1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. Not Applicable.

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item. Not Applicable.

2. Maximum order. $1,000,000

3. Minimum order. $100.00

4. Geographic coverage (delivery area). Domestic delivery

5. Point(s) of production (city, county, and State or foreign country). Not Applicable.

6. Discount from list prices or statement of net price. Prices shown herein are net prices.

7. Quantity/volume discounts. None.

8. Information for Ordering Offices. Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9a. Notification that Government purchase cards are accepted at or below the micro-purchase threshold. Government purchase cards are accepted at or below the micro-purchase threshold.

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold. Government purchase cards are accepted above the micro-purchase threshold.

10. Foreign items (list items by country of origin). Not Applicable.
11.(a) Time of delivery. **To be negotiated with ordering agency on each task order.**

11.(b) Expedited delivery. **To be negotiated with ordering agency on each task order.**

11.(c) Overnight and 2-day delivery. **To be negotiated with ordering agency on each task order.**

11.(d) Urgent requirements. **To be negotiated with ordering agency on each task order.**

12. **F.O.B. point(s).** **Destination.**

13a. Ordering address(es). **EnviroApplications, Inc.**
Lynnette Dillon
2831 Camino Del Rio South, Suite 214
San Diego, CA 92108
(619) 291-3636 Fax: (619) 291-3639
ldillon@enviroapplications.com

13b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3.

14. **Payment address(es).** **EnviroApplications, Inc.**
2831 Camino Del Rio South, Suite 214
San Diego, CA 92108

15. **Warranty provision.** Not Applicable.

16. **Export packing charges, if applicable.** Not Applicable.

17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level).** Contact Contractor.

18. **Terms and conditions of rental, maintenance, and repair (if applicable).** Not Applicable.

19. **Terms and conditions of installation (if applicable).** Not Applicable.

20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable).** Not Applicable.

20a. **Terms and conditions for any other services (if applicable).** Not Applicable.

21. **List of service and distribution points (if applicable).** Not Applicable.

22. **List of participating dealers (if applicable).** Not Applicable.

23. **Preventive maintenance (if applicable).** Not Applicable.

24a. **Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants).** Not Applicable.
24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor's website or other location.) The EIT standards can be found at: www.Section508.gov/.

25. Data Universal Number System (DUNS) number. 79-084-1865

26. Notification regarding registration in System for Award Management (SAM) database.

   Contractor is registered in System for Award Management (SAM) database.

27. Uncompensated Overtime. (Indicate if used). Not Applicable.

ABOUT ENVIROAPPLICATIONS, INC.

Introduction to EnviroApplications, Inc.

EnviroApplications Incorporated (EnviroApplications) is a full-service, employee-owned, environmental engineering and consulting company serving commercial and government sector clients throughout the United States and its territories. EnviroApplications is a certified Small Business Enterprise that prides itself on providing quality technical services at competitive pricing. Founded in 2006, EnviroApplications has successfully completed hundreds of projects supporting our clients' needs for environmental site assessments (ESAs), risk assessment, indoor air quality sampling and assessment, surveys for asbestos-containing materials (ACMs), lead-based paint (LBP) and mold, site remediation, permitting, facility compliance, environmental due diligence, stormwater compliance, groundwater resource management and development. EnviroApplications understands the importance of safety and takes this commitment very seriously. EnviroApplications will not sacrifice safety for project performance.
EnviroApplications is headquartered in San Diego, California and has locations in Westlake Village, California, Las Vegas, Nevada, and Bellevue, Washington.

EnviroApplications realizes that environmental decisions can greatly affect business, both the cost impact and public and employee perception. To make sensible decisions, an understanding of our client’s business and needs is essential to developing the proper solution. The project-specific environmental factors must be identified, quantified and, if necessary, mitigated. EnviroApplications’ professionals provide the necessary combination of environmental understanding and business management skills to ensure that our business clientele receive cost-effective environmental support services and superior quality results.

EnviroApplications is committed to exceptional client service with the utmost professional integrity. Our staff is technically proficient and has an average of over 15 years of environmental experience per professional, with diverse and extensive project experience. EnviroApplications’ experts are practiced in solving tough business issues and helping clients to develop and implement cost-effective solutions.

Our projects range in size from several hundred to million-dollar, multi-year projects, involving complex issues that demand a project team with diverse skills. Our ability to provide these diverse skills has resulted phenomenal growth of EnviroApplications and a large repeat client base.

