As much as possible, GSA multiple award schedule contracts include only those clauses required, either to implement provisions of law or executive orders applicable to the acquisition of commercial items or determined to be consistent with customary commercial practice. For a list of clauses and terms and conditions included in the Language contract, contact the Veritiss GSA Schedule points of contact.

Orders Exceed the Maximum Order Threshold

All GSA MAS contracts contain a price point called a maximum order threshold. This threshold is not a ceiling on an order size; rather, it is a point where the Contractor must honor any order exceeding that amount unless that order (or orders) is returned to the ordering office within 7 days after issuance.

Blanket Purchase Agreements

Ordering activities may establish blanket purchase agreements under any GSA schedule contract. A GSA schedule blanket purchase agreement simplifies the filling of recurring needs for supplies or services, while leveraging a customer’s buying power by taking
advantage of quantity discounts, thus saving administrative time and reducing paperwork. Blanket purchase agreements are established in accordance with the procedures in Federal Acquisition Regulation Part 8.405-3.

**Contractor Team Arrangements**

Contractor Team Arrangements are encouraged under the Federal Supply Schedules Program Contractor Team Arrangements (CTA) allows both Veritiss and its teaming partner to act as the MAS contractors to provide the customer with a "total solution" by combining complementary capabilities, while at the same time retaining the ability to focus on your own core areas of expertise

- Expand and enhance visibility
- Share risks and rewards
- Expand the number of opportunities
- Plan ahead and identify other MAS contractors as possible teaming partners

For additional information, please contact the Veritiss GSA PROFESSIONAL SERVICES Schedule Points of Contact.

**Subcontracting to Small Business**

Veritiss, LLC is a woman-owned, service disabled veteran, other than small business with 8(a) status. As such, Veritiss tries to mentor and develop small businesses as part of our team and may flow work down to a small business subcontractor.

**Service Contract Act**

The Service Contract Act (SCA) is applicable to this contract as it applies to the entire 00CORP: Professional Services Schedule and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and/or when the Contractor adds SCA labor categories/employees to the contract through the modification process, the Contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable WO number. Failure to do so may result in cancellation of the contract.
