## Preface

Government Managers face ever-changing challenges on a daily basis. Having quality Logistics personnel ready to support mission requirements and respond to the public agenda can lessen management stress.

*Alliance Technical Services, Inc. (ATS)* now has a General Services Administration MAS Schedule that runs through September 2021. This schedule allows Managers to cut through the acquisition process, get the quality Logistics personnel they need, and proceed with accomplishing their goals.

The advantages of using the *ATS* MAS Schedule is that GSA has already done the hard part, that is, they have set up a contract with all the terms and conditions defined. This enables you and your agency to keep paperwork to a minimum.

### *ATS* MAS SCHEDULE Advantages:

- ✓ No need to synopsise requirements in CBD.
- ✓ No need to search out vendors to fill needs.
- ✓ Fast response (usually within 10 – 15 days). Faster if required.
- ✓ Able to place an order and invoice electronically (EDI).
- ✓ Able to use government credit card.
- ✓ No dollar limitation. Each order can be up to \$1 million dollars.
- ✓ Can set up a Blanket Purchase Agreement (BPA) for recurring requirements with minimal paperwork and effort.

Sincerely,  
ALLIANCE TECHNICAL SERVICES, INC.

Larry A. Wade  
President

While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If the contractor adds SCLS labor categories / employees to the contract through the modification process, the contractor must establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable wage determination number. Failure to do so may result in cancellation of the contract
