MULTIPLE AWARD SERVICES (MAS) - SIN 541611

HCG provides operating advice and assistance on administrative and management issues. Examples include: strategic and organizational planning, business process improvement, acquisition and grants management support, facilitation, surveys, assessment and improvement of financial management systems, financial reporting and analysis, due diligence in validating an agency’s portfolio of assets and related support services, strategic financial planning, financial policy formulation and development, special cost studies, actuarial services, economic and regulatory analysis, benchmarking and program metrics, and business program and project management.

Inherently Governmental services as identified in FAR 7.503 or by the ordering agency are prohibited. It is the responsibility of the Contracting Officer placing the order to make this determination. Ordering activities must require prospective contractors to identify potential conflicts of interest and address those, prior to task order award.

Personal services as defined in FAR 37.104 are prohibited.
TEAMING, SUBCONTRACTING, AND BLANKET PURCHASE AGREEMENTS

TEAMING ARRANGEMENTS
HCG utilizes Teaming Arrangements to perform delivery/task orders when partnering arrangements are appropriate.

SUBCONTRACTING
HCG is committed to providing opportunity to small, small disadvantaged and women-owned businesses to participate in the performance of the MOBIS contract.

BLANKET PURCHASE AGREEMENTS
The use of Blanket Purchase Agreements (BPAs) under the Federal Supply Schedule Program is authorized in accordance with Federal Acquisition Regulation (FAR) 13.203-1(f). Agency-wide BPAs result in even greater price advantages and further reduce administrative burdens by providing a single ordering vehicle to all offices and operating units within an organization. HCG agrees to enter into BPAs with ordering activities provided that only items covered by the contract are ordered under such arrangements.
OTHER TERMS AND CONDITIONS

1. Order

Agencies may use written orders, credit card orders, blanket purchase orders, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Orders shall not extend beyond the end of the contract period.

2. Invoices and Payment

HCG shall submit invoices for MAS services as soon as possible after completion of the work. For Task Orders performed on a Firm-Fixed-Price basis, invoices shall be submitted in accordance with agreed upon schedule—normally in equal monthly installments. Payment under blanket purchase orders may be made quarterly or monthly, except where cash payment procedures are used. Invoices shall be submitted separately to each Government office ordering services under the contract.

3. Statement of Work (SOW) Requirement

All work performed under this agreement shall be authorized through the issuance of a Statement of Work (SOW) and delivery/task order. Before issuance of a delivery/task order, the ordering activity may issue a Request for Proposal (RFP) or Request for Quote (RFQ) to HCG. HCG shall respond to each RFP or RFQ as appropriate with a price, general approach, and delivery schedule. The ordering activity and HCG shall then negotiate in good faith on a delivery/task order-by-delivery/task order basis, the type of order (i.e., Firm Fixed Price or Time and Material) and the specific SOW. The delivery/task order will address the price or price estimate and other direct costs, payment terms, as well as additional terms or conditions specific to that order. The SOW is an integral part of the delivery/task order and will specify the products and/or services to be delivered, the schedule, and applicable milestones.

a. Mutual Agreement – Written agreement between both parties to the work that is to be performed and deliverables that may be required.
b. Scope of Work - Statement of the parameters and what is to be accomplished.
c. Period of Performance – Specified time in which the services will be performed.
d. Deliverables - End products that the Ordering Agency may require upon the completion or during the period of performance. Deliverables include, but are not limited to, reports, studies, and design documents, and will be specified in the delivery/task order. The delivery schedule will be subject to mutual agreement.
e. Acceptance Period - Agreed upon timeframe in which services are evaluated as to conformance with the requirements.
f. Other delivery/task-relevant provisions will be determined by the Ordering Agency and the contractor subject to mutual agreement.

4. Billable Hours

HCG staff record all hours worked and allocate these hours to their correct cost objectives, whether direct or indirect. HCG typically bills for all hours worked, including travel time if the employee is traveling in support of a contract normal business hours.
5. Other Direct Costs

In accordance with HCG’s accounting practices, any item used in direct support of a contract may be charged as a direct cost. Typical ODCs include, but are not limited to long distance telephone, printing, hardware, software, miscellaneous supplies, and local and long-distance travel. Travel required in the performance of MOBIS services under this contract will be reimbursed by the Ordering Agency. Travel will be in accordance with the Federal Travel Regulation or Joint Travel Regulations, as applicable. Established Federal Government per diem rates will apply to contractor travel.

Subcontractors and materials, such as hardware and software, may be defined as either direct materials or other direct costs and burdened accordingly. Since these costs cannot be accurately forecast at this time, HCG has not included any ODCs in this offer but would expect to direct charge these items directly, in accordance with standard billing practices, in any future work order issued. HCG will provide a detailed description of all proposed ODCs and direct materials in response to each delivery/task order.

We anticipate that the labor category rates included in the MOBIS Schedule Pricelist will apply to the work performed within the geographical scope of this contract. However, we recognize that work may be required that may result in markedly different costs than are normally incurred. HCG would expect, in conjunction with the customer, to examine these costs and negotiate appropriate pricing arrangements on a case-by-case basis.

6. Security Clearance Requirements

Security clearances, when required on individual task orders, will be obtained at the contractor’s expense.

7. Liability Limitations

HCG will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items except as otherwise provided by an express or implied warranty.
