On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create and electronic delivery order in available through GSA *Advantage!*, a menu-driven database system.

enrGies, inc. is a Service-Disabled, Veteran-Owned, Small Business (SDVOSB). enrGies, inc. began providing engineering and technical services to the Government and commercial clients in February 2005, and offers extensive experience in all aspects of product development and support services. enrGies has significant and varied past performance providing programmatic functions and critical engineering and technical disciplines required to implement programmatically complex, integrated solutions; specifically focused at the Command, Control, Communication, Computers, and Intelligence (C4I) and Intelligence, Surveillance, and Reconnaissance (ISR) functional areas, including imagery and high band width dissemination, exploitation of small unmanned aerial vehicles, and homeland defense applications. enrGies engages in rapid prototyping, sophisticated hardware integration, systems architecture and design, air worthiness integration and certification, and force integration and fielding. enrGies' proven success and demonstrated performance providing highly complex, multi-dimensional support to government operations includes: the full range of Programmatic Specialties; fast-paced Design, Production and Fielding in Manned and Unmanned Aviation, C4I, Missile and Sensor programs, Operations Centers, and other politically and technically challenging environments. enrGies is capable of complying with all classification requirements.

enrGies core capabilities include Program Management, System Engineering, Test and Evaluation, and Integration and Assembly. . We have applied these capabilities to a wide variety of efforts including Unmanned and Manned Aviation, standard and non-standard C4I/ISR and Security efforts. enrGies has supported multiple exercises and demonstrations with active Homeland Security Missions including coordination and application of advanced technology: enhanced integrated video surveillance, storage, and distribution processes, algorithms and hardware.

enrGies is committed to the same values as the customers we support. ~ Duty, Selfless Service, Loyalty and Integrity ~ We apply these values in the conduct of business, management of team members and delivery of products and services.

As a performance, driven team, we are totally committed to the success and long term achievement of our customers. When an enrGies customer succeeds, US citizens receive better, safer, and more effective material and systems.

CUSTOMER INFORMATION

- 1a. Table of Awarded Special Item Numbers (SINs)
Primary Engineering Disciplines: **Electrical, Mechanical**
Special Item Numbers:
871-1 / 871-1RC Strategic Planning for Technology Programs/Activities
871-2 / 871-2RC Concept Development and Requirements Analysis
871-3 / 871-3RC System Design, Engineering and Integration
871-4 / 871-4RC Test and Evaluation
871-5 / 871-5RC Integrated Logistics Support
871-6 / 871-6RC Acquisition and Life-Cycle Management
- 1b. **Not Applicable**
- 1c. **See Table 1 on Page 4**
2. Maximum Order Obligated to Honor: **\$1,000,000**
3. Minimum Order Obligated to Honor: **\$100.00**
4. Geographic coverage (delivery area): **Domestic Delivery Only**
5. Point(s) of Production: **Same as Contractor's Address**
6. Discount from list prices or statement of net price: **Prices Shown are Net Prices**
7. Quantity discounts: **Not Applicable**
8. Prompt payment terms: **Net 30 days**
- 9a. The Government purchase cards **will be** accepted up to the micro-purchase threshold.
- 9b. The Government purchases cards **will be** accepted above the micro-purchase threshold.
10. Foreign items. **Not Applicable**
- 11a. Time of Delivery: **To Be Determined Based on Task Order Requirements**
- 11b. Expedited Delivery: **Not Applicable**
- 11c. Overnight and 2-day delivery: **Not Applicable**
- 11d. Urgent Requirements: **Not Applicable**
12. FOB Points(s): **Destination**
- 13a. Ordering Address:
enrGies, inc.
7220 Governors West
Huntsville, Alabama 35806
- 13b. Ordering Procedures: **For supplies and services, the ordering procedures, information on blanket Purchase Agreements (BPAs) and a sample BPA can be found at the GSA/FSS Schedule homepage (www.fss.gsa.gov/schedules).**

14. Payment Address(es):
enrGies, inc.
7220 Governors West
Huntsville, Alabama 35806
15. Warranty provision: **Not Applicable**
16. Export Packing Charges (if applicable): **Not Applicable**
17. Terms and Conditions of Government Purchase card acceptance: **Commercial Terms**
18. Terms and conditions of rental, maintenance, and repair (if applicable): **Not Applicable**
19. Terms and conditions of installation (if applicable): **Not Applicable**
20. Terms and conditions of repair parts indicating date of parts price list and any discounts from list prices (if applicable): **Not Applicable**
- 20a. Terms and conditions for any other services (if applicable): **Not Applicable**
21. List of service and distribution points (if applicable): **Not Applicable**
22. List of participating dealers (if applicable): **Not Applicable**
23. Preventive maintenance (if applicable): **Not Applicable**
- 24a. Special attributes such as environmental attributes, (e.g., recycled content, energy efficiency, and/or reduced pollutants): **Not Applicable**
- 24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIF) supplies and services and show where full details can be found (e.g., contractor's website or other location.) The EIF standards can be found at [www.Section 508.gov/](http://www.Section508.gov/). **Not Applicable**
25. Data Universal Numbering System (DUNS) number: **177488181**
26. Notification regarding registration in Central Contractor Registration (CCR) database.
enrGies is Registered in CCR
Tax Identification Number: **710974083**

Engineer / Analyst Labor Category Description						
Functional Responsibility: Applies principles and techniques of engineering, physics, math, management or other discipline to accomplish goals. Performs a variety of broad program related management, engineering or analytical tasks, either independently or under supervision, involving planning, design, integration, manufacturing and fielding.						
Minimum Education: Bachelor's degree and the corresponding number of years experience. An additional five year experience may be substituted for the degree requirement. An advanced degree may be substituted for 3 years experience.						
Minimum / General Experience Level 1 – 1 year minimum experience Level 2 – 3 year minimum experience Level 3 – 5 year minimum experience Level 4 – 7 year minimum experience Level 5 – 10 year minimum experience Level 6 – 12 year minimum experience Level 7 – 14 year minimum experience Level 8 – 16 year minimum experience Level 9 – 18 year minimum experience Level 10 – 20 year minimum experience Level 11 – 22 year minimum experience Level 12 – 25 year minimum experience						

Principal Investigator / Consultant Labor Category Description
Functional Responsibility: Serves as an advisor/analyst and has acknowledged specialized system engineering or other expertise in the specific functional tasks required for performance in an individual task order.
Minimum Education: Master's degree in a technical, business, or management area. Bachelor's degree with an additional 5 years of applicable experience may be substituted for the degree requirement.
Minimum / General Experience Level 1 – 17 year minimum experience Level 2 – 21 year minimum experience Level 3 – 25 year minimum experience

The Service Contract Act (SCA) is applicable to this contract as it applies to the entire Professional Services Schedule (PSS) and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If, or when, the contractor adds SCA labor categories to the contract through a modification, the contractor must inform the GSA Procuring Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable wage determination number. Failure to do so may result in cancellation of the contract.
