REGISTRATION
(CCR) DATABASE: Registration Valid Until 04/30/2008.**

Accugenix offers a pricing structure based upon turnaround time requirements. You can control your pricing based on selecting different turnaround times for results. Whether your microbial isolates are routine or require immediate attention, we have the operational flexibility and capacity to meet your needs.

GENOTYPIC IDENTIFICATION OF BACTERIA AND FUNGI (rDNA SEQUENCING)

TURNAROUND TIME (TAT)	TEST CODE BACTERIA (16S 500bp)	TEST CODE FUNGI (LSU D2)	PRICE PER ISOLATE
Same Day	BacSeq-0	FunSeq-0	\$ 130
1 Day	BacSeq-1	FunSeq-1	\$ 115
2 Days	BacSeq-2	FunSeq-2	\$ 90
5 Days	BacSeq-5	FunSeq-5	\$ 75
10 Days	BacSeq-10	FunSeq-10	\$ 65

FULL GENE SEQUENCING (16S 1500bp)

TURNAROUND TIME (TAT)	TEST CODE BACTERIA	PRICE PER ISOLATE
Same Day	FulSeq-0	\$ 1100
2 Days	FulSeq-2	\$ 950
5 Days	FulSeq-5	\$ 700

BACTERIAL CHARACTERIZATION (RIBOPRINTER®)

Bacterial Characterization is performed using a standard two enzyme analysis (BacRib Test Codes). A single enzyme analysis (BacRibSE Test Codes) is offered for special circumstances.

TURNAROUND TIME (TAT)	TEST CODE BACTERIA (STANDARD TWO ENZYME)	PRICE PER ISOLATE	TURNAROUND TIME (TAT)	TEST CODE BACTERIA (SINGLE ENZYME)	PRICE PER ISOLATE
1 Day†	BacRib-1	\$ 392 *	1 Day†	BacRibSE-1	\$ 305 *
2 Days	BacRib-2	\$ 305 *	2 Days	BacRibSE-2	\$ 218 *
5 Days	BacRib-5	\$ 170 *	5 Days	BacRibSE-5	\$ 144 *
10 Days	BacRib-10	\$ 131 *	10 Days	BacRibSE-10	\$ 91 *
20 Days	BacRib-20	\$ 113 *	20 Days	BacRibSE-20	\$ 74 *

† When submitting a sample for BacRib-1 or BacRibSE-1, a pure culture less than 72 hours old is required. For all other TATs, pure cultures less than 72 hours old are recommended. Any cultures submitted that are more than 72 hours old will require a subculture. TAT for these samples will begin after successful subculture. Please label each sample with date cultured.

* Includes isolation, media, gram stain (if necessary), and culturing fees.

ADDITIONAL LABORATORY SERVICES & MISCELLANEOUS FEES

Accugenix offers a variety of services to complement our genotypic technologies to ensure the most accurate and reproducible microbial identifications available.

SERVICE	PRICE
Gram Stain, 1 day Turnaround Time (use Test Code GS-1)	\$ 30 (per isolate)
Gram Stain, 5 day Turnaround Time (use Test Code GS-5)	\$ 20 (per isolate)
Microscopic Identification of Molds (Genus) (use Test Code FunMic-5)	\$ 100 (per isolate)
Culturing, Subculturing or Isolation	\$ 40 (per isolate)
Overnight Delivery of Reports	\$ 25
Processing Fee	\$ 50
Culture or Container Return	Contact Customer Support

Accugenix can structure an annual pricing program to meet your committed testing requirements. Contact your representative for details or Customer Support at 302.292.8888 or 800.886.9654.

SAMPLE SUBMITTAL

A completed Identification (ID) Request Form with authorized signature must accompany all samples shipped to Accugenix. Hard copy of payment/purchase order must be included or testing will be delayed. The ID Request Form may be accessed at www.accugenix.com.

Microbial identification can only be performed with pure colonies. Customers may ship plates with more than one colony type, provided that the colony (or colonies) to be identified is (are) well separated from other organisms. The organisms to be identified should be clearly marked and listed individually on the ID Request Form to ensure testing will not be delayed.

Accugenix does not perform sterility testing. Failure to obtain a result does not indicate or imply sterility of sample.

If samples are received at Accugenix after 3:00 PM ET, TAT will begin the following business day.

ADDITIONAL FEES MAY APPLY TO THE FOLLOWING:

- Samples for which it is unknown whether the organism is a bacterium, mold or yeast
- Liquid (broth) and plated samples containing more than one organism
- Samples that do not produce sequence data
- Submitted samples that are cancelled by a customer after testing has begun will incur full charge for identification
- Customer samples retained beyond three (3) weeks
- Overnight shipping of final report(s)

TAT (TURNAROUND TIME) REQUESTS

TAT is based on business days and begins on the day of receipt at Accugenix. If, upon arrival, the ID Request Form is incorrect or incomplete, samples are mixed, contain no visible growth and/or require testing for clarification, the TAT will begin when isolated colonies, sufficient growth and/or additional information is received. In addition, samples submitted for Bacterial Characterization that are more than 72 hours old will require a subculture. TAT for these samples will begin upon successful subculture.

Results are issued by 6:30 PM ET on the due date.

Samples submitted for same day turnaround time (TAT) require notification prior to their arrival. Please contact Customer Support at 302.292.8888 with the shipper and tracking number. Same day TAT samples must be shipped for arrival at Accugenix by 8:30 AM Eastern Time (ET). Accugenix does not guarantee results by 5:00 PM ET for samples received later than 8:30 AM ET. Same Day TAT is available for samples received Monday through Friday. Should a Saturday same day TAT be required, please contact Customer Support by 3:00 PM (Friday before) to confirm availability to process your samples. Additional fees will apply.

Final reports (hard copies) are sent upon completion of all samples on the ID Request Form.

MISCELLANEOUS

Accugenix sample retention policy is to hold customer samples for three (3) weeks post-result due date. Requests for longer retention should be made in writing to Customer Support.

Once samples arrive, processing is initiated based on requested TAT.

Accugenix recognizes most major United States holidays and will be closed. Please contact Customer Support with questions regarding holiday observances and resulting effect on TAT.

Accugenix pricing is subject to change without notice. Payment terms are net thirty (30) days.

Accugenix warrants that the services provided to Client shall conform to Accugenix's current testing specifications and with current Good Manufacturing Practices.
