CORPORATE OFFICE • 36255 MICHIGAN AVENUE • WAYNE, MICHIGAN 48184 • tel 800-592-5489 • fax 800-592-5329

## CUSTOMER INFORMATION

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s): **899-5, 899-5RC, 899-8 and 899-8RC.**

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply: **4" Plastic Dusk Hose--\$0.95**

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided: **See attached Labor Category Descriptions.**

2. Maximum order: **\$1,000,000.00**

3. Minimum order: **\$100.00**

4. Geographic coverage (delivery area): **Domestic only**

5. Point(s) of production (city, county and State or foreign country):

**EQ-The Environmental Quality Company  
36255 Michigan Ave.  
Wayne, MI 48184-1652**

6. Discount from list prices or statement of net price: **Government net prices (discounts already deducted). See attached**

7. Quantity discounts: **None offered**

8. Prompt payment terms: **Net 30 days**

9a. Notification that Government purchase cards are accepted at or below the micro-purchase threshold: **Yes**

# THE ENVIRONMENTAL QUALITY COMPANY

CORPORATE OFFICE • 36255 MICHIGAN AVENUE • WAYNE, MICHIGAN 48184 • tel 800-592-5489 • fax 800-592-5329

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold: ***will accept over \$2500***

10. Foreign items (list items by country of origin): ***None***

11a. Time of delivery (Contractor insert number of days): ***Specified on the task order.***

11b. Expedited Delivery, The Contractor will insert the sentence "Items available for expedited delivery are noted in this price list" under this heading, The contractor may use a symbol of its choosing to highlight items in its price lists that have expedited delivery. ***Contact Contractor***

11c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery. ***Contact Contractor***

11d. Urgent Requirements. The Contractor will note in its price list the "Urgent Requirements" clause of its contract and advise agencies that they can also contact the contractor's representative to effect a faster delivery. ***Contact Contractor.***

12. F.O.B. point(s): ***Destination***

13a. Ordering address(es):

***EQ-The Environmental Quality Company  
36255 Michigan Ave.  
Wayne, MI 48184-1652***

13b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's), and a sample BPA can be found at the GSA/FSS Schedule homepage ([fss.gsa.gov/schedules](http://fss.gsa.gov/schedules)). Contractor is to simply include this statement as Item 13b.

14. Payment address(es): ***EQ-The Environmental Quality Company  
36255 Michigan Ave.  
Wayne, MI 48184-1652***

# THE ENVIRONMENTAL QUALITY COMPANY

CORPORATE OFFICE • 36255 MICHIGAN AVENUE • WAYNE, MICHIGAN 48184 • tel 800-592-5489 • fax 800-592-5329

15. Warranty provision. *Contractor's standard commercial warranty*
16. Export packing charges, if applicable: *Not Applicable*
17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level): *Contact Contractor*
18. Terms and conditions of rental, maintenance, and repair (if applicable): *Not Applicable*
19. Terms and conditions of installation (if applicable): *Not Applicable*
20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable): *Not Applicable*
- 20a. Terms and conditions for any other services (if applicable): *Not Applicable*
21. List of service and distribution points (if applicable): *Not Applicable*
22. List of participating dealers (if applicable): *Not Applicable*
23. Preventive maintenance (if applicable): *Not Applicable*
- 24a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduce pollutants). *Not Applicable*
- 24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g., contractor's website or other location.) The EIT standards can be found at: [www.Section508.gov/](http://www.Section508.gov/).
25. Data Universal Number System (DUNS) number: *05-897255*
26. Notification regarding registration in Central Contractor Registration (CCR) database: Registered in CCR

# EQ Standard Disposal and Treatment Services

## GSA Pricelist

### Disposal Pricing for Michigan Disposal Waste Treatment Plant and EQ Detroit

Ton rates apply to waste >2,000 lbs./cubic yard and all soil waste streams. Yard rates apply to waste <2,000 lbs./cubic yard and all debris waste streams.

