OVERVIEW / CONTRACTING THROUGH GSA

This catalogue provides an overview of RTR Technologies, LLC (RTR's) capabilities and services available through the U.S. General Services Administration's (GSA) Multiple Award Schedule.

Authorized Federal Government Users

The agencies listed below can utilize the MAS contracting vehicle:

- All federal agencies and activities in the Executive, Legislative, and Judicial branches.
- Government contractors authorized in writing by a federal agency pursuant to CFR 51.1.
- Mixed ownership government corporations (as defined in Government Corporation Control Act).
- The government of the District of Columbia.
- Other activities and organizations authorized by statute or regulation to use GSA source of supply.

Ordering Information under MAS Schedule

Placing orders under the MAS schedule is simple, cost-effective, and efficient. Using the streamlined procurement procedures in FAR Subpart 8.4 Federal Supply Schedules, MAS offers federal agencies access to more than 3,300 experienced contractors who provide a range of commercial professional services at discounted and competitive prices. Review the Professional Services [MAS Fact Sheet](#) to learn more.

Briefly, ordering options have not changed under MAS and so to ensure that the "Best Value" determination is made, as required by FAR 8.404, clients wishing to utilize the MAS contracting vehicle need to:

- Review three schedule price lists,
- Consider price, special qualifications, administrative costs, etc.
- Place order(s) directly with contractor.

OLM	OLMSTLOC OLMRC	Order-Level Materials (OLM's)

541611

Contractors shall provide expert advice and assistance in support of an agency's mission-oriented business functions.

Services covered by this SIN include:

- Management or strategy consulting, including research, evaluations, studies, analyses, scenarios/simulations, reports, business policy and regulation development assistance, strategy formulation, and expert witness services
- Facilitation and related decision support services
- Survey services, using a variety of methodologies, including survey planning, design, and development; survey administration; data validation and analysis; reporting, and stakeholder briefings
- Advisory and assistance services in accordance with FAR 37.203

NOTE: Consulting services where the preponderance of work is specifically covered under other GSA Schedules are not permitted under this SIN; please refer to the Scope of Work in Part I of the MAS solicitation for further information.

Order-Level Materials (OLMs)

Order-Level Materials (OLMs) are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Federal Supply Schedule (FSS) contract or FSS blanket purchase agreement (BPA). OLMs are not defined, priced, or awarded at the FSS contract level. They are unknown before a task or delivery order is placed against the FSS contract or FSS BPA. OLMs are only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN) and are subject to a Not To Exceed (NTE) ceiling price. OLMs include direct materials, subcontracts for supplies and incidental services for which there is not a labor category specified in the FSS contract, other direct costs (separate from those under ODC SINs), and indirect costs. OLMs are purchased under the authority of the FSS Program and are not "open market items."

Items awarded under ancillary supplies/services or other direct cost (ODC) SINs are not OLMs. These items are defined, priced, and awarded at the FSS contract level, whereas OLMs are unknown before an order is placed. Ancillary supplies/services and ODC SINs are for use under all order type CLINs (Fixed-Price (FP), T&M, and LH),
