## **SIN 874-501**

### **Supply and Value Chain Management Services**

#### **Operation of Cold Chain Warehouses, Stockrooms or Storage Facilities**

Metro Logistics, Inc. operates high capacity refrigerated biopharmaceutical warehouse space in accordance with the requirements of all applicable Parts 11, 200, 600, and 800 of the US Food and Drug Administrations Code of Federal Regulations. The multi-chambered facility offers temperature ranges from 20°C to -30°C. Each chamber is validated as specified by client based pre-approved protocols. All validations include Installation and Operational Qualifications as well as annual Performance Qualifications. All facility chambers are "Temperature Mapped" and monitored via a validated "Temperature Data Acquisition System". All monitoring probes utilized by the "Temperature Data Acquisition System" are calibrated and verified for accuracy on an annual basis according to NIST Standards. Preventive Maintenance for each chamber is performed weekly. Calibration and preventative maintenance is documented via a validated "Calibration and Maintenance" database. Energy power is supplied to provide facility back up power. Security includes logged electronic access, monitored closed circuit TV, and centrally monitored unauthorized access and fire protection. Personnel have extensive experience and expertise in warehousing / repository operations. Management and key repository personnel have a combined total of 126 years of experience in cold chain warehouse / repository operations. Management and key personnel have a combined 34 years of Repository experience with the U.S Government.

#### **Inventory Management and Operation**

Metro Logistics, Inc. maintains accurate and complete records of all products stored. Physical inventories are completed in accordance with the procedures dictated by the customer and results are reported on a regular basis. The customer may at its discretion take physical inventories of the products and / or verify Metro Logistics, Inc.'s written or electronic records.

#### **Staging, Shipping, and Receiving**

Metro Logistics, Inc. accepts products for storage and handling at any time as directed by their customers. Inventory is inspected and counted on a climate controlled dock. Damages and / or shortages are noted on the inbound manifests as exceptions. All exceptions are immediately reported to the customer. For all products tendered, Metro Logistics, Inc. provides the customer with a non-negotiable warehouse / repository receipt. Product under the care of Metro Logistics, Inc. is handled according to cGMP guidelines, good commercial warehousing practices and all federal, state or local rules, regulations, ordinances, and laws pertinent to the handling and storage of products. Metro Logistics, Inc. provides outbound packing / shipping services at any time as directed by the customer. Metro Logistics, Inc. will select products for each shipment on a FIFO (first in, first out) basis, or as otherwise directed by the

customer. All products are shipped stretch-wrapped and in the same condition as when delivered to the Metro Logics, Inc. facility.

### **Packing and Crating**

Metro Logics, Inc. provides outbound packing services as specified by client based packing protocols. These services include but are not limited to procedures specified in "Thermal Study Qualifications".

### **Preservation / Protection of Specialized Inventory & Documents**

Metro-Logics, Inc. preserves and protects inventory / documents in accordance with the Federal Drug Administrations Code of Federal Regulations and in accordance with client based "Quality Agreements".