All pricing is dependent on technical review for acceptability. All event pricing is case-by-case.

DOT Drum Label - Non-Hazardous	\$ 1.65	each	
Duct Tape (rolls)	\$ 6.62	per roll	
16' Jon boat w/10hp outboard motor	\$ 183.75	per day	
Mercury Spill Kit	\$ 275.63	each	
Mercury Vacuum	\$ 358.31	per day	with bag
Mercury Vapor Meter	\$ 210.00	per day	
Mercury Vacuum Bags	\$ 99.23	each	
Rags	\$ 33.08	per pound	
Soda Ash (40 lb Bag)	\$ 8.27	per bag	
Visqueen	\$ 78.75	per roll	
Absorbent Boom - 10' section	\$ 55.13	each	
Absorbent Floor Dry	\$ 14.70	per bag	
Intrinsically Safe Communication System	\$ 131.25	per day	
Meter, LEL/CO Monitor	\$ 93.71	per day	
Meter, VOC Monitor	\$ 137.81	per day	
Rail Car Service - General Maintenance Kit	\$ 165.38	per day	
Tanker Rental (3,000 to 10,000 gallon)	\$ 315.00	per day	

VACUUM AND PUMP HOSES			
2" Rubber Vac Hose	\$ 1.05	per foot over 100'	
3" Rubber Vac Hose	\$ 1.58	per foot over 100'	
4" Rubber Vac Hose	\$ 2.63	per foot	
6" Rubber Vac Hose	\$ 2.99	per foot	
4" Plastic Dust Hose, Non Reusable	\$ 0.95	per foot	
6" Plastic Dust Hose, Non Reusable	\$ 1.05	per foot	
Hydraulic Pump	\$ 99.23	per hour	with operator

**ADDITIONAL NOTES (Explaining Pricing):**

There is a 4-hour minimum charge for all equipment and personnel.

Straight-time for hourly personnel is based on an 8-hour work day. The normal employee workday is 7:00 a.m. to 3:30 p.m., Monday - Friday. Other work hours must be agreed upon in writing in advance. Time required to decontaminate and re-don protective clothing and equipment is billed as part of the work day.

EQIS MASTER RATE SHEET

<p>Time over 8 hours in a 24-hour period during the Monday - Friday work week and all day Saturday is considered overtime and will be billed at 1.5 times the applicable straight time rate for all hourly personnel.</p>
<p>Sunday and Holidays are considered premium time and will be billed at 2.0 times the applicable straight time rate for all hourly personnel.</p>
<p>All emergency calls (i.e., less than 24-hour notice) will be subject to a minimum 4 hour response charge or \$1,500.00, whichever is greater. Minimum charges do not include waste transportation and disposal.</p>
<p>Based on the national average price of diesel, a Fuel Oil Surcharge will apply. The surcharge will be invoiced as a separate line item and will only be applied to the hourly rate of diesel powered equipment related charges; it does not effect direct labor, disposal, liner fees, box rentals, etc. The surcharge will not apply to sales tax. The national average price of fuel is determined by the U.S. Department of Energy. This can be verified by calling (202) 586-6966 or by going to the following website: <a href="http://www.eia.doe.gov/oil_gas/petroleum/data_publications/weekly_on_highway_diesel_prices/wohdp.html">http://www.eia.doe.gov/oil_gas/petroleum/data_publications/weekly_on_highway_diesel_prices/wohdp.html</a> EQ will use the weekly national average fuel price to determine the surcharge. There is no surcharge at an average diesel fuel price of \$1.10/gal. At every \$0.01 above \$1.10, the surcharge rises 0.1%. For example, at \$2.00/ gal, the surcharge is 9.0%. At \$3.00/gal, the surcharge is 19.0%.</p>
<p>Rental Rate of all equipment includes an allowance of \$1.10/gal for fuel. The cost of fuel above 1.10 will be charged as Other Direct Costs.</p>

**Wage Determination No.** 96-0223, Revision #21; Date of last revision: 5/29/2007

Service: 'Hazardous Waste Pickup and Disposal Services (Material/Oil and Related Cleanup)

Area: 'NATIONWIDE: Applicable in the continental U.S. and Hawaii Regions are defined as follows: MIDWEST REGION: Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota, and Wisconsin; NORTHEAST REGION: Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont; SOUTH REGION: Alabama, Arkansas, Delaware, District of Columbia, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, and West Virginia; WEST REGION: Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming.

