Company History

Environmental Services, Inc., (ESI) was incorporated in 1986 in Jacksonville, Florida. ESI provides quality responsive services in a variety of disciplines including wetlands, protected species, mitigation services, cultural resource assessments, soil science investigations, environmental contamination, stream restoration, forest management and agricultural services, greenhouse gas qualification, carbon offsets and sustainability. Through our commitment to quality, responsiveness and diversity, ESI is a leading environmental consulting firm regionally and internationally.

ESI's environmental resource professionals include ecologists, biologists, wetland scientists, foresters, arborist, marine scientists, geologists, archaeologists, environmental scientists, GHG quantifiers and verifiers and Geographic Information Systems (GIS) specialists who have extensive experience throughout the region. ESI has fostered good working relationships with the various state and federal agencies regulating jurisdictional wetlands. Our diverse project experience has also allowed ESI to work closely with staff of the U.S. Fish and Wildlife Service (USFWS), Department of Environmental Protection (DEP), Department of Transportation (DOT), the State Historic Preservation Office (SHPO), and U.S. Army Corps of Engineers (ACOE) and many others. ESI's familiarity with state and federal regulations, our extensive regional experience, and our strong commitment to customer service has produced success for our client's projects.

The ESI approach is based upon technical excellence, professional experience, regular communication with the client, and above all, responsiveness to the needs of our clients to provide superior and creative project solutions. We strive to identify potentially complex issues before they become problems and to assist our clients in understanding and dealing with those issues early in the process. Efficiency and speed are paramount to these goals, and ESI has a reputation for producing quality reports and other products on or ahead of schedule and within budget.

SCA Matrix

SCA Eligible Labor Category	SCA Equivalent Code - Title	Wage Determination Number
Administrative Assistant	01020 - Administrative Assistant	05-2115
Technician	30090 - Environmental Technician	05-2115

The Service Contract Act (SCA) is applicable to this contract and it includes SCA eligible labor categories. The prices for the cited SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix. The prices offered are based on the preponderance of where work is performed and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly.
