ABOUT TECHNOLOGY TRENDS GROUP

Founded in 1997 as a Virginia-based, Woman-Owned Small Business Technology Trends Group, Inc. (TTG) is a management consulting firm for public and private organizations. TTG has worked within a wide variety of program offices providing expert advice, assistance and guidance in assessments, requirements analysis, request for proposal (RFP) development, proposal analysis and evaluation, strategic planning, system synchronization, and complete project management in support of organizations' business efforts. TTG has participated in and managed numerous consulting projects for both commercial and government clients.

TTG staff has over 20 years of consulting and program management experience which includes:

- System Synchronization
- Strategic Planning
- Baseline Assessment
- Requirements Analysis
- Needs Projections
- RFI/RFP Preparation
- Proposal Evaluation
- Technical Evaluation
- Project Management And Support

TTG has a proven track record for its consulting and project management projects. Since its inception, TTG has successfully completed multiple projects, many with very constrained timelines. Part of TTG's success is based on the utilization of a set of electronic tools and project management methodologies developed over many years. TTG will continue to apply these proven methods to GSA Schedule projects.

TTG CLIENTS

TTG is committed to helping client's find the best solution to operate. TTG is a member of the Society of Telecommunications Consultants (STC) an association of independent consultants who adhere to a Code of Ethics, and has over 20 years of experience in the communications industry. Over the past 18 years TTG has assisted client's to efficiently and effectively meet their requirements and offers an experienced, diverse, and reliable managerial and technical staff to support our federal customers which include:

- Smithsonian Institution
- Federal Acquisition Service

SIN	Description	Page
874 1	Integrated Consulting Services	7
874 1 RC	Integrated Consulting Services	7

1b. LOWEST PRICED MODEL:

N/A

1c. LABOR CATEGORIES:

Project Manager

Description: Manages contract and serves as the contractor’s authorized interface with customer agency representatives. Formulates work standards, develops and manages contractor schedules, reviews work, supervises/directs contractor personnel. Responsible for overall contract performance, including quality assurance.

Education: Bachelor’s in related area.

Experience: More than 10 years professional work experience.

Training: There is no special training required that may affect the offered rate.

Certifications/Clearances: There are no certifications or clearances needed for this position.

Senior Consultant

Description: Plans, organizes, directs, and conducts tasks in problem areas of moderate scope and complexity. The problems are difficult to define, and may require novel approaches and the use of sophisticated techniques. Has moderately extensive technical responsibility for interpreting, organizing, executing and coordinating assignments. Keeps abreast of new methodologies, databases, and tools. Makes technical decisions, which are considered authoritative, and which demonstrate mature judgment in anticipating and solving complex problems. Work requires the technical capability to assess the cost and schedule implications of existing and projected technological advances, as well as being able to evaluate the impact of new and innovative acquisition strategies. Work is reviewed by the Program Manager to ensure that it satisfies customer needs and complies with the contractor’s overall standards.

Education: Bachelor’s in related area.

Experience: More than 7 years professional work experience.

Training: There is no special training required that may affect the offered rate.

Certifications/Clearances: There are no certifications or clearances needed for this position.

Junior Consultant

Description: Applies diversified knowledge of principles and practices in areas of assignments. Work requires the modification and extension of existing methodologies and may require the use of advanced techniques. Plans and conducts work requiring judgment in the evaluation, selection, and adaptation and or consults with Senior Consultants on unusual or complex problems. Work requires the technical capability to assess the cost and schedule implications of existing and projected technological advances, as well as being able to evaluate the impact of new and innovative

strategies. Work is reviewed by Senior Consultants to ensure technical accuracy, and to ensure it satisfies customer needs and complies with the contractor's overall estimating standards.

Education: Bachelor's in related area.

Experience: More than 3 years professional work experience.

Training: There is no special training required that may affect the offered rate.

Certifications/Clearances: There are no certifications or clearances needed for this position.

SIN **874-1** & **874-1RC**:

Labor Category	GSA Rate per hour	GSA Rate per hour for any single task order at or above \$840K
Project Manager	163.47	139.01
Sr. Consultant	119.17	107.49
Jr. Consultant	104.79	96.21

The Service Contract Act (SCA) is applicable to this contract and as it applies to the entire 00CORP The Professional Services Schedule and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29CRF 5413.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and/or when the Contractor adds SCA labor categories / employees to the contract through the modification process, the Contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and applicable wage determination (WD) number. Failure to do so may result in cancellation of the contract.