**Wage Determination No.** 05-2071, Revision #3, Date of last revision: 5/29/2007

State: California, Counties of Ventura

<b>EQ Labor Categories</b>	<b>SCA Cross Reference</b>	<b>SCA Code</b>	<b>Wage Determination</b>
Chemist	Laboratory Technician	29210	05-2071
Driver, Emergency Response Operator	Truckdriver, Heavy Truck	31363	96-0223
Operator, Equipment Operator	Heavy Equipment Operator	23440	96-0223
Heavy Equip. Operator			
Field Mechanic, Welder	Heavy Equipment Mechanic	23430	05-2071
Field Technician, Confined			
Space Rescuer, Crew			
Leader, Emergency Response, Technician			
Field Chemist	Environmental Technician	29090	96-0223
Project Administrator	General Clerk III	01117	05-2071
Site Accountant, Time Keeper	Accounting Clerk II	01012	05-2071

Should EQ perform in an area with lower SCA rates, resulting in lower wages being paid, EQ will offer the Government equal discounts. Additionally, the **wage determination number only** above will be identified on the GSA Authorized Pricelist along with the SCA labor category information above in the table

<u><b>EQ Personnel Categories</b></u>	<u><b>Duties/Responsibilities, Minimum Training, Certifications, Education and Experience Requirements</b></u>
Chemist	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Perform necessary wet chemistry prep work and sample analysis</li> <li>• Analyze inbound material to make determination of acceptance into facility</li> <li>• Ensure proper instrument calibration, operation, and maintenance</li> <li>• Ensure that all proper test methods and QA/QC procedures are adhered to</li> <li>• Provide technical assistance to any other area of the operation as needed</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• 24 hour HAZWOPER (initial)</li> <li>• Eight hour HAZWOPER refresher (annually)</li> <li>• PPE requirements, use and acquisition (initial and annually)</li> <li>• New Employee/Safety orientation</li> </ul> <p><b>Education Requirements:</b></p> <ul style="list-style-type: none"> <li>• Bachelor's Degree in chemistry or related field</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• 0-2 years experience in chemical analysis</li> <li>• Strong communication and interpersonal skills</li> <li>• Sound understanding of related regulatory and lab techniques</li> </ul>
Driver Operator Equipment Operator Heavy Equipment Operator Emergency Response Operator	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Operate roll-off</li> <li>• Operate tanker</li> <li>• Maintain vehicle log</li> <li>• Driving for a minimum of 8 hours per day with loads being disposed of at designated TSDF facilities</li> <li>• MDOT pre-trip and post-trip inspections</li> <li>• On-call 24 hours per day 365 days per year</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• New employee training (3 days on the job training)</li> <li>• 40 hour HAZWOPER training (initial)</li> <li>• 8 hour refreshed training (annual)</li> <li>• HM 126 manifesting training</li> <li>• DOT security training</li> <li>• DOT alcohol awareness training</li> </ul> <p><b>Certifications:</b></p> <ul style="list-style-type: none"> <li>• CDL A or B with hazardous and tanker endorsements</li> </ul> <p><b>Education Requirements:</b></p> <ul style="list-style-type: none"> <li>• High school diploma or GED is required</li> <li>• Must be able to read, write and understand the English language and be able to follow verbal and written instructions</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• Clean driving record, no violations for the past 36 months</li> <li>• 1-2 years previous experience (preferably with vacuum trucks and tankers)</li> <li>• Physically able to wear personal protective equipment (PPE) when necessary and lift &gt; 80lbs routinely.</li> </ul>
Emergency Response Coordinator	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Coordinate all equipment necessary to ensure the safety of all</li> </ul>

