Booz Allen Advantage

Why choose Booz Allen for professional Facilities Maintenance and Management Services? Booz Allen brings unparalleled resources to its clients.

**Quality**—Booz Allen is globally recognized as a quality provider of professional Facilities Maintenance and Management Services. We are well-known across the government for our innovative solutions, and, for many years, the firm has been recognized inside and outside the government as the technology and management consultant of choice. A majority of our clients engage us for follow-on work, offering further testament to our strong reputation and the value we provide to our customers.

**Experience**—With its breadth and depth of experience, Booz Allen offers a rich energy management skill base and commitment to apply its world-recognized capability to innovatively meet program objectives. Our insights and understanding of requirements regularly translate into cost savings and performance efficiencies measurable in terms of reduced learning curves, quality of service, and effective use of leading-edge technologies. We strive to hire and maintain professional staff, allowing Booz Allen to be a premier provider of quality services to our customers. We have served civilian, military, and intelligence agencies, state and local governments, and commercial concerns in projects covering a wide range of energy management needs. These services are described in more detail in the following sections.

**Well-Defined Management Practices**—Booz Allen has spent years refining our management practices with the goal of developing a quality product that meets or exceeds client expectations, delivered on time and within budget. Our efforts have not gone without reward: a majority of our business is follow-on tasks for existing clients, proving that Booz Allen delivers what we promise and achieves superior customer satisfaction. Our management approach is to provide a single point of responsibility, the task manager, with the charter of delivering the final product. That is not to say that the manager works alone but rather that the manager has the full complement of Booz Allen resources available to assemble the right team to deliver the right results. Attention is paid to quality at Booz Allen, with defined standards and processes used throughout the firm.
Booz Allen’s MAS Service Offerings

Facilities – Facilities Services

541690E  **Energy Consulting Services** - Contractors shall provide expert advice, assistance, guidance or counseling on energy related projects or initiatives to assist agencies in adhering to energy legislation and policy such as EPACT 2005, Executive Orders 13423 and 13514.

Facilities – Facilities Maintenance and Repair

561210FAC  **Complete Facilities Maintenance and Management** - This category covers services related to the complete operations, maintenance and repair of federal facilities and may include the supply or use of environmentally sustainable products such as U.S. Environmental Protection Agency-designated Comprehensive Procurement Guidelines (recycled content) products, U.S. Department of Agriculture-designated Bio-Preferred (bio-based) products, Energy Star certified or other energy efficient products, and Water-Sense or other water efficient products. The following facilities maintenance services can be ordered as stand-alone or in multiple combinations.

Professional Services – Technical and Engineering Services

541690  **Integrated Logistics Support** - Services include providing advice and assistance to businesses and other organizations on scientific and technical issues (except environmental).

Typical associated tasks include, but are not limited to ergonomic/human performance analysis, feasibility analysis, logistics planning, requirements determination, policy standards/procedures development, conducting research studies, long-term reliability and maintainability, training, consulting, conduct acceptance, functional and post acceptance testing, testing, integration of the payload for flight Customer Agency, support provided during launch, orbital maneuvering and satellite separation from the spacecraft.

An implementation guide for Space launch Integration Services (SLIS) can be found at www.gsa.gov/psschedule - click on Professional Engineering Solutions.

NOTE: Services under this NAICS cannot include architect-engineer services as defined in the Brooks Act and FAR Part 2 or construction services as defined in the Federal Acquisition Regulation Part 36 and Part 2.

</tbody>
</table>
Government site labor rates are provided based upon the assumption that the Government provides suitable office facilities and related equipment (e.g., telephone, copier, parking, furniture, desktop computer, and other standard equipment and office supplies) for a period of no less than ninety (90) continuous calendar days at a Government site. Booz Allen’s Government site labor rates are offered as long as these, or similar facilities are provided on a continuing basis throughout the task period. Use of the government site labor rates requires sufficient tasking to perform assignments on a full-time basis at these work sites. If this assumption is not met, then contractor site rates apply.
Labor Category Descriptions

1. Program Manager Level I

Education: B.A. or B.S. degree

General Experience: Twelve years’ experience in business, including 8 years of increasing responsibility in assignment supervision and management.

Duties: Performs day-to-day management of overall contract support operations, possibly involving multiple project and groups of personnel at multiple locations. Organizes, directs, and coordinates the planning and production of all contract support activities. Demonstrates written and oral communications skills. Has authority and responsibility to identify and commit resources required to support effort. Establishes and alters (as necessary) corporate management structure to direct effective contract support activities. Crafts and enforces quality control program.

2. Program Manager Level II

Education: B.A. or B.S. degree

General Experience: Eight years’ experience in business, including 6 years of increasing responsibility in assignment supervision and management.

Duties: Performs day-to-day management of overall contract support operations, possibly involving multiple project and groups of personnel at multiple locations. Organizes, directs, and coordinates the planning and production of all contract support activities. Demonstrates written and oral communications skills. General Experience: Up to 5 years’ experience in technical support or studies.

Duties: Assist in performing research or implementation tasks overseen by more senior members of the staff. Collect data, install equipment, and conduct surveys. Contribute to client reports as directed. Provide administrative support to the consulting staff.

SCA Eligible Contract Labor Category
Admin/Clerical Level I
Technical Assistant
Degree and Experience Equivalency

The labor category definitions in our Pricelist describe the functional responsibilities and education and experience requirements for each labor category. These requirements are a guide to the types of experience and educational background of typical personnel in each labor category.

Education and experience may be substituted for each other. Each year of relevant experience may be substituted for one year of education, and vice versa. In addition, certifications, professional licenses, and vocational technical training may be substituted for experience or education with the written approval of the ordering activity.

* Successful completion of each year of higher education that has not yet resulted in a degree may be counted 1-for-1 for a year of experience.

Further, both parties recognize that, on occasion, there may be a need to waive the requirements in order to use the best individual for the task. Therefore, waivers to the education/experience requirements may be granted by either the task order contracting officer or contracting officer technical representative. If such a waiver is included in our proposal, award of said proposal shall be deemed a grant of the waiver.
