Ambient Engineering, Inc.

Services for the Federal Government - GSA Contract No: GS-10F-0354S

GSA Contract Manager

Ted Pickering, P.E., MBA, CPSS
Director of Regulatory Compliance

Our program manager for GSA contract services has managed a wide variety of Government contracts for over 10 years.

At Ambient, we design solutions.

It is always Ambient's goal to solve a problem, not merely to study it. We collect data for the purpose of defining the problem, then we use it to characterize risk or determine regulatory compliance needs.

Ambient provides services in the following technical areas:

- ◆ Hazardous Waste Management and Waste Site Cleanup
- ◆ Regulatory Compliance: Planning, Reporting, Auditing
- ◆ Stormwater Management and Stormwater Treatment
- ◆ Environmental Site Planning and Permitting
- ◆ Environmental, Health, and Safety Training
- ◆ Marine and Coastal Dredging
- ◆ Pond and Lake Diagnostic Studies and Restoration
- ◆ Professional Engineering Project Management and Direction
- ◆ Treatment System Design and Operation
- ◆ Brownfields Planning and Consultation

Incorporated in 1994, **Ambient Engineering, Inc.** (Ambient) is an environmental engineering and consulting firm offering services and solutions to the Federal Government for needs related to hazardous waste management; regulatory compliance; site civil design engineering; and other environmental, health and safety services.

As of July 2006, Ambient has been awarded a renewable five-year GSA contract to provide Environmental Services under Schedule 899.

We are a registered **Small Business** with the Small Business Administration (SBA), Central Contractor Registration (CCR), and Online Representations and Certifications Application (ORCA).

Ambient's expert team of fourteen professionals has more than 150 years accumulated experience; much of it gained at larger, established old-line engineering and environmental firms.

Ambient delivers superior service. Our large firm experience benefits clients with the responsiveness and cost efficiency only possible in a small company, without sacrificing quality.

Schedule 899 Special Item Numbers (SINs):

- ◆ **899-1: Environmental Planning Services and Documentation**
- ◆ **899-2: Environmental Compliance Services**
- ◆ **899-3: Environmental Occupational Training Services**
- ◆ **899-4: Waste Management Services**
- ◆ **899-6: Remote Advisory Services**
- ◆ **899-8: Remediation Services**
