Outclass with eClass – Principles of Professionalism
Online Learning

Students will capitalize on the most convenient, cost-effective way to sharpen their professional image. The Protocol School of Washington has applied the latest scientific principles of Web-based learning to our curriculum, ensuring meaningful practice activities and the proper amount of learner guidance and interaction. A list of classes is provided below.

Lesson 1 - Make a Good Impression with the Right Business Attire
Everyone is looking at you. Will it be for the right reasons, or the wrong ones? Professional business attire can yield an instant edge over the competition. State the importance of a good first impression | List the elements of a well-dressed professional | Identify basic pieces of a professional wardrobe | Learn the importance of selecting best colors, shapes, fits & proportions.

Lesson 2 - Making an Entrance and Mingling with Confidence
Students will learn how to navigate the accepted channels of small talk, while sharing professional business attributes and avoiding topic faux pas. Describe the elements and value of an effective entrance | List 3 purposes for making “small talk” | List 6 tips for improving one’s mingling proficiency | State & describe appropriate handshaking.

Lesson 3 - Project Professionalism Through Body Language
Eye contact and posture project professionalism if used appropriately. While these nuanced indicators may not show up on standardized tests, they introduce you to everyone you meet before you have had the chance to say word one. Make your first impression a positive one! Learn why eye contact is important | State the appropriate amount of eye contact time | Describe poor posture & the power of good posture | State differences in personal space

Lesson 4 - Electronic Communications
Technology has changed the world, and it has changed the rules as well. You’ll learn how to use electronic communication devices effectively and not be seen as rude and annoying to potential clients and business associates. State components of a voice message & greeting | Identify time when it is inappropriate to use a cell phone | List the rules for sending effective e-mail messages

**Service Contract Act:** The Service Contract Act (SCA) is applicable to this contract as it applies to the entire PSS Schedule and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and/or when the contractor adds SCA labor categories/employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