<p><b>Emergency Response Incident Commander</b></p>	<p>personnel and within the OSHA rules</p> <ul style="list-style-type: none"> <li>• Supervise all activities on-site and direct personnel as to their responsibilities</li> <li>• Record all equipment, supplies, and personnel used during the emergency</li> <li>• Ensure the proper ER equipment is maintained</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• New employee orientation (3 days on the job training)</li> <li>• 40 hour HAZWOPER (Initial)</li> <li>• Eight hour refresher training (Annual)</li> <li>• HM 126 manifesting training</li> </ul> <p><b>Education Requirements:</b></p> <ul style="list-style-type: none"> <li>• High school diploma or equivalent, technical degree preferred</li> <li>• Excellent verbal and written communication skills</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• Previous experience in the waste industry</li> <li>• ER experience preferred (minimum 5 years)</li> <li>• 40 Hour HAZWOPER Technician</li> <li>• 40 Hour HAZWOPER Specialist</li> </ul>
<p>Field Chemist</p>	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Estimate projects, set-up projects and manage the fieldwork to completion and customer satisfaction</li> <li>• Provide daily documentation of field activities, communications, and quantities installed</li> <li>• Collect, organize and provide appropriate cost, revenue and daily report documentation</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• New employee orientation</li> <li>• 40 hour HAZWOPER (Initial)</li> <li>• Eight hour refresher training (Annual)</li> <li>• HM 126 manifesting</li> </ul> <p><b>Certification:</b></p> <ul style="list-style-type: none"> <li>• DOT certification for labeling and packaging lab packs</li> </ul> <p><b>Education Requirements:</b></p> <ul style="list-style-type: none"> <li>• High School or equivalent required (college degree preferred, but extensive experience can be substituted).</li> <li>• Basic computer skills and working knowledge of Word and Excel</li> <li>• Must be able to read, write and understand the English language, mathematics and able to follow verbal and written instructions</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• Must have prior experience with chemical/hazardous material management</li> <li>• Must be able to work together with project and business unit teammates to achieve common goals</li> </ul>
<p>Field Mechanic or Welder</p>	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Maintain all tank testing records and updates for vac trucks and tankers</li> <li>• Perform and maintain all maintenance and records for all vehicles</li> <li>• Obtain quotes and order parts as needed for maintenance and repairs</li> <li>• Work with purchasing to complete purchase requisitions and P.O. numbers</li> </ul> <p><b>Minimum Training:</b></p>

	<ul style="list-style-type: none"> <li>• New employee orientation (3 days on the job training)</li> <li>• Equipment specific training</li> </ul> <p><b>Certifications:</b></p> <ul style="list-style-type: none"> <li>• Must have a CDL</li> </ul> <p><b>Education Requirements:</b></p> <ul style="list-style-type: none"> <li>• High school diploma or GED is preferred</li> <li>• Must be able to read, write and understand the English language and be able to follow verbal and written instructions</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• Must be able to use Personal Protective Equipment (PPE) when applicable</li> </ul>
<p>Field Technician</p> <p>Confined Space Rescuer</p> <p>Crew Leader</p> <p>Emergency Response Technician</p>	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Participate in all operational functions and activities on EQIS job sites according to all local, state, and federal OSHA and USEPA regulations</li> <li>• Performing duties in a safe and compliant manner</li> <li>• On-call 24 hours per day 365 days per year</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• New employee orientation (3 days on the job training)</li> <li>• 40 Hour HAZWOPER training (Initial)</li> <li>• Eight hour refresher training (Annual)</li> </ul> <p><b>Certifications:</b></p> <ul style="list-style-type: none"> <li>• Must have a medical examiners certification</li> <li>• Must have a valid Chauffeurs License</li> </ul> <p><b>Education Requirements:</b></p> <ul style="list-style-type: none"> <li>• High school diploma or GED is required</li> <li>• Must be able to read, write and understand the English language and be able to follow verbal and written instructions</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• Previous industrial experience preferred</li> <li>• Physically able to wear Personal Protective Equipment (PPE) when necessary</li> </ul>
<p>Foreman</p> <p>Supervisor</p>	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Provide daily documentation of field activities, communications and quantities installed.</li> <li>• Estimate projects, set-up projects and manage the fieldwork to completion</li> <li>• Manage labor crews in the field</li> <li>• On call 24 hours per day 365 days per year</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• New employee orientation (3 days on the job training)</li> <li>• 40 Hour HAZWOPER training</li> <li>• Eight hour refresher training (Initial)</li> <li>• Eight hour site supervisor training (Annual)</li> </ul> <p><b>Education Requirements:</b></p> <ul style="list-style-type: none"> <li>• High school diploma or GED required</li> <li>• Basic computer skills and working knowledge of Microsoft Word and Excel</li> <li>• Able to read, write and understand the English language and be able to follow verbal and written instructions</li> </ul> <p><b>Experience Requirements:</b></p>