Why EnviroApplications?

EnviroApplications recognizes you have a choice when it comes to selecting professional service providers, and you may ask “why EnviroApplications?” when it comes to your environmental, health & safety, and management needs. The answer is based on our simple core principles for service delivery:

➢ Practical solutions that focus on the client’s goals, objectives, and expectations;
➢ Completion of services on time and on schedule;
➢ Costs that are reasonable and within the client’s expectations; and
➢ Responsiveness to client’s needs that is second to none.
SERVICES OFFERED BY SIN:

**SIN 541620 – Environmental Consulting Services**

Environmental Consulting Services - Services include providing advice and assistance to businesses and other organizations on environmental issues, such as the control of environmental contamination from pollutants, toxic substances, and hazardous materials; Endangered species, wetland, watershed, and other natural resource management plans; Archeological and/or cultural resource management plans. This includes identifying problems (e.g., inspect buildings for hazardous materials), measure and evaluate risks, and recommend solutions. multi disciplined staff of scientists, engineers, and other technicians with expertise in areas, such as air and water quality, asbestos contamination, remediation, ecological restoration, and environmental law such as Planning and Documentation Services for the development, planning, facilitation, coordination, and documentation of and/or for environmental initiatives (or mandates such as Executive Order 13693 in areas of chemical, radiological, and/or hazardous materials; ISO 14001 Environmental Management System (EMS) and sustainable performance measure development; Environmental Assessment (EA) and Environmental Impact Statement (EIS) preparation under the National Environmental Policy Act (NEPA).

- Environmental Site Assessments
- Preliminary Site Assessments
- RCRA/CERCLA Site Investigation
- Human health and ecological risk assessments
- Geographic information systems (GIS) for environmental mapping
- Stormwater Pollution Prevention Plans (SWPPP)
- Pollution prevention surveys, plans, and opportunity assessments
- Spill Prevention, Control and Countermeasure (SPCC) Plans
- Stormwater and wastewater compliance assessments
- National Pollutant Discharge Elimination System (NPDES) permitting and discharge monitoring
- Technical and feasibility studies (e.g., range management plans, capital project plans)
- Strategic environmental plans and management action plans
- Soil, groundwater, wastewater, and air sampling and analysis
- Asbestos /Lead-based paint surveys
- Real-time indoor air surveys/analysis
- Indoor air quality assessments
- Vapor intrusion/indoor air quality assessments
- Air permitting
- Compliance audits, assessments, inventories, and data management
- Air emission inventories (AEI)
- Environmental Compliance Audits
- Hazardous Waste Management Plans and Surveys
- Hazardous Material Management Plans
- Hazard assessments and exposure assessments
- Hazardous waste contingency plans
- Hazardous waste characterization and generator status determination
- Data Collection, Feasibility or Risk Analysis
- Waste Characterization and Source Reduction Studies
- Wastewater treatment characterization/ design engineering
- Drinking water quality studies and testing
- Groundwater resource management/ development
- Community Health and Safety Plans
- Development of Emergency Response Plans
- Land planning
- NEPA/CEQA support
- Regulatory permitting and analysis
- Clean Water Act 404 and 401 Permitting/Certification
- Noise studies
ENVIRONMENTAL REMEDIATION SERVICES

Environmental Remediation Services - Remediation services include site preparation, characterization, field investigation, conservation and closures, emergency response cleanup (ERC), underground storage tank/above-ground storage tank (UST/AST) removal, air monitoring, soil vapor extraction, stabilization/solidification, bioventing, carbon absorption, containment, monitoring and/or reduction of hazardous waste sites, unexploded ordnance removal, and remediation-related laboratory testing (e.g., biological, chemical, physical, pollution and soil testing). Reclamation services include: creating new land from sea or riverbeds, wetland restoration, and restoring areas to a more natural state (e.g., after pollution, desertification, or salinization have made it unusable).

NOTE: Services offered under this scope shall not include any remediation/transportation/disposal of radioactive waste, asbestos and/or paint abatement, radon mitigation, or construction and architect-engineer services as set forth in FAR Part 36 (including construction, alteration or repair of buildings, structures, or other real property). This SIN does not include Davis-Bacon work as defined in Federal Acquisition Regulation Subpart 22.4. Ordering agencies must ensure the work being required is not covered by the Davis-Bacon Act.

