up fee for Powder Coat color. Exceptions: Steel bench orders

EXTRA REVEALS – All B-4 Bollards are priced with 2 reveals. The B-45B3 bollard in the catalog has 3 reveals, add \$70 for bollard as pictured.

**Leader Manufacturing, Inc., FairWeather Division products
contribute to LEED certification in the following areas:**

Alternative Transportation

Use of bicycle racks, when used in the appropriate quantities and location, can contribute to the Alternative Transportation credit. The BR-1 series offers a sleek design with multiple bike capacities, while the BR-2 & BR-3 models offer space conscious site planners a suitable means for bicycle security and storage.

Indoor Environmental Quality: Prerequisite 1

Zero exposure to tobacco smoke is a prerequisite to receiving the Indoor Environmental Quality credit. FairWeather Site Furnishings offers several options for creating stylish, litter free outdoor smoking areas. Our various benches, ash urns, trash receptacles – some with ash pans, tables and chairs can be combined and custom designed to meet any site planning need.

Light Pollution Reduction

FairWeather Site furnishings' line of LED lighted bollards with the innovative iLight Plexineon® technology are an eco-friendly, stylish alternative to your basic lighted bollards. With their low lumens, the use of these bollards will contribute to Light Pollution Reduction.

Optimize Energy Performance

The energy savings obtained by the use of FairWeather LED lighted bollards can exceed 70% of the requirements of traditional outdoor light sources. In addition, these distinctive designs are cool to the touch and virtually sealed against water, bugs and dirt.

Materials and Resources

FairWeather Site Furnishings offer a variety of choices when it comes to materials used in fabrication. The material used in our steel and cast iron is made primarily from scrap, with a recycled content ranging from 95% - 98%. The steel is generally from 75% post consumer and 20 – 23% post industrial sources. FairWeather also offers recycled plastic alternatives to the use of timber in most of our wood products. The material normally used to produce our Recycled Plastic is 97% post consumer HDPE (high density polyethylene). This durable and versatile product is a smart choice for your specifying needs.

Local/Regional Materials

Most FairWeather products are manufactured and assembled in Port Orchard, Washington, just an hour due west of Seattle. Products shipping to jobsites within 500 miles of Fairweather's facility will contribute to the credit requirement for this category.

Warranty of FairWeather Products

The structural integrity of FairWeather's products shall be warranted for a period of 5 years from the date of delivery against defects in materials and workmanship if installed in accordance with our instructions. Normal wear, vandalism and misuse shall not be covered. The powder coated finish on FairWeather products shall be warranted for a period of 1 year from date of delivery, or for 3 years if ordered with a corrosion resistant undercoat. FairWeather recommends that all furnishings installed in a corrosive environment, (including but not limited to projects that are by the sea with saltwater exposure, areas where roads and walkways are salted in the winter, or by sand where wind creates a sandblasting effect), be coated with our corrosion resistant undercoat to preserve the finish and validate the warranty. FairWeather will not warrant the finish of products installed in said corrosive environments without the use of our corrosion resistant undercoat. Replacement of product, repair of product, or claims against the workmanship and integrity of product shall be determined solely by FairWeather Site Furnishings after it's authorized representative's inspection of said warranted products. FairWeather shall not be responsible for loss or damage in transit. The consignee must file a claim accordingly against the carrier for lost or damaged product.

How to Order

It is important to specify model name, size and any other specifics required. This price list can be used as a guide for your ordering procedures, as all standard options and sizes are listed with corresponding model name and number. Please call for non-standard or custom pricing. All FairWeather products are priced in U.S. dollars, FOB Port Orchard, WA and are valid for a period of 30 days from date of quotation. FairWeather's terms and conditions shall be communicated on original quotes and orders.

Freight

Freight charge estimates are FOB Port Orchard, WA and are subject to change without notice. Freight charges do not include unloading and placement. If lift gate service or other special freight handling is required upon delivery, please call for pricing or indicate service requirements on quote request. Please note that "lead time" does not include transit time to destination.

FairWeather Powder Coating & Finishes

FairWeather products come with a standard polyester or polyester TGIC powder finish, applied by a dry electrostatic process, unless otherwise specified. FairWeather's standard color options are listed in the product catalog and online at www.fairweathersf.com.

FairWeather LED Lighted Bollard

FairWeather's innovative LED lighted bollards are available in an array of style and color options. When determining powder finish color for bollards, please note that the LED lighting we use, iLight Plexineon®, also comes in a wide variety of color choices: **Bright White, Red, Blue, Amber, Orange, Green, Teal and Magenta**. All pricing included in this price list and on FairWeather's price proposals shall be quoted using iLight Plexineon® Bright White, unless otherwise specified. All LED lighted bollards come standard with one 24 volt/20 or 40 watt transformer. Please call for installation instructions, specifications and warranty information.