	<ul style="list-style-type: none"> <li>• Must be at least 18 years of age</li> <li>• Must have experience with civil and environmental construction and be able to work together in small and large groups of people</li> </ul>
<b>Project Administrator</b>	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Execute ER contracts, customer credit, verify customer #, project revenue estimates for project notification to finance</li> <li>• Prepare billing for Industrial Service Coordinator or EQIS billing staff</li> <li>• Provide weekly and monthly cost tracking for EQIS's ER GM and VP and ensure the customer signs off on the daily tracking sheets on a daily basis</li> <li>• Coordinate T&amp;D of residual waste materials from routine spills and larger projects</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• New Employee Orientation</li> <li>• 40 Hour HAZWOPER (Initial)</li> <li>• 8 Hour Refresher Training (Annual)</li> </ul> <p><b>Education:</b></p> <ul style="list-style-type: none"> <li>• High school diploma or GED is required</li> <li>• Must be able to read, write and understand the English language and be able to follow verbal and written instructions</li> <li>• Excellent computer skills (Word, Excel, EQAI, PowerPoint etc.)</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• 1 – 2 years experience in billing or accounting &amp; emergency response</li> <li>• Must be capable of working independently with multiple tasks</li> <li>• Willing to work long hours and holidays when required</li> </ul>
<b>Resource Manager</b>	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Perform onsite service work including, but not limited to, characterization, profiling, shipping, document preparation, and drum management</li> <li>• Proactively work with customers to establish reuse, reduction, and recycling options for waste streams</li> <li>• Provide timely reporting to customers and EQ management in a manner consistent with contract and purchase order specifications</li> <li>• Monitor all sub-contractor services for completeness or deficiencies to ensure regulatory compliance</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• New employee orientation</li> <li>• 40 hour HAZWOPER training (Initial)</li> <li>• 8 Hour Refresher Training (Annual)</li> </ul> <p><b>Education Requirements:</b></p> <ul style="list-style-type: none"> <li>• Bachelor's degree or equivalent experience in technical field</li> <li>• Accurate computer skills (Microsoft Word, Excel, E-mail) preferred</li> <li>• Ability to communicate through both written and oral medium</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• 2 years experience in hazardous waste industry with Project management experience preferred</li> <li>• Positive customer service skills</li> </ul>
<b>Safety Advisor</b>	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Manage and develop the EQIS health, safety and environmental programs.</li> </ul>