- Remedial investigations
- Remediation management/construction oversight
- Remediation oversight
- Feasibility studies
- Voluntary clean-up program support
- Underground storage tank (UST) compliance
- Corrective measures studies
- Contaminant transport modeling
- Wastewater treatment
- Wastewater treatment system design
- Treatability/pilot-scale studies
- Risk assessments
- Plans and specifications
- Permitting
- Remediated action plan implementation
- Dual phase extraction
- Capping
- Operations and Maintenance
- Brownfields site redevelopment
- Natural attenuation remedies
- Chemical oxidizer treatment
- Groundwater recover, groundwater treatment
- LNAPL and DNAPL recovery
- Reactive barrier walls
- Source Removal
- Carbon absorption
- Air sparging
- Slurry walls
- Bioventing
- Soil vapor extraction
- In Situ Bioremediation
- Containment

SIN OLM – ORDER LEVEL MATERIALS (OLMS)

Order-Level Materials (OLMs) - are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Federal Supply Schedule (FSS) contract or FSS blanket purchase agreement (BPA). OLMs are not defined, priced, or awarded at the FSS contract level. They are unknown before a task or delivery order is placed against the FSS contract or FSS BPA. OLMs are only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN) and are subject to a Not To Exceed (NTE) ceiling price. OLMs include direct materials, subcontracts for supplies and incidental services for which there is not a labor category specified in the FSS contract, other direct costs (separate from those under ODC SINs), and indirect costs. OLMs are purchased under the authority of the FSS Program and are not "open market items."

<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Managing Principal</td>
<td>Bachelors in Engineering or Science (PhD or Masters Degree desirable) In Addition to P.E. license, P.G. or other scientific registration at state level for specialist</td>
<td>15 years; 13 years with PhD or Masters Degree</td>
<td>Management responsibilities within firm; Oversees operation of firm and quality assurance; Expert witness; Client liaison; Manages firm resources; Budget and strategic business planning; High level review of deliverables; Complex investigation and remediation design and execution; Ensures deployment of process improvements</td>
</tr>
<tr>
<td>Principal</td>
<td>Bachelors in Engineering or Science (PhD or Masters Degree desirable)</td>
<td>12 years; 10 years with PhD or Masters Degree</td>
<td>Responsible for directing multiple projects; Coordinates project work; Designs and directs complex field studies and research projects; Provides QA/QC for projects; Provides expert witness testimony; Prepares and monitors project budgets; Conducts contract negotiations; Manages clients</td>
</tr>
<tr>
<td>Senior Project Manager</td>
<td>Bachelors in Engineering or Science (PhD or Masters Degree desirable) In Addition to P.E. license, P.G. or other scientific registration at state level for specialist</td>
<td>10 years</td>
<td>Primary responsibility for managing large scale projects and programs; Manages staff and groups; Provides technical specialty and support; Provides regulatory liaison support; Oversees project managers; Responsible for all projects oversight and quality control; Provides project process compliance</td>
</tr>
<tr>
<td>Project Manager</td>
<td>High School Diploma; Bachelors in Engineering or Science Preferred; PhD or Masters Degree desirable</td>
<td>7 years with college degree; 15 years without college degree</td>
<td>Primary responsibility for managing small projects (&lt;US$500,000 annually); Responsible for all budgets and scope issues; Responsible for technical and quality aspects of projects; Manages staff on project</td>
</tr>
<tr>
<td>Senior (Geologist, Engineer, Environmental Scientist)</td>
<td>Bachelors in Engineering or Science (PhD or Masters Degree desirable)</td>
<td>9 years w/ college degree; 7 years w/ PhD or Masters Degree</td>
<td>Designs and conducts field studies; Performs QA/QC; Analyzes complex data; Performs scientific research reports under the direction of a supervisor; Expected to carry out complex tasks and follow detailed protocols and work schedules; May manage or direct staff on a task specific basis</td>
</tr>
<tr>
<td>Project (Geologist, Engineer, Environmental Scientist)</td>
<td>Bachelors in Engineering or Science (PhD or Masters Degree desirable)</td>
<td>5 years w/ college degree; 3 years w/ PhD or Masters Degree</td>
<td>Conventional engineering/scientific tasks; Reporting; Field support and Quality assurance; May manage small projects ≤ $25,000</td>

The Service Contract Labor Standards, formerly the Service Contract Act (SCA), apply to this contract and it includes SCLS applicable labor categories. Labor categories and fixed price services marked with a (**) in this pricelist are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCLS/SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e., nationwide).
