EXECUTIVE SUMMARY

BSI Group America Inc. (BSI) is a leading provider of supply chain risk-based solution, supply chain intelligence, assessments, and training programs geared toward mitigating supplier and supply chain exposures. BSI’s Supply Chain Security experts work at the forefront partnering with industry and government on innovative supply chain security solutions and intelligence tools. BSI is an industry-leader in supply chain security (SCS) program development; SCS compliance assessments; 28000 training and supply chain risk assessments; and SCS intelligence. The group also has broad expertise in global regulatory requirements related to import and export activities, including expertise in developing and implementing compliance programs to manage these activities.

BSI is the industry’s leading global supply chain security training, risk assessment and Government Supply Chain Security program development firm. BSI experts have conducted assessments in more than 70 countries spanning back to 1995.

BSI trains all U.S. Customs Trade Partnership against Terrorism (C-TPAT) auditors annually and provides daily risk intelligence on global supply chain exposures to the U.S. Department of Homeland Security Customs and Border Protection (CBP). BSI has trained multiple governments and hundreds of commercial companies within the manufacturing, logistics and transportation, maritime and the cargo insurance community. BSI provides GSA a unique services offering with a comprehensive depth of knowledge and experience.