	<ul style="list-style-type: none"> <li>• Make sure workers have the appropriate Personal Protective Equipment (PPE) for use</li> <li>• Work with the other divisions within EQIS to gain a unified EQ health and safety program</li> <li>• Develop, implement and provide training on safety programs and SOPs as necessary to ensure safe and compliant operations</li> <li>• Maintain training records and manage them consistently with existing procedures</li> <li>• Investigate accidents and incidents and prepare a written report with conclusions and recommendations</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• New employee orientation/ 3 days on the job training</li> <li>• 40 Hour HAZWOPER training (Initial)</li> <li>• 8 Hour Site Supervisor</li> <li>• 8 Hour Refresher Training (Annual)</li> <li>• Safe2work 14 training modules annual drug screen</li> <li>• DOT security training</li> </ul> <p><b>Education Requirements:</b></p> <ul style="list-style-type: none"> <li>• Bachelor's degree in a technical field preferred</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• At least five to seven years in a health and safety role with a broad knowledge of safety regulations</li> <li>• Expertise in confined space entry and rescue</li> <li>• Expertise with air monitors, SCBAs, CSE ropes, harnesses, winches, etc.</li> <li>• Ability to deal with unstructured problems that require defensible decisions on complex safety and regulatory matters</li> </ul>
Safety Coordinator	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Make sure the job is being performed in a safe and compliant manner</li> <li>• Make sure the Job Safety Analysis worksheet is properly completed and that each worker has been briefed on the job hazards and safety precautions to be taken</li> <li>• Develop, implement and provide training on safety programs and SOPs as necessary to ensure safe and compliant operations</li> <li>• Investigate accidents/incidents and prepare a written report with conclusions and recommendations</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• New employee orientation (3 days on the job training)</li> <li>• 40 Hour HAZWOPER training (Initial)</li> <li>• Eight hour site supervisor</li> <li>• Eight hour refresher training (Annual)</li> <li>• Safe2work 14 training modules and annual drug screen</li> </ul> <p><b>Education Requirements:</b></p> <ul style="list-style-type: none"> <li>• Bachelor's degree in a technical field preferred</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• At least five to seven years in a health and safety role with a demonstrated broad knowledge of safety regulations</li> <li>• Expertise in confined space entry and rescue</li> <li>• Ability to deal with unstructured problems that require defensible decisions on complex safety and regulatory matters</li> </ul>
Site Accountant or Time Keeper	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Keep track of supplies and EQ equipment and costs associated with each</li> <li>• Point of contact for customers invoice inquires</li> </ul>

	<ul style="list-style-type: none"> <li>• Assist ERC in collections beginning at 5 days after invoice is sent out</li> <li>• Work closely with other dept, within EQ to better serve our customers</li> <li>• Work in the field as needed (Labor)</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• New Employee Orientation</li> </ul> <p><b>Education Requirements:</b></p> <ul style="list-style-type: none"> <li>• High school diploma or GED required</li> <li>• Basic computer skills and working knowledge of Microsoft Word and Excel</li> <li>• Able to read, write and understand the English language and be able to follow verbal and written instructions</li> <li>• Have an understanding of mathematics</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• 1 – 2 years experience in billing or accounting</li> <li>• Must be capable of working independently with multiple tasks</li> <li>• Willing to work long hours and holidays when required</li> </ul>
<p>Project Manager</p> <p>Confined Space Rescue – Supervisor</p>	<p><b>Duties/Responsibilities:</b></p> <ul style="list-style-type: none"> <li>• Maintain and establish a long lasting, productive relationship with current customers</li> <li>• Ability to estimate a project, set-up the project with customer service and dispatch, manage the job to completion and customer satisfaction, assist billing, and collecting payment</li> </ul> <p><b>Minimum Training:</b></p> <ul style="list-style-type: none"> <li>• New employee orientation/ 3 days on the job training</li> <li>• 40 Hour Hazwoper (initial)</li> <li>• 8 Hour Refresher Training (annual)</li> <li>• 8 Hour Site Supervisor Training</li> <li>• Confined Space Entry Training</li> </ul> <p><b>Certifications:</b></p> <ul style="list-style-type: none"> <li>• Valid CDL with endorsements is an asset.</li> </ul> <p><b>Educational Requirements:</b></p> <ul style="list-style-type: none"> <li>• High school diploma or GED required</li> <li>• Able to read, write, and understand the English language and mathematics, and able to follow verbal and written instructions</li> </ul> <p><b>Experience Requirements:</b></p> <ul style="list-style-type: none"> <li>• Must be 18 years of age or older</li> <li>• Must have experience with Industrial cleaning (vacuum trucks, waterblasters etc.) and/or Environmental Remediation and in working together with small and large groups of people</li> <li>• Project Manager - 5 years experience necessary in project management, sales/service and/or account maintenance.</li> <li>• Confined Space Rescue – Supervisor – 2 years general supervision including 1 year of Confined Space work preferred.</li> </ul>
<p><b>Engineer</b></p>	<p>Duties/Responsibilities:</p> <ul style="list-style-type: none"> <li>• Project management for a wide variety of engineering projects.</li> <li>• Prepare specifications and drawings.</li> <li>• Evaluate bids.</li> <li>• Develop cost estimates and schedules.</li> <li>• Oversee maintenance activities and quality assurance/control.</li> <li>• Evaluate various operations to identify opportunities for</li> </ul>

improving on quality, environmental, health & safety, as well as efficiency and cost reduction.

Minimum Training:

- New employee orientation.
- 40 hour HAZWOPER training (initial).
- 8 hour refresher training (annual).
- Safe2work 14 training modules
- ISO Training 9000 and 14001.

Education Requirements:

- Bachelor's degree in Engineering.
- Basic computer skills and working knowledge of CAD, Word, Excel.
- Excellent verbal and written communication skills.
- Excellent organizational and problem solving skills.

Experience Requirements:

- 5 or more years engineering and project management experience.
- Experience with electrical, pumping and piping systems.
- Experience in being a team leader and working with a large number of people.
- Prior experience in the environmental services/hazardous waste industry.

**PER DIEM**

**Note:** \*A daily rate for subsistence, lodging, and incidental costs shall be charged per person in accordance with an as provided in the United States Government's Current Joint Travel Regulations.

**ADDITIONAL NOTES:**

Straight-time for hourly personnel is based on an 8-hour work day. The normal employee workday is 7:00 a.m. to 3:30 p.m., Monday - Friday. Other work hours must be agreed upon in writing in advance. Time required to decontaminate and re-don protective clothing and equipment is billed as part of the work day.

Time over 8 hours in a 24-hour period during the Monday - Friday work week and all day Saturday is considered overtime and will be billed at 1.5 times the applicable straight time rate for all hourly personnel. Sunday and Holidays are considered premium time and will be billed at 2.0 times the applicable straight time rate for all hourly personnel.

All emergency calls (i.e., less than 24-hour notice) will be subject to a minimum 4 hour response charge or \$1,500.00, whichever is greater. Minimum charges do not include waste transportation and disposal.

Based on the national average price of diesel, a Fuel Oil Surcharge will apply. The surcharge will be invoiced as a separate line item and will only be applied to the hourly rate of diesel powered equipment related charges; it does not effect direct labor, disposal, liner fees, box rentals, etc. The surcharge will not apply to sales tax. The national average price of fuel is determined by the U.S. Department of Energy. This can be verified by calling (202) 586-6966 or by going to the following website:

[http://www.eia.doe.gov/oil\\_gas/petroleum/data\\_publications/weekly\\_on\\_highway\\_diesel\\_prices/wohdp.html](http://www.eia.doe.gov/oil_gas/petroleum/data_publications/weekly_on_highway_diesel_prices/wohdp.html)  
EQ will use the weekly national average fuel price to determine the surcharge. There is no surcharge at an average diesel fuel price of \$1.10/gal. At every \$0.01 above \$1.10, the surcharge rises 0.1%. For example, at \$2.00/ gal, the surcharge is 9.0%. At \$3.00/gal, the surcharge is 19.0%.

Rental Rate of all equipment includes an allowance of 1.10 per gallon for fuel. The cost of fuel above 1.10 will be charged as Other Direct Costs.
